Report to Council

From City Building & Property Committee

This committee has studied and investigated a petition submitted to the Council November 20, 1962 by Attorney Len Bunger on behalf of interested persons whose properties adjoin the following named streets and alleys; Driscoll Drive, Wilson Drive and all east-west alleys lying between Grimes Lane and Hillside Drive.

The petition requests that the city not oppose suit to close said streets and alleys from Madison Street east for a distance of 132 feet.

This committee believes the closing of said alleys and streets will benefit and protect the interests of said property holders and will in no way be detrimental to the interests of the general public, providing all utility easements are retained. Therefore we recommend that the Common Council advise the City Attorney not to oppose suit for vacating said streets and alleys.

Further study of this area by this committee would recommend the City oppose any attempt to close any portion of Hillside Drive.
