Special Session at 6:30pm

**\*\*\* Amendment Form \*\*\***

**Appropriation  
Ordinance #:**

2024-05

**Amendment #:**

Am 01

**Submitted By:**

Cm. Flaherty

**Date:**

October 9, 2024

**Proposed Amendment:**

1. Appropriation Ordinance 2024-05 shall be amended by reducing \$250,000 in Category 3 (Services and Charges) of the Parking Meter Fund (#2141) in the Community & Family Resources departmental budget. Any lines and totals in the various budget forms shall be adjusted as is necessary to implement this reduction.

**Synopsis and Intent**

This amendment is sponsored by Cm. Flaherty and would reduce the Parking Meter Fund (#2141), Category 3 (Other Services and Charges) in the Community & Family Resources Department budget, by \$250,000. The intent behind this reduction is to align any disbursements from the Parking Meter Fund with the purposes enumerated in Bloomington Municipal Code 15.40.015, in line with state code. The proposed use (Downtown Outreach Grants) does not fall within allowed uses under this provision. This amendment is meant to indicate that any such grant program for 2025 should be funded out of a different fund within the Community and Family Resources Department rather than out of the Parking Meter Fund.
