The Bloomington Parks and Recreation Department would like to recognize the Boys and Girls Club of Bloomington Teen Program for their service as an organization, specifically their service to the Natural Resources program. For nearly every Friday afternoon in June and July, the Teen Program brought 10-12 individuals to help with invasive plant removal at a number of our parks, including Lower Cascades Park, RCA Park, and Leonard Springs Nature Park. They focused on bush honeysuckle removal and covered several acres over the course of the summer.

The Boys and Girls Club of Bloomington is an organization dedicated to serving the youth in our local community. They provide camps and programs during after school hours, holiday breaks and summer time. The Club has 4 focus areas: Character & Leadership, Health & Life Skills, Access to the Arts and Education & Career. This summer as part of their character & leadership program, the Club participated in several community service activities.

According to Lincoln Street Program Director Tabitha Truax Cassini, the Teen Program was led to get involved with Bloomington Parks and Recreation because they frequent the parks of Bloomington and wanted to give back to the places they are actively using. Also, they enjoy the Bloomington Parks and Recreation staff, Jon and Steve, who are great with the members and always help them with the work they do.

"We like best the ability to serve the community we are involved with. The Bloomington Parks and Recreation staff found a way to make volunteering fun as well by sharing information about wildlife and giving brief tours of the spaces we are volunteering in during breask," Tabitha says.

The Boys and Girls Club of Bloomington Teen Program also volunteers at Pages for Prisoners and Hoosier Hills Food Bank. We are pleased to present the Boys and Girls Club of Bloomington Teen Program with the BRAVO award for their exceptional service to the Department's Natural Resources program.

AND DELEGATION OF CONTRACT AWARD AUTHORITY
WAPEHANI MOUNTAIN BIKE PARK TRAIL RELOCATION

Recommendation

Staff recommends approval of this request.

Background

The Federal Highway Administration and the Indiana Department of Transportation approached City representatives and the Park Foundation in 2012 about acquiring 1.73 acres of Wapehani Mountain Bike Park for the I69 project. The strip of land varies from 20-80 feet wide along the western boundary of the park, adjacent to, and east of, the existing SR 37/I69 right-of-way. The property transfer and the Memorandum of Agreement between the Federal Highway Administration (FHWA), Indiana Department of Transportation (INDOT), and the City of Bloomington was approved by the Board of Park Commissioners in 2013. INDOT will reimburse all costs to the City up to \$460,172 to relocate the lost section of trail and mitigate tree loss brought about by this property acquisition.

Plans and specifications have been completed for the project which will consist of a 225' raised earthen causeway with a concrete box culvert to allow the creek to continue flowing into Weimer Lake. Parks staff has been working with INDOT to find the most efficient location to access the park property at the west edge of the lake to perform the work. There is agreement that construction equipment access and material delivery for this project would be best facilitated by using the highway right-of way on the west side of the park, however this access can only be provided for a short period of time due to I69 construction work at this location scheduled for mid to late October.

Staff requests that the Board declare the Wapehani Trail Relocation Project a procurement emergency per Indiana Code, IC 36-1-12-9, and to authorize staff to award a contract for the work. These actions would allow the relocation of the trail to be coordinated with the highway construction project and be completed

in an expedited manner while access from the I69 right-of-way on the west side of the park is still possible. Following the customary bidding period and contract award process would likely result in the loss of construction access from the highway and require an alternate access route to the site by way of a costly and environmentally destructive access road to be built from the Wapehani parking lot, through the park, to the construction site.

If the Board approves this request the minutes must show the declaration of an emergency and the names of the companies invited to provide quotes. Quotes for the costs to construct the causeway will be sought from Crider and Crider, Inc. and Weddle Brothers Construction Company.

THE PARK DISTRICT OF THE CITY OF BLOOMINGTON, INDIANA,
AND MAKING A PRELIMINARY DETERMINATION TO ISSUE BONDS
TO FINANCE THE PROJECTS

RECOMMENDATION

It is recommended that, after receiving public comment at the legally advertised public hearing portion of this meeting, the Board of Park Commissioners adopt Resolutions 16-03 through 16-07 titled: Declaratory Resolutions Approving Projects of the Park District of the City of Bloomington, Indiana, and Making a Preliminary Determination to Issue Bonds to Finance the Projects, in an amount not to exceed \$6,936,500.

BACKGROUND

The Parks and Recreation Department is interested in selling park district bonds to complete several significant capital improvement projects. The proposed list of capital improvements includes clubhouse renovations at Cascades Golf Course, construction of a "green waste" yard by Lower Cascades ballfields, Lower Cascades Creek erosion improvements and retaining wall rehab, Crestmont park improvements, accessible fishing pier at Griffy Lake Nature Preserve and hardscape site improvements at Waldron, Hill, Buskirk Park to highlight a few of the proposed projects. The parks department manages a 5 year capital improvement plan which guided the selection of the proposed park bond project list. In addition, results from the community survey conducted for the 2016-2020 Master Plan resulted in a goal "To Maintain and Provide Safe Existing Parks, Trails, and Facilities. The proposed scope and budget for each of these projects is greater than the typical allocation from the parks general funds annual capital budget.

Parks last initiated a general obligation bond in 2001. This bond, for \$6.2 million, was utilized to complete a complete re-design and renovation of Miller Showers Park, renovation of Cascades Park, Bryan Park pool improvements, re-design of the aquatic facility at Mills pool and development of a skatepark.
The timeline for the bond process is as follows:

August 23 -	Board of Park Commissioners - adopts preliminary declaratory resolutions to issue bonds
September 14 -	Common Council – first reading of ordinance approving bond issue.
September 20 -	Board of Park Commissioners – adopts an appropriation resolution
September 21 -	Common Council – Consideration of approval/adoption of ordinance approving the bond issue.
Late October -	Price and sell bonds
Mid November -	Closing on the bonds

BACKGROUND

Respectfully Submitted,

Paula Mc Deirt

Paula McDevitt, Acting Director

THE PARK DISTRICT OF THE CITY OF BLOOMINGTON, INDIANA,
AND MAKING A PRELIMINARY DETERMINATION TO ISSUE BONDS
TO FINANCE THE PROJECTS

RECOMMENDATION

It is recommended that, after receiving public comment at the legally advertised public hearing portion of this meeting, the Board of Park Commissioners adopt Resolutions 16-03 through 16-07 titled: Declaratory Resolutions Approving Projects of the Park District of the City of Bloomington, Indiana, and Making a Preliminary Determination to Issue Bonds to Finance the Projects, in an amount not to exceed \$6,936,500.

BACKGROUND

The Parks and Recreation Department is interested in selling park district bonds to complete several significant capital improvement projects. The proposed list of capital improvements includes clubhouse renovations at Cascades Golf Course, construction of a "green waste" yard by Lower Cascades ballfields, Lower Cascades Creek erosion improvements and retaining wall rehab, Crestmont park improvements, accessible fishing pier at Griffy Lake Nature Preserve and hardscape site improvements at Waldron, Hill, Buskirk Park to highlight a few of the proposed projects. The parks department manages a 5 year capital improvement plan which guided the selection of the proposed park bond project list. In addition, results from the community survey conducted for the 2016-2020 Master Plan resulted in a goal "To Maintain and Provide Safe Existing Parks, Trails, and Facilities. The proposed scope and budget for each of these projects is greater than the typical allocation from the parks general funds annual capital budget.

Parks last initiated a general obligation bond in 2001. This bond, for \$6.2 million, was utilized to complete a complete re-design and renovation of Miller Showers Park, renovation of Cascades Park, Bryan Park pool improvements, re-design of the aquatic facility at Mills pool and development of a skatepark.

The timeline for the bond process is as follows:

August 23 -	Board of Park Commissioners - adopts preliminary declaratory resolutions to issue bonds
September 14 -	Common Council – first reading of ordinance approving bond issue.
September 20 -	Board of Park Commissioners – adopts an appropriation resolution
September 21 -	Common Council – Consideration of approval/adoption of ordinance approving the bond issue.
Late October -	Price and sell bonds
Mid November -	Closing on the bonds

This memo accompanies the proposed 2017 budget for the Parks and Recreation Department.

Why We Exist

The Parks and Recreation Department strives to provide the highest quality of parks, recreation services and greenspace to enhance the quality of life in our community.
