

## **BDU / Technology Infrastructure Advisory Committee**

Meeting Date: December 04, 2014, 4PM

Location: Bloomington City Hall McCloskey Room

Board Attendance: Dennis Cromwell, Mike Trotzke, Mark McMath, Michelle Cole

Staff Attendance: Rick Dietz

Rick Dietz reported on CoB activities:

- CTP Updates:
  - City has finalized decision on the engineering & landscape architect team for the 10th St/Alley/Landscaping project. The City has selected the Anderson+Bohlander team (included CMT Engineering, Pivot Marketing and Varos) for this project.
- Looking at possible project extending Open311 toolkit into Open211 which connections social services and NFP with potential clients.

Mark McMath

- Implementing major IU Health systems upgrade on 12/31/14. Unifying systems across organization.

Dennis Cromwell

- IU renewed Adobe Creative Cloud for faculty/staff/students. Will probably be looking at open source alternatives more intently for next cycle.
- Planning I-Light fiber relocation for I69 and acting on 2020 Strategic Plan.

Topical discussion of software development methods, specifically SCRUM.
