APP. ORD. 89-3  
1990 CIVIL CITY  
BUDGET

White proposed an amendment to the Capital and Equipment budget to reduce #431, Building Improvements by \$49,000 and the General Fund Capital and Equipment budget add to #451 out of capital outlay \$30,000. The amendment was seconded. The building improvements line calls for \$30,000 to replace the City Hall roof, remodeling Controllers Office, \$25,000 and carpet for Redevelopment, \$4,000, as well as \$10,000 for general maintenance, bringing the total to \$69,000. This amendment reduces that line by \$49,000 and leaves \$20,000 in #431. Kiesling, Fernandez and White hoped that building maintenance could be done with the \$10,000 as the administration suggested, leaving an additional \$10,000 in an emergency fund in the interim before an anticipated move to new quarters. We should do all we can do to conserve funds. He said he appreciated the administration amendment to appropriate \$30,000 to sidewalks and curbs. Kiesling said she appreciated meeting with the Mayor and the efforts to build a consensus for this budgetary change.

Mayor Allison agreed with the Council requests and said that it was agreed that monies would not be spent unless absolutely necessary and funds should be channeled to areas that people in the community feel strongly about.

Regester complimented the administration on the street and sidewalk program.

Gardner asked about an estimate on the roof replacement. Patterson said that roof really needs to be replaced and \$30,000 was already a conservative estimate. Repairs can probably be kept to a minimum.

The amendment received a roll call vote of Ayes:9,  
Nays:0.

The ordinance, as amended, received a roll call vote of Ayes:7, Nays:2 (Kiesling, Hogan).
