JACK HOPKINS FUNDING – PAST & PRESENT

In 2023 the Committee has **\$323,000** in budgeted funds to distribute. The following reflects the growth of the fund since its inception.

NOTE: The increase of funding in 2020 & 2021 was due to the COVID-19 Recover Forward initiative.

ABOUT JACK HOPKINS FUNDS

- Unused funds from previous years may be available upon additional appropriation. The final amount will not be known until final claims are received, due on 24 March 2023.
- A non-reverting Jack Hopkins Fund was created in 2017 and allows for any unused program funds to be available for future allocation by the Jack Hopkins Committee rather than reverting to the City's General Fund at the end of the year.
- While this is a non-reverting fund, any unused money must still be appropriated from the Jack Hopkins Fund. As with any appropriation ordinance, state law requires that the City executive propose the appropriation.

ASSESSING THE 2022 PROGRAM

The Hopkins program is assessed at the end of each funding cycle through three vehicles: a Committee debriefing meeting; an applicant survey; and self-reports submitted to the City's HAND department upon the submission of an agency's final claim.

- In 2022 the Committee distributed \$338,965.54 among 28 agency programs.
- Survey responses for 2022 are detailed in the Survey Report contained in this packet.
- The current status of 2022 grants are included in the HAND Report from Cody Toothman. The final status of grants and self-reports may be compiled by HAND and provided after the final claims deadline.

NOTES AND ISSUES TO ADDRESS FOR 2023

The Committee held its debriefing meeting on May 26, 2022 and had no recommended changes for the 2023 funding cycle. However, members expressed interest in a few topics to consider this year:

- Operational Funding Requests – Since 2016, the Committee has recognized that the local, state, and national economic climate has made it difficult for agencies to secure operational funding. Because operational funding is crucial to a non-profit's continued provision of essential services, the Committee accepted funding requests for operational expenses from agencies on a year-to-year basis. At the end of the 2021 funding cycle, the Committee voted unanimously to change the Elaboration of Criteria to accept operational requests on a permanent basis. Unless the Committee decides otherwise, the 2023 Elaboration of Criteria will reflect this approach.
- Prioritization of Request – A suggestion was made at the debriefing meeting to state that the Committee would prioritize requests for programs/projects that entail one-time investments over requests for operational funding. If the Committee wishes to communicate such a preference, a sentence reflecting this approach could be added to the Elaboration of Criteria.

NEXT STEPS

- Solicitation – Council staff will notify agencies of the start of the 2023 grant cycle by emailing community organizations, issuing a press release, posting to the Jack Hopkins website and submitting the information to the United Way’s Non-Profit Alliance newsletter.
- Technical Assistance for Applicants – Council staff will hold a meeting in March to review the grant process and answer any agency questions.
- Initial Application Review Meeting - The Committee meets to review and discuss all applications, raise questions for agencies to answer, disclose conflicts of interest, and eliminate some applications from further consideration.
- Agency Presentations – Competitive agencies will be invited to present their proposal and answer any questions that the Committee might have.
- Pre-allocation Meeting – Committee members submit a recommended allocation amount and comments for each proposal before the meeting which will then be discussed.
- Allocation Hearing – Formal allocation recommendations are made and the public is invited to comment.

Subject: Social Services Funding

Most of us have discussed the question of social services funding, either in the Social Services Committee (which has met twice) or individually. I would like to summarize the discussions of the committee so far, in order that we may act soon to take final action on the matter.

The committee reached a consensus on the following criteria to be used for choosing appropriate programs for funding in the 1993 budget year:

1. The focus should be on previously identified priority areas.
2. Programs or projects should be such that a one-time investment will make a substantial difference.
3. Priority should be given to projects or programs where investments now will have a positive long-term spillover effect (such as reduced susceptibility to other diseases, decreased absences from school, reducing lost time for sick child care, etc.)
4. Capital should be leveraged wherever possible by watching from other sources.

The Social Services committee concluded that the Community Health Program meets all these criteria. Appropriation of the available 1993 social services funds for the Public Health Nursing Association would enable the PHNA to carry out a drive for complete immunization of all children in Bloomington and Monroe County and enable the consolidation of three separate locations into one building, which would save substantial funds in the process. The possibility of leveraging the investment through Community Foundation's Lilly Endowment grant is being pursued. In addition, a substantial additional appropriation from Monroe County makes the Bloomington investment particularly timely and effective.

I would appreciate your comments before any final action is taken to introduce an appropriation ordinance for this purpose.

2022 Jack Hopkins Agency Survey

Your agency sought funds for:

6 responses

According to current guidelines, an agency application will be evaluated under the following criteria - whether the request: 1) addresses a previously-identified priority for social services, 2) functions as a one-time investment (though operational funding requests will also be considered), 3) leverages matching funds or other co-funding mechanisms, and 4) makes a broad and long lasting contribution to the community. Did these criteria adequately explain which programs or projects your organization could seek funding for in 2022?

6 responses

Responses from 1 (Strongly disagree) to 5 (Strongly Agree)

Feel free to explain your answer here:

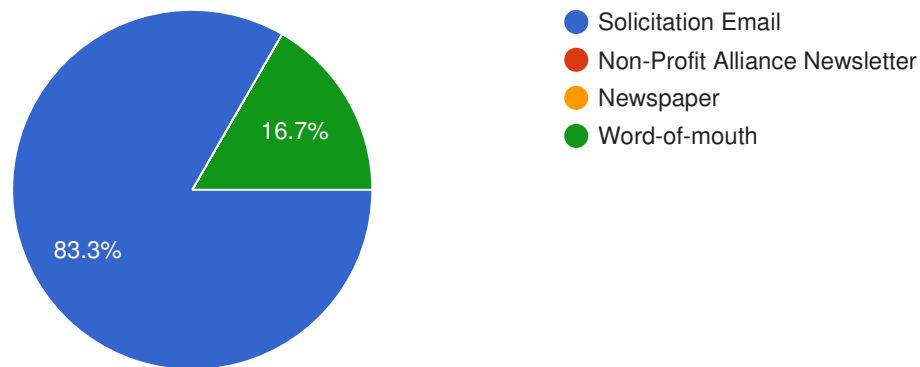

1 response

The Jack Hopkins grant process is well thought out with clear guidelines. Bravo

How did you learn about the Jack Hopkins Social Services Fund?

6 responses

The Committee strives to make the application process as simple and convenient as possible. What did you think about the application process? How might we improve it?

4 responses

Application process was straightforward.

It's good as it is.

The only thing I would ask is that there be two Technical sessions in case we can't make it to one of them

The application is lengthy and requires a lot of attachments. The time it takes to apply is a barrier.

Did your agency attend the Technical Assistance for Applicants meeting?

6 responses

If you attended the Technical Assistance for Applicants meeting, what were the most helpful aspects of the meeting? What would you like to see addressed in the future?

2 responses

It was direct and short - which was helpful.

I didn't attend the technical sessions but in the survey you can't answer the question coming after this one. It must be a glitch on the forms or something. As I stated above having two technical sessions would solve those problems

If you did not attend the Technical Assistance for Applicants meeting, is there a change to the meeting -- including, but not limited to, matters such as time, place, or content -- that might encourage you to attend next year? Any feedback is appreciated.

During Agency Presentations, the Committee treated agencies in a fair and equitable manner.

6 responses

How can the allocation process be more effective in meeting community needs?

1 response

More readily fund salary

Did your agency receive funding in 2022?

6 responses

If your agency did receive funding, was it full or partial funding?

6 responses

The JHSSF Committee prefers to fund organizations that leverage funds/pursue co-funding opportunities. (See criteria.) Will the receipt of Jack Hopkins funding allow you to leverage additional funds from another source(s)?

6 responses

(Please explain)

2 responses

The funding should help us meet Match requirements from another grant.

While nothing is set in stone we have been successful with getting matching funds for Jack Hopkins grants to develop our organization. We have used this as an example for other grant writing so in that way it might help us leverage other funds

For several years, the Committee has accepted as many as two applications from agencies. The purpose is to allow agencies to be part of an application for a collaborative project as well as to submit their own application. Collaborative projects promote innovation and efficient uses of funds within the community. Please tell us what you think about the collaborative project initiative.

3 responses

Sounds great, but currently do not have a need for that.

It's a good idea.

I love the idea

In your opinion, is it better to:

The Hopkins process begins with a call for applications in March and final approval of grants in June. Agencies typically have from mid-June to December of the grant year to seek reimbursement. Does this time frame serve your agency's needs?

RESOLUTION 22-12

AUTHORIZING THE ALLOCATION OF THE JACK HOPKINS SOCIAL SERVICES PROGRAM FUNDS FOR THE YEAR 2022 AND RELATED MATTERS

- WHEREAS, the Common Council established the Social Services Funding Committee (Committee) in 1993 to make recommendations to the entire Common Council and Mayor regarding the allocation of discretionary social services funds and, in 2002, named the program in the honor of Jack Hopkins, who was instrumental as a Council member in the establishment of this funding program; and
- WHEREAS, pursuant to Resolution 02-16, as amended by Resolution 13-07, Resolution 16-06, Resolution 20-09, and Resolution 21-01, the Committee serves as a standing committee of the Council with four members from the Council assigned by the President of the Council and with three City residents (appointed by the Committee Chair) with experience in social services; and
- WHEREAS, this year the Committee includes Council members Susan Sandberg (Chair), Ron Smith, Sue Sgambelluri, and Jim Sims along with City residents Tim Mayer, Mark Fraley, and Lauren McCalister; and
- WHEREAS, this year, the Committee has \$317,000 in budgeted funds to distribute; and
- WHEREAS, an additional \$21, 965.54 is available through past unused monies in the Jack Hopkins non-reverting fund and the Administration has indicated that it will propose an appropriation ordinance for the same; and
- WHEREAS, the Committee held an Organizational Meeting on March 1, 2022 to establish the program procedures for the year; and
- WHEREAS, at that time, the Committee affirmed its policies that set forth and elaborated upon the following criteria for making recommendations:
1. The program should address a previously identified priority for social services funds (as indicated in the *Service Community Assessment of Needs* (SCAN), the City of Bloomington Housing and Neighborhood Development Department's *Consolidated Plan*, or any other community-wide survey of social service needs); and

Jack Hopkins Social Services Funding Program

Elaboration of Criteria for Evaluating and Awarding Grants

In 1993 Jack Hopkins wrote a letter outlining a set of criteria for the use of these social services funds. Those criteria have since served as the basis for allocating the funds. The following is an elaboration of those criteria. These interpretations have been approved by the Jack Hopkins Social Services Committee.

Program Focus

The program should address a previously-identified priority for social services funds (as indicated in the Service Community Assessment of Needs (SCAN), the City of Bloomington Housing and Neighborhood Development Department's 2020-2024 Consolidated Plan, or any other community-wide survey of social service needs.)

This investment in the program should lead to broad and long lasting benefits to the community. Again, in the words of Jack Hopkins, "priority should be given to projects or programs where investments now will have a positive, long-term spillover effect (such as reduced susceptibility to ...diseases, decreased absences from school, reducing lost time (from work) ..., etc.)

Priorities

The Common Council prioritizes programs that provide food, housing, healthcare, or other services to city residents who are of low or moderate income, under 18-years of age, elderly, affected with a disability, or otherwise disadvantaged.

- I. City Residency - Programs must primarily serve City residents. Individual programs have occasionally been located outside of the City but, in that case, funds have never been used for capital projects (e.g. construction, renovation, or improvement of buildings).
- II. Low Income - Programs primarily serving low-income populations are given a high priority.
- III. Emergency Services – Programs primarily providing emergency services (e.g. food, housing, and medical services) are given a high priority.

Scope of Funding

The Jack Hopkins Social Services Funding Program seeks to encourage innovation and address changing community needs. Further, the Jack Hopkins Social Services Funding Program recognizes that in the current economic climate, operational funding essential to a non-profit's continued provision of services is difficult to come by. The Jack Hopkins Social Services Funding Program will consider requests for both one-time investments and operational expenses.

One-Time Investment

Applications requesting funds for projects that address changing circumstances in the community are encouraged. Requests should provide a one-time investment that, through matching funds or other fiscal leveraging, make a significant contribution to the project. EXAMPLE – capital improvement.

Operational Expenses

Applications requesting operational expenses will also be considered. These expenses are recurring rather than non-recurring. EXAMPLES - personnel, rent, utilities, maintenance, supplies, client services, and other ongoing budget items.

Paid Time Off and Bonuses

Paid time off and bonuses shall not be considered eligible for Jack Hopkins Social Services Funding.

Agencies seeking funding for operational expenses should be aware that future funding may be unavailable or inadequate to cover their needs and therefore they should not rely solely on Jack Hopkins Social Services Funding for their operational expenses. Any request for operational funding should be accompanied by a well-developed plan for future funding.

Fiscal Leveraging

In the words of Jack Hopkins, who originally proposed these criteria, investments “should be leveraged wherever possible by matching funds from other sources.” Agencies may demonstrate such leveraging by using matching funds, working in partnership with other agencies, or through other means.

Applications from City Agencies and Other Property Tax Based Entities

Over the years the Council has not funded applications submitted by city departments. This is based on the theory that the departments have other, more appropriate avenues for requesting funds and should not compete against other agencies, which do not have the benefit of city resources at their disposal. Except on rare occasions, the Council has not directly or indirectly funded agencies that have the power to levy property taxes or whose primary revenues derive from property taxes.

Expenses Incurred Prior to the Allocation of Jack Hopkins Funds

Expenses incurred prior to the allocation of Jack Hopkins Funds (mid-June) will not be considered.

Collaborative Projects

The Committee encourages social service agencies to collaborate in order to solve common problems and better address local social service needs. To serve these ends, the Committee will allow agencies to submit an application for funding as a Collaborative Project in addition to submitting a standard application.

Collaborative Project Applicants

Applicants pursuing such funding should:

- I. Declare that they are seeking funds as a Collaborative Project and describe the project
- II. Describe each agency's mission, operations, and services, and how they do or will complement one another
- III. Describe the existing relationships between the agencies and how the level of communication and coordination will change as a result of the project
- IV. Identify challenges to the collaboration and set forth steps that address the greatest challenges to its success
- V. Address the following standard criteria and explain how the collaborative project will:
 - Serve a previously-recognized community need
 - Achieve fiscal leveraging or efficiencies
 - Provide a broad and long lasting benefits to the community
- VI. Complete a Memorandum of Understanding signed by authorized representatives of collaborating agencies and detailing the allocation of duties between them

Other Policies

Agency Acting as Fiscal Agent Must have 501(c) (3) Status

The agency that acts as the fiscal agent for the grant must be incorporated as a 501(c)(3) corporation. This policy is intended to assure that grant funds go to organizations:

- I. With boards who are legally accountable for implementing the funding agreements
- II. With the capability of raising matching funds which is an indicator of the long-term viability of the agency.

Given its mission, the presence of a board, and its general viability, an exception has historically been made for the Bloomington Housing Authority.

Funding of Events and Celebrations Discouraged

Historically the Council has not funded applications that promote or implement events or celebrations. This policy is based upon the conclusion that these occasions do not engender the broad and long-lasting effects required above.

One Application per Agency – Exception for Collaborative Projects

Except as noted below, each agency is limited to one application. This policy is intended to:

- I. Spread funds among more agencies
- II. Assure the suitability and quality of applications by having the agency focus and risk their efforts on one application at a time
- III. Lower the administrative burden by reducing the number of applications of marginal value.

As noted above, an exception to this rule applies to agencies that submit an application as a Collaborative Project. Those agencies may also submit one other application that addresses the standard criteria.

Improvements to Real Property not Owned by the Applicant Agency is Discouraged

Applicants are advised that the Committee typically does not grant funds to agencies for capital improvements to real property not owned by the agency. Applications for construction, renovation, or improvements to a building not owned by the applicant agency will be given a low priority.

\$1,000 Minimum Dollar Amount for Request

This is a competitive funding program involving many hours on the part of staff and the committee members deliberating upon and monitoring proposals. The \$1,000 minimum amount was chosen as a good balance between the work expended and the benefits gained from awarding these small grants.

Funding Agreement – Reimbursement of Funds

Agencies that are granted funds will be expected to enter into a funding agreement with the City of Bloomington. The Housing and Neighborhood Development (HAND) Department has been monitoring funding agreements since 2001. In order to be consistent with the practices it employs in monitoring CDBG and other funding programs, the funding agreements provide for a reimbursement of funds. Rather than receiving the funds before performing the work, agencies either perform the work and seek reimbursement, or enter into the obligation and submit a request for the city to pay for it.

Expenditure Before the End of the Year

In order to avoid having the City unnecessarily encumber funds, agencies should plan to expend and verify these grants before December of the year the grant is awarded, unless specifically approved in the funding agreement or granted an extension by the Director of HAND. Please note that funds encumbered from one calendar year to the next cannot be reimbursed by use of the City's credit cards.

Proportionality of Funding Request Relative to Clients Served

In making funding decisions, the Committee may consider the amount of funding requested relative to the number of clients that would be served by a given project.

City of Bloomington Common Council

Jack Hopkins Social Services Funding Committee

March 3, 2023

Dear Social Services Agency:

The City of Bloomington Common Council's Jack Hopkins Social Services Committee invites social services agencies serving the needs of City of Bloomington residents to apply for 2023 grant funding. This year, the Committee has \$323,000 (plus possible reverted funds) to distribute. Each year, the Mayor and City Council have allocated funding for the Jack Hopkins initiative. In fact, since 1993, the Jack Hopkins Committee has granted approximately \$5.8 million to social service agencies who serve our community's most vulnerable residents.

As funding for the Jack Hopkins program has increased over the years, so too has our responsibility to be good stewards of this fund – a fund enabled by City of Bloomington taxpayer dollars. As stewards of these dollars, we strive to fund projects that have the potential for lasting change -- projects that will improve the human condition of Bloomington residents in the long run. Please be advised that, depending on the strength of the applicant pool, the Committee may not distribute all of its available funding.

Changes in 2023

The Jack Hopkins Committee has implemented a few notable changes for 2023. [changes below were made in 2022 but are listed here for reference]

1) Operational Funding Requests

In recognition of the growing need for operational funds, the Jack Hopkins Committee has elected to begin accepting requests for operational funding. Any request for operational funds should be accompanied by a well-developed plan for future funding.

2) Limitation Added for Use of Funds

Jack Hopkins Social Services Funds that are awarded for personnel expenses can no longer be used toward paid time off and bonuses.

3) New Budget Worksheet

Agencies will be required to submit a budget for their funding request on the budget template, which is included with the Application materials.

4) Limitation added to Claims Submission Dates

Claims will only be considered for expenses incurred after the date that the Common Council allocates the Jack Hopkins funds (in mid-June).

Proposal Must Meet the Following Criteria:

1) Address a Previously-Identified Priority for Social Services Funding.

The need should be documented in the [Service Community Assessment of Needs \(SCAN\)](#), City of Bloomington, Housing and Neighborhood Development Department's [Consolidated Plan](#) or any other community-wide survey of social service needs. High funding priorities include emergency services (food, shelter or healthcare) or other support services to City residents who are: low-moderate income, under 18-years old, elderly, affected with a disability, or are otherwise disadvantaged.

2) Scope of Funding

- a. One-Time Investment. - One Time Investment – Applications requesting funds for projects that address changing circumstances in the community are encouraged. Requests should provide a one-time investment that, through matching funds or other fiscal leveraging, make a significant contribution to the project.
- b. Operational Expenses - Applications requesting operational expenses will also be considered. These expenses are recurring rather than non-recurring and examples typically include outlays for personnel, rent, utilities, maintenance, supplies, client services, and other ongoing budget items. It is worth noting that paid time off and bonuses are not eligible for Jack Hopkins Social Services Funding.

3) Leverage Matching Funds or Other Fiscal Mechanisms.

Other fiscal mechanisms might include things like number of volunteers or volunteer hours devoted to the proposed project, working in partnership with another agency, and/or other in-kind donations.

4) Make a Broad and Long-Lasting Contribution To Our Community.

As articulated by Jack Hopkins, the co-founder of this program: “[P]riority should be given to projects or programs where investments now will have a positive, long-term spillover effect (such as reduced susceptibility to...diseases, decreased absences from school, reducing lost time from work, [alleviating the effects of poverty]...etc.)” Historically, this criterion has excluded funding for events or celebrations.

5) Expenses Incurred Prior to the Allocation of Jack Hopkins Funds.

Expenses incurred prior the allocation of Jack Hopkins Funds (mid-June) will not be considered.

Collaborative Projects – Two Applications Allowed

The Committee continues to accept applications for collaborative projects that address community-wide social problems and more efficiently meet the needs of social service agencies and agency clients. Note that if you are submitting a collaborative application, you may submit two applications – an individual application on behalf of your agency and another as part of your collaborative proposal. If submitting an application for a collaborative project, applicants must include a Memorandum of Understanding (MOU).

Elaboration of Criteria

Over time, the Committee has refined each criterion. A detailed explanation of criteria is provided in the Committee's *Elaboration of Criteria*, posted on the Committee's webpage [here](#). Agencies are strongly encouraged to review this document.

Other Requirements

In addition to satisfying the Jack Hopkins criteria, to be eligible for funding an application must meet the following requirements:

- Hopkins funds are intended to be put to work in the community as soon as possible. For that reason, agencies must submit final claims no later than December 8, 2022.
- The program for which funding is sought **must primarily benefit City residents**.
- The application must request a minimum of \$1,000.
- The applicant must be a 501(c)(3), or be sponsored by one. In the event the applicant is sponsored by a 501(c)(3), the sponsoring agency must provide a letter acknowledging its fiscal relationship to the applicant. All new applicants are required to submit 501(c)(3) documentation.
- One application per agency, unless participating in a collaborative project.
- Any agency receiving Jack Hopkins funds must participate in the federal [E-Verify](#) program.

Living Wage Requirements

Some not-for-profit agencies receiving Jack Hopkins Funds are subject to the City's Living Wage Ordinance, *Bloomington Municipal Code* §2.28. For 2023, the Living Wage is \$15.29 an hour, of which \$2.29 may be in form of health insurance to the covered employee.

An agency is subject to the Living Wage Ordinance, **only if all three** of the following are true:

1. The agency has at least 15 employees; and
2. The agency receives \$25,000 or more in assistance from the City in the same calendar year;
and
3. At least \$25,000 of the funds received are for the operation of a social services program, not for physical improvements.

An agency who meets all three criteria is not obligated to pay the full amount of the living wage in the first two years they received assistance from the City; instead they are subject to a phase-in requirement. Please visit the [City's Living Wage Ordinance page](#) to learn more.

How to Apply

To be eligible for consideration, your agency **must** submit the following. Applications that are missing any of the required information will be eliminated from further consideration.

- ✓ **COMPLETED APPLICATION FORM.** Electronic forms are available [here](#). (Return as a PDF)
- ✓ **PROJECT BUDGET DETAILING THE USE OF HOPKINS FUNDS** A budget template is available [here](#). (Please Note: this is a detailed accounting of how Jack Hopkins dollars would be spent on the project proposed in the application, not the budget for the organization)

NEED *(200 words or less)*

LONG-TERM BENEFITS (200 words or less)

How will your project have broad and long-lasting benefits for our community?

OUTCOME INDICATORS (100 words or less)

Describe the outcome indicators to be used to measure the success of your project.

The ultimate outcome of a project (e.g., reduced hunger, homelessness or addiction rates) are often not readily observable within the Jack Hopkins funding period. For that reason, we are asking agencies to provide us with outcome indicators. In contrast to program activities (what you bought or did with grant funds) and the long-term impacts of a program (the lasting social change effected by your initiative), the data we seek are the short-term, preferably quantitative indicators used to measure the change your program has created during the period of your funding agreement. *Example: an agency providing a service might cite to the number of persons with new or improved access to a service.*

OTHER COMMENTS *(500 words or less)*

Use this space to provide other information you think the Committee would find useful. Any additional comments should supplement, not restate, information provided in the foregoing.

Common Council Jack Hopkins Social Services Committee Accepting Applications for the 2023 Funding Cycle

Bloomington, IN – The City of Bloomington Common Council’s Jack Hopkins Social Services Committee invites social services agencies serving the needs of City of Bloomington residents to apply for 2023 grant funding. This year, the Committee has \$323,000 to distribute. Applications are available at the Committee’s webpage <https://bloomington.in.gov/council/jack-hopkins>. Applications are due by **Friday, 31 March 2023 no later than 4:00 pm**.

Named in honor of former Council member Jack Hopkins who helped establish the program in 1993, the program is dedicated to funding projects that improve the lives of the City’s most vulnerable residents. Vulnerable residents include those who are low-to-moderate income, under 18 years of age, elderly, people with a disability, or otherwise disadvantaged. Since the program’s inception, the City has allocated over \$5.8 million to local social service agencies.

The Committee is composed of four members of the Bloomington Common Council and three City residents with experience in social services. Council members serving are: Susan Sandberg (Chair), Kate Rosenbarger, Jim Sims, and Ron Smith. The citizen appointments are: Tim Mayer, Mark Fraley and Jami Scholl.

Committee Chair Susan Sandberg advises that “[t]he Committee thoroughly considers each application for probability of success and maximum impact so that tax dollars are spent efficiently and effectively.”

Criteria

In general, applications must meet the following criteria:

- The program should address a previously-identified priority for social services funds (as indicated in the *Service Community Assessments of Needs (SCAN) Report*, the City of Bloomington Housing and Neighborhood Development department’s 2020-2024 Consolidated Plan, or other community-wide survey of social service needs);
- The funds should provide a one-time investment that, through matching funds or other fiscal leveraging, makes a significant contribution to the program;
- This investment in the program should lead to broad and long-lasting benefits to the community.

Interested applicants should further consult the Committee's funding criteria as outlined on the Committee’s webpage: <http://bloomington.in.gov/jack-hopkins>.
