CLAIMS

Sherman moved and Board Member Roberts seconded the motion to approve the standard claims as follows:

Vendor invoices submitted included \$615,349.41 from the Water Utility; \$391,426.60 from the Wastewater Utility; and \$194,385.99 from the Stormwater Utility. Total Claims approved, \$1,201,162.00.

Motion carried, 7 ayes.

Board asked for clarification on "SBRS". This was a training for wastewater operators from a biological contractor which works with water and wastewater. Also, 1st quarter and general service portion of interdepartmental agreement is being paid in August 2017 due to agreement being signed in June 2017.

Sherman moved and Roberts seconded the motion to approve the utility claims as follows:

Motion carried, 7 ayes.

Sherman moved and Roberts seconded the motion to approve the wire transfers and fees for the month of July in the amount of \$317,423.73

Motion carried, 7 ayes.

There were no customer refunds to approve at this meeting.

WEST 3RD ST CURB RAMPS QUOTE OPENING

CBU Engineer Phil Peden and CBU Technician Jay Ramey opened the 3 bids received for this project building ADA compliant curbs. Groomer Construction's bid was \$39,860, Milestone's bid was \$74,500, and E&B Paving's base bid was \$49,650. A contract with the lowest responsive bidder will be presented at next USB meeting. City of Bloomington Housing and Neighborhood Development will be funding this project. CBU estimated the total at \$50,000.

REQUEST FOR APPROVAL OF CONTRACT FOR PRIVATE HYDRANT SERVICING

Sherman moved and Roberts seconded the motion to approve contract; motion carried, 7 ayes.

City Attorney Chris Wheeler presented a contract between CBU and ME Simpson. ME Simpson has a contract to test and service CBU's hydrants. They will also test and service private hydrants and the customer is charged the same rate that CBU pays which is \$49 per hydrant. This contract is a renewal of the annual contract with ME Simpson. The USB asked that CBU look into charging the customer a slightly higher fee to cover administrative costs for next year's contract.

REQUEST FOR APPROVAL OF CONTRACT FOR THE SALE OF WATER

Sherman moved and Roberts seconded the motion to approve contract; motion carried, 7 ayes.

Wheeler presented a renewal of contract between B&B water and CBU for wholesale water. The only significant change is the possibility to add additional points of delivery when agreed upon by both parties. USB expressed concern for the length of the term which is 20 years. Wheeler responded that there is a "lot of breathing room" for future changes. Another thought from the USB is that the maximum might not be enough if there is growth in the B&B service area and what would happen if water quality was not up to the standard required by the contract. Wheeler pointed to Item 16 which states that all provisions may be modified or altered in writing. CBU Director Vic Kelson also responded that maintaining water quality is essential for all CBU customers and CBU and the USB would in discussions about how to improve WQ before it became an issue that affects this or any other wholesale contract. Lastly, the USB asked why CBU allows the minimum so low instead of asking for a higher minimum to ensure consistent income. Wheeler responded that it was a good idea that would be considered for future contracts.

REQUEST FOR APPROVAL OF CONTRACT FOR REPAVING WOODYARD RD

Sherman moved and Roberts seconded the motion to approve contract; motion carried, 7 ayes.

Wheeler presented a contract between CBU and Bloomington Sealcoat. This contract is \$19,550 to repave Woodyard Rd where CBU recently completed an infrastructure project.

REQUEST FOR APPROVAL OF 2018 BUDGET

Finance subcommittee put forward recommendation for to approve budget; motion carried, 7 ayes.

Kelson and Assistant Director for Finance Feferman presented the proposed 2018 budget. Kelson reported that the goals for the 2017 budget have been met or are in progress. Goals for 2018 include safety, personnel changes, customer service and assistance, water quality, advanced metering, reducing sanitary sewer overflows, water main replacement, reducing energy use, working with Sanitation to implement trash changes, wastewater capacity improvements, and scheduled rate reviews.

The proposed budget for water, wastewater, and stormwater is \$43,698,637.40; 7.8% increase over 2017 which reflects the water rate increase.

The USB asked if there will be pretreatment program for the new hospital similar to the pretreatment program for industrial businesses. Kelson responded that CBU will know what is in the flow and implement pretreatment as needed because hospitals are subject to the same industrial rules.

USB comments were that they appreciate seeing the staff out working in our community and the results from customer education. The improved safety numbers reflect CBU's commitment to safety and also speak to low staff burnout, although with the number of projects on the horizon burnout is something to lookout for. The USB highly recommends the scheduled rate reviews to prevent customer shock and rates reflecting political changes. Lastly, the Board commented that the presentation was very clear and looked good and they would like to see it on the website.

Another comment was that there were few questions due to the effort of CBU to communicate clearly and fully with the Board about all the activities at CBU.

Kelson responded that CBU has a great team spirit. The budget was approved and will be presented to City Council on August 15, 2017.

**AGREEMENT
BETWEEN
CITY OF BLOOMINGTON
UTILITIES DEPARTMENT
AND
GROOMER CONSTRUCTION, INC.**

FOR

West 3rd St. From Jackson St. to S. Buckner St. (14) Curb Ramps with Detectable Surface Warnings

THIS AGREEMENT, is executed by and between the City of Bloomington, Indiana, Utilities Department through the Utilities Service Board (hereinafter referred to as the "CITY"), and Groomer Construction, Inc., a for profit corporation duly incorporated in the State of Indiana with its principal place of business located at 6535 W. Ison Road, Bloomington, IN, 47403, (hereinafter referred to as the "CONTRACTOR");

WITNESSETH THAT:

WHEREAS, CITY desires to retain CONTRACTOR'S services for **curb ramp replacement**, (more particularly described in **Attachment A**, "Scope of Work"); and

WHEREAS, CONTRACTOR is capable of performing work as per his/her Quote on the Quote Summary sheet; and

WHEREAS, in accordance with *Indiana Code 5-16-13 et seq.*, incorporated herein by reference, Contractor is a Tier 1 or General Contractor for this project; and

WHEREAS, CONTRACTOR was determined to be the lowest responsible and responsive Quoter for said project.

NOW, THEREFORE, in consideration of the mutual promises hereinafter enumerated, the parties agree as follows:

ARTICLE 1. EFFECTIVE DATE AND TERM

1.01 The effective date of this agreement shall be the date last entered in the signature blocks below. This Agreement shall terminate on December 31, 2017. In accordance with *Indiana Code 5-16-13 et seq.*, incorporated herein by reference, Contractor is a Tier 1 contractor or general contractor for this project.

ARTICLE 2. SERVICES

2.01 CONTRACTOR shall complete all work required under this Agreement on or before October 13, 2017, unless the parties mutually agree to a later completion date. Substantial Completion shall mean completion of all work.

2.02 It is hereby understood by both parties that time is of the essence in this Agreement. Failure of CONTRACTOR to complete all work as herein provided will result in monetary damages to CITY. It is hereby agreed that CITY will be damaged for every day the work has not been performed in the manner herein provided and that the measure of those damages shall be determined by reference Section 13.00 of the General Conditions for Each Day of Overrun in Contract Time. CONTRACTOR agrees to pay CITY said damages or, in the alternative, CITY, at its sole discretion, may withhold monies otherwise due CONTRACTOR. It is expressly understood by the parties hereto that these damages relate to the time of performance and do not limit CITY's other remedies under this Agreement, or as provided by applicable law, for other damages.

2.03 CONTRACTOR agrees that no charges or claims for damages shall be made by him for any delays or hindrances, from any cause whatsoever during the progress of any portion of the services specified in the Agreement. Such delays or hindrances, if any, may be compensated for by an extension of time for a reasonable period as may be mutually agreed upon between the parties, it being understood, however, that permitting CONTRACTOR to proceed to complete any service, or any part of the services / project, after the date to which the time of completion may have been extended, shall in no way operate as a waiver on the part of CITY of any of its rights herein.

ARTICLE 3. COMPENSATION

3.01 CONTRACTOR shall provide services as specified in **Attachment A**, "Scope of Work", attached hereto and incorporated into this Agreement.

3.02 Upon the submittal of approved claims, CITY shall compensate CONTRACTOR in a lump sum not to exceed Thirty Nine Thousand Eight Hundred Sixty and Zero One-Hundredths (\$39,860.00) Dollars. CITY may withhold payment, in whole or in part, to the extent necessary to protect itself from a loss on account of any of the following:

- Defective work.
- Evidence indicating the probable filing of claims by other parties against CONTRACTOR which may adversely affect CITY.
- Failure of CONTRACTOR to make payments due to subcontractors, material suppliers or employees.
- Damage to CITY or a third party.

3.03 The submission of any request for payment shall be deemed a waiver and release by CONTRACTOR of all liens and claims with respect to the work and period to which such payment request pertains except as specifically reserved and noted on such request.

3.04 CONTRACTOR shall maintain proper account records for the scope of all services of this Agreement and provide an accounting for all charges and expenditures as may be necessary for audit purposes. All such records shall be subject to inspection and examination by CITY's representatives at reasonable business hours.

3.05 For projects utilizing federal funding the CONTRACTOR shall submit time sheets (WH-347) for his own and all subcontracted employees, to Assistant Director-Engineering or his representative for approval and review, including review for compliance with Davis Bacon requirements, if federal funds are used.

3.06 Engineer. The Utilities Department's Assistant Director-Engineer (or his/her duly assigned designee, (Hereinafter referred to as "Engineer") shall act as the CITY's representative and assume all duties and responsibilities and have all the rights and authority assigned to the Engineer in the Contract Documents in connection with completion of the Work in accordance with the Contract Documents.

ARTICLE 4. RETAINAGE

(For contracts in excess of \$100,000, the Owner requires that retainage be held set out below.)

4.01 Escrow Agent. The retainage amount withheld shall be placed in an escrow account. First Financial Bank, Bloomington, Indiana, shall serve as the escrow agent.

4.02 Retainage Amount. (for public works contracts exceeding \$100,000.00). The escrow agent, Owner and Contractor shall enter into a written escrow agreement. Under that agreement, the Owner shall withhold five percent (5%) of the total contract dollar value of all work satisfactorily completed until the Contract is one hundred percent (100%) completed. The escrow agent shall invest all escrowed principal in obligations selected by the escrow agent. The escrow agent may be compensated for the agent's services by a reasonable fee, agreed upon by the parties, that is comparable with fees charged for the handling of escrow accounts of similar size and duration. The fee shall be paid from the escrow income. The escrow agent's fee may be determined by specifying an amount of interest the escrow agent will pay on the escrowed amount, with any additional earned interest serving as the escrow agent's fee. The escrow agreement may include other terms and conditions as deemed necessary by the parties.

4.03 Payment of Escrow Amount. The escrow agent shall hold the escrowed principal and income until receipt of the notice from the Owner and Contractor that the Contract work has been substantially completed to the reasonable satisfaction of the Owner, at which time the Owner shall pay to the Contractor the balance to be paid under this Contract and execute such documents as are necessary to authorize the escrow agent to pay to the Contractor the funds in the escrow account, including both specifying the part of the escrowed principal to be released from the escrow and the person to whom that portion is to be released. After receipt of the notice, the escrow agent shall remit the designated part of the escrowed principal and the escrowed income, minus the escrow agent's fees, to the person specified in the notice. However, nothing in this section shall prohibit Owner from requiring the escrow agent to withhold amounts necessary to complete minor items of the Contract, following substantial completion of the Contract in accordance with the provisions of paragraph 4.04.

4.04 Withholding Funds for Completion of Contract. If, upon substantial completion of the Contract, there still remains minor Contract work that needs to be completed, or minor Contract work that needs to be performed to the satisfaction of the Owner, Owner may direct the escrow agent to retain in the escrow account, and withhold from payment to the Contractor, an amount equal to two hundred percent (200%) of the value of said work. The value of said work shall be determined by the architect/engineer. The escrow agent shall release the funds withheld under this section after receipt of notice from the Owner that all work on the Contract has been satisfactorily completed. In the event that said work is not completed by the Contractor, but by Owner or another party under contract with the Owner, said funds shall be released to the Owner.

ARTICLE 5. GENERAL PROVISIONS

5.01 CONTRACTOR agrees to indemnify and hold harmless CITY and its officers, agents, officials and employees for any and all claims, actions, causes of action, judgments and liens arising out of any negligent act or omission by CONTRACTOR or any of its officers, agents, officials, employees, or subcontractors or any defect in materials or workmanship of any supply, materials, mechanism or other product or service which it or any of its officers, agents, officials, employees, or subcontractors has supplied to CITY or has used in connection with this Agreement and regardless of whether or not it is caused in part by a party indemnified herein under. Such indemnity shall include attorney's fees and all costs and other expenses arising there from or incurred in connection therewith and shall not be limited by reason of the enumeration of any insurance coverage required herein.

5.02 Abandonment, Default and Termination.

5.02.01 **Abandonment.** CITY shall have the right to abandon the work contracted for in this Agreement without penalty. If CITY abandons the work described herein, CONTRACTOR shall deliver to CITY all surveys, notes, drawings, specifications and estimates completed or partially completed and these shall become the property of CITY. The earned value of the work performed shall be based upon an estimate of the proportion between the work performed by CONTRACTOR under this Agreement and the work which CONTRACTOR was obligated to perform under this Agreement. This proportion shall be mutually agreed upon by CITY and CONTRACTOR. The payment made to CONTRACTOR shall be paid as a final payment in full settlement of his services hereunder.

5.02.02 If CONTRACTOR defaults or fails to fulfill in a timely and proper manner the obligations pursuant to this Agreement, CITY may, after seven (7) days' written notice has been delivered to CONTRACTOR, and without prejudice to any other remedy it may have, make good such deficiencies and may deduct the cost thereof from the payment then or thereafter due to CONTRACTOR. In the alternative, CITY, at its option, may terminate this Agreement and take possession of the site and of all materials, equipment, tools and construction equipment and machinery

thereon owned by CONTRACTOR, and may finish the project by whatever method it may deem expedient, and if the such action exceeds the unpaid balance of the sum amount, CONTRACTOR or his surety, shall pay the difference to CITY.

5.02.03

Default: If CONTRACTOR breaches this Agreement or fails to perform the work in an acceptable manner, he shall be considered in default. Any one or more of the following will be considered a default:

- Failure to begin the work under this Agreement within the time specified.
- Failure to perform the work with sufficient supervision, workmen, equipment and materials to insure prompt completion of said work within the time limits allowed.
- Unsuitable performance of the work as determined by the Assistant Director-Engineering or his representative.
- Neglecting or refusing to remove defective materials or failure to perform anew such work as shall have been rejected.
- Discontinuing the prosecution of the work or any part of it.
- Inability to finance the work adequately.
- If, for any other reason, CONTRACTOR breaches this Agreement or fails to carry on the work in an acceptable manner.

5.02.04

CITY shall send CONTRACTOR a written notice of default. If CONTRACTOR, or his Surety, within a period of ten (10) days after such notice, fails to remedy the default, then CITY shall have full power and authority, without violation of the Contract, to take the prosecution of the work out of the hands of said CONTRACTOR, to appropriate or use any or all materials and equipment on the ground as may be suitable and acceptable, and may, at its option, turn the work over to the Surety, or enter into an agreement with another Contractor for the completion of the Agreement according to the terms and provisions thereof, or CITY may use such other methods as, in its opinion, shall be required for the completion of said Contract in an acceptable manner.

5.02.05

All cost of completing the work under the Contract shall be deducted from the monies due or which may become due to said CONTRACTOR. In case the expenses so incurred by CITY shall be less than the sum which would have been payable under the Contract if it had been completed by said CONTRACTOR, CONTRACTOR shall be entitled to receive the difference. However, in case such expense shall exceed the sum which would have been payable under the Contract, CONTRACTOR and his Surety will be liable and shall pay to CITY the amount of said excess. By taking over the prosecution of the work, CITY does not forfeit the right to recover damages from CONTRACTOR or his Surety for his failure to complete the work in the time specified.

5.02.06 Notwithstanding any other provision of this Agreement, if funds for the continued fulfillment of the Agreement by CITY are at any time not forthcoming or are insufficient, through failure of any entity to appropriate the funds or otherwise, then CITY shall have the right to terminate this Agreement without penalty by giving prior written notice documenting the lack of funding in which instance, unless otherwise agreed to by the parties, this Agreement shall terminate and become null and void.

5.02.07 CITY agrees that it will make its best effort to obtain sufficient funds, including but not limited to, including in its budget for each fiscal period during the term hereof a request for sufficient funds to meet its obligations hereunder in full.

5.03 Successors and Assigns.

5.03.01 Both parties agree that for the purpose of this Agreement, CONTRACTOR shall be an Independent Contractor and not an employee of CITY.

5.03.02 No portion of this Agreement shall be sublet, assigned, transferred or otherwise disposed of by CONTRACTOR except with the written consent of CITY being first obtained. Consent to sublet, assign, transfer, or otherwise dispose of any portion of this Agreement shall not be construed to relieve CONTRACTOR of any responsibility of the fulfillment of this Agreement.

5.04 Extent of Agreement: Integration.

5.04.01 This Agreement consists of the following parts, each of which is as fully a part of this Agreement as if set out herein:

1. This Agreement and its Attachments.
2. All Written Amendments and other documents amending, modifying, or supplementing the Contract Documents which may be delivered or issued after the Effective Date of the Agreement and are not attached hereto.
3. All Addenda to the Quote Documents.
4. The Invitation to Quoters.
5. The Instructions to Quoters.
6. The Special Conditions.
7. All plans as provided for the work that is to be completed.
8. The Supplementary Conditions.
9. The General Conditions.
10. The Specifications.

11. The current Indiana Department of Transportation Standard Specifications and the latest addenda.
12. CONTRACTOR'S submittals.
13. The Performance and Payment Bonds.
14. The Escrow Agreement.
15. Request for Taxpayer Identification number and certification: Substitute W-9.

5.04.02 In resolving conflicts, errors, discrepancies and disputes concerning the Scope of Work to be performed by CONTRACTOR, and other rights and obligations of CITY and CONTRACTOR, the document expressing the greater quantity, quality or other scope of work in question, or imposing the greater obligation upon CONTRACTOR and affording the greater right or remedy to CITY shall govern; otherwise the documents shall be given precedence in the order as enumerated above.

5.05 Insurance.

5.05.01 CONTRACTOR shall, as a prerequisite to this Agreement, purchase and thereafter maintain such insurance as will protect him from the claims set forth below which may arise out of or result from CONTRACTOR'S operations under this Agreement, whether such operations be by CONTRACTOR or by any SUBCONTRACTORS or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable:

Upon receipt of any such document, CONTRACTOR shall promptly proceed with the work involved, which will be performed under the applicable conditions of the Agreement Documents.

5.11.03 If CONTRACTOR believes that any direction of CITY under paragraph 5.11.02, or any other event or condition, will result in an increase in the Contract time or price, he shall file written notice with CITY no later than twenty (20) calendar days after the occurrence of the event giving rise to the claim and stating the general nature of the claim with supporting data. No claim for any adjustment of the Contract time or price will be valid if not submitted in accordance with this Paragraph.

5.15 Severability and Waiver. In the event that any clause or provision of this Agreement is held to be invalid by any court of competent jurisdiction, the invalidity of such clause or provision shall not affect any other provision of this Agreement. Failure of either party to insist on strict compliance with any provision of this Agreement shall not constitute waiver of that party's right to demand later compliance with the same or other provisions of this Agreement.

5.16 Notice to Proceed. CONTRACTOR shall not begin the work pursuant to the "Scope of Work" of this Agreement until it receives an official written Notice to Proceed from the City. Should CITY feel that the cost of domestic steel or foundry products is unreasonable; CITY will notify CONTRACTOR in writing of this fact.
- 5.17.02** Domestic Steel products are defined as follows: "Products rolled, formed, shaped, drawn, extruded, forged, cast, fabricated or otherwise similarly processed, or processed by a combination of two (2) or more of such operations, from steel made in the United States by open hearth, basic oxygen, electric furnace, Bessemer or other steel making process."
