**Sherman moved and Roberts seconded the motion to approve the customer refunds as follows:**

**Customer refunds submitted included \$0.00 from the Water Utility; \$952.29 from the Wastewater Utility; and \$0.00 from the Stormwater Utility. Total Claims approved, \$737.74.**

**Motion carried, 6 ayes, 1 member absent (Ehman).**

#### **HYDRANT MAINTENANCE AND TESTING CONTRACT**

**Sherman moved and Roberts seconded the motion to approve contract for \$64,100.00; motion carried, 6 ayes, 1 member absent (Ehman).**

CBU Assistant Director-Engineering Schroeder presented a contract with M.E. Simpson for hydrant maintenance and capacity testing. Half of the hydrants in the system, about 1,600, are to have routine maintenance at \$37 per hydrant; total sum is not to exceed \$59,200.00. One hundred hydrants are scheduled for capacity testing at \$49.00 per hydrant for a total not to exceed \$4,900.00. This is a contract for 2017 only because CBU is changing its approach and will no longer do the 3 year contracts for hydrants as was done in the past.

Four suppliers offered quotes for this contract. M.E. Simpson was the lowest as well as the supplier that has done this work for CBU for 8-10 prior years. Contract was approved.

**OLD BUSINESS:** N/A

**NEW BUSINESS:** N/A

**SUBCOMMITTEE REPORTS:** Finance subcommittee met for 1 hour prior to regular meeting. CBU Director Kelson and CBU Assistant Director-Finance Feferman presented a preliminary budget request for 2018. Another subcommittee meeting is scheduled for August 7<sup>th</sup> for members to ask questions and formulate a recommendation for full board.

**STAFF REPORTS:** Kelson reported that CBU sold water bonds. There were 4 competitive bids and the rate was lower than anticipated resulting in a rate increase of 20.06% as opposed to the 20.15% approved by the IURC. The \$4.6 million in bonds will support the Fullerton Pike project and the water main replacements as presented in the last USB meeting (July 10<sup>th</sup>).

Kelson also thanked staff for working overnight on the weekend to repair a 12 inch water main break on Clarizz & 3<sup>rd</sup>. Board also commended staff and brought up that crews sometimes work "in harm's way", such as roadwork at night. Frank brought up that statistics from the subcommittee budget presentation show that CBU takes safety seriously and will continue to make safety a priority in 2018.

**PETITIONS AND COMMUNICATIONS:** N/A

**ADJOURNMENT:** The meeting was adjourned at 5:13 p.m.

MEMORANDUM

**TO: Utilities Service Board**  
**FROM: Phil Peden, Utilities Engineer**  
**DATE: 08/03/2017**  
**RE: W 3<sup>rd</sup> St-From Jackson to S. Buckner Curb Ramps**

**Funding Source:** HAND

**Total Dollar Amount of Contract:** TBT

**Expiration Date of Contract:** 10/12/2017

**Department Head Initials of Approval:**

**Due Date For Signature:** USB Meeting August 21, 2017

**Record Destruction Date (Legal Dept to fill in):**

**Summary:**

In 2016 CBU installed sanitary sewer along W. 3<sup>rd</sup> St from S. Fairview St. to S. Buckner and now needs new asphalt. Federal regulations state that before the Street Dept. can pave W 3<sup>rd</sup> St all curb ramps must meet ADA requirements. HAND has offered to fund the Curb Ramps. CBU has prepared the design and quote documents with Planning and Transportation. The quotes are to be opened at the Aug 7<sup>th</sup> Utilities Service Board meeting and taken for review. The award date for the project will be at the August 21<sup>st</sup> meeting.

**CONTRACT FOR SERVICES (PRIVATE HYDRANT SERVICING)**

**THIS CONTRACT** is entered into by and between the City of Bloomington Utilities through its Utilities Service Board (hereinafter referred to as "City") and M.E. Simpson Co., Inc. (hereinafter referred to as "Service Provider"). The terms of this Contract shall govern over prior and subsequent offerings, proposals, purchase orders, or similar communications unless otherwise specifically agreed to in writing by both the Board and Service Provider.  
**WITNESSETH:**

**WHEREAS**, the City has a Fire Hydrant Flow Testing Program; and

**WHEREAS**, The City wishes to make this Fire Hydrant Flow Testing Program available to Private Citizens (hereinafter collectively referred to as "Customer"); and

**WHEREAS**, the City requires the services of an independent service provider in order to conduct the necessary fire hydrant maintenance and capacity testing for Customers upon request pursuant to the parameters of said Fire Hydrant Maintenance and Capacity Testing Program and the scope of services below (hereinafter referred to as the "Services");

**WHEREAS**, it is in the public interest that such Services be undertaken and performed; and

**WHEREAS**, Service Provider has the experience and professional expertise and is willing and able to provide such Services for and on behalf of the City.

**NOW, THEREFORE**, in consideration of the mutual covenants herein contained, the parties hereto agree as follows:

1. **EFFECTIVE DATE:** The effective date of this contract shall be the date last entered in the signature blocks below.
2. **TERM:** This contract shall terminate on the 31st day of December, 2017.
3. **SCOPE OF SERVICES:** All work shall be performed in accordance with American Water Works Association (AWWA) standards. Service Provider agrees to conduct private fire hydrant maintenance and/or capacity testing in accordance with AWWA, M-17, 5<sup>th</sup> Edition "Fire Hydrant: Installation, Field Testing and Maintenance" for Customers on an as needed basis for and on behalf of the City as follows:
  - a. **Hydrant Maintenance:** Hydrant maintenance shall consist only of greasing all hydrant caps for ease of operation. If the hydrant needs additional repairs to make it function as intended, such information will be reported to CBU who will inform the Customer. The Customer will be responsible for making separate arrangements to repair the hydrant.
  - b. **Hydrant Capacity Testing:** Hydrant capacity testing shall consist of the following:
    - i. Hydrant nozzle size used for each test will be recorded.
    - ii. Residual pressure will be recorded.
    - iii. Static pressure will be recorded.
    - iv. Flow, in gallons per minute (GPM) will be recorded.
    - v. The amount of time it takes to flush each hydrant will be recorded.

- c. An estimate will be made of the water used during the operation of each hydrant.
  - d. If the hydrant is in need of repair or has operational defects, such information will be reported to CBU who will inform the Customer. The Customer will be responsible for making separate arrangements to contract for necessary repairs.
  - e. An estimate will be made of the water used during the operation of each hydrant
4. **CONTRACT PRICE.** City shall pay Service Provider Forty Nine (\$49.00) Dollars for each hydrant to be serviced. Service of a private hydrant will only be conducted by Service Provider at the same time Service Provider is servicing City owned hydrants, or in batches of 35 or more private hydrants.
  5. **SCHEDULING;** Service Provider shall work with the City and the Customer to schedule a mutually agreeable date and time to service the Customer's hydrant(s). The Service Provider shall meet with the Customer or said Customer's duly authorized representative at the scheduled appointment date and time in order to identify the hydrant(s) on the Customer's property to be serviced.
  6. **NOTIFICATION;** CBU shall provide necessary notification of hydrant servicing to all public and news agencies. Service Provider will be responsible for placing signage in the affected area informing customers of fire hydrant maintenance. Signage should direct all inquiries to the Service Provider.
  7. **DOCUMENTATION;** Service Provider shall provide copies of all flow test documentation to the City. The City shall then provide the Customer with the information and enter the flow test documentation provided by Service Provider into its database for future use by the City, the Fire Department, the Customer and the public.
  8. **HYDRANT PAINTING;** The Service Provider's test results shall indicate what color each Customer's hydrant(s) must be painted to accurately reflect the maximum capacity of water flow from each hydrant in accordance with the National Fire & Safety Code. This information will be provided to the Customer in the data provided to them by CBU.
  9. **INSURANCE;** During the life of this Contract Service Provider shall maintain the following insurance in full force and effect:
    - a. General Liability Insurance, with a minimum combined single limit of \$1,000,000 for each occurrence and \$2,000,000 in the aggregate.
    - b. Automobile Liability Insurance, with a minimum combined single limit of \$1,000,000 for each person and \$1,000,000 for each accident.
    - c. Professional Liability Insurance ("Errors and Omissions Insurance") with a minimum limit of \$2,000,000 annual aggregate.
    - d. Workers' Compensation Insurance in accordance with the statutory requirements of Title 22 of the Indiana Code.

All insurance policies shall be issued by an insurance company authorized to issue such insurance in the State of Indiana. The City shall be named as insured under the General

Liability, Automobile, and Professional Liability Insurance policies, and such policies shall stipulate that the insurance will operate as primary insurance and that no other insurance affected by the City will be called upon to contribute to a loss hereunder.

Service Provider shall provide evidence of each insurance policy to the City prior to the commencement of Work under the Contract. Approval of the insurance by the City shall not relieve or decrease the extent to which Service Provider may be held responsible for payment of damages resulting from service or operations performed pursuant to this Contract. If Service Provider fails or refuses to procure or maintain the insurance required by these provisions, or fails or refuses to furnish Service Provider required proof that the insurance has been procured and is in force and paid for, the City shall have the right at the City's election to forthwith terminate the Contract.

10. INDEMNIFICATION: To the fullest extent permitted by law, Service Provider hereby indemnifies and shall defend and hold harmless the City of Bloomington, the Board, and the officers, agents and employees of the City and the Board, from and against any and all suits, actions, legal or administrative proceedings, claims, demands, damages, liabilities, attorney's fees, costs and expenses of whatsoever nature arising out of the performance of this Contract, including those arising out of injury to or death of Service Provider's employees or sub-Contractors, whether arising before, during or after completion of the services hereunder and in any manner directly or indirectly caused, occasioned or contributed to in whole or in part, by reason of any act, omission, fault or negligence of Service Provider or its employees, agents or sub-Contractors.
11. COMPLIANCE WITH LAW: Service Provider shall fully comply with all applicable federal, state, and local laws and executive orders, codes, regulations and plans issued pursuant thereto. Without limiting the generality of the foregoing, Service Provider shall fully comply with each and every requirement of the following laws, orders and regulations as they pertain to this Contract and as they have been or may be amended:
  - a. The Fair Labor Standards Act.
  - b. The Federal Equal Employment Opportunity Laws including, without limitation, the Civil Rights Act of 1964, Executive Order No. 11246, and any regulations promulgated thereunder in the "Equal Opportunity Employment Clause" set forth therein.
  - c. Rules and Regulations of the Department of Transportation, Federal Highway Administration, and Bureau of Public Roads.
  - d. The Social Security Act.
12. PERFORMANCE: Service Provider represents that it is fully qualified to perform the Services of this Contract. If Service Provider fails to supply Services required, or if Service Provider violates any provision of this Contract, Service Provider will be in default. If the default is not remedied to the satisfaction of the City within forty-eight (48) hours after Service Provider receives written notice of the default, the City may make any other arrangements the City deems necessary.
13. PAYMENT: Service Provider shall submit a monthly invoice to the Board. City will pay approved invoices within forty five (45) days of the City's approval.

14. **APPROPRIATION OF FUNDS:** Notwithstanding any other provision of this Contract, if funds for the continued fulfillment of this Contract by the City are at any time not forthcoming or are insufficient, through failure of any entity, including the City itself, to appropriate funds or otherwise, then the City shall have the right to terminate this Contract without penalty.
15. **INDEPENDENT SERVICE PROVIDER:** During the entire term of this Contract, Service Provider shall be an independent Service Provider, and in no event shall any of its personnel, agents or sub-Contractors be construed to be, or represent themselves to be, employees of the Board.
16. **NOTICE:** Any notice required hereunder shall be provided to the following addresses:
- |                      |  |
|----------------------|--|

| City of Bloomington: | City of Bloomington Utilities<br>Attn.: Nancy Axsom<br>600 E. Miller Drive<br>Bloomington, Indiana 47401 |
17. **WAIVER:** No failure of either party to enforce a term of this Contract against the other shall be construed as a waiver of that term, nor shall it in any way affect the party's right to enforce that term. No waiver by any party of any term of this Contract shall be considered to be a waiver of any other term or breach thereof.
18. **SEVERABILITY:** The invalidity, illegality or unenforceability of any provision of this Contract or the occurrence of any event rendering any portion or provision of this Contract void shall in no way affect the validity or enforceability of any other portion or provision of this Contract. Any void provision shall be deemed severed from this Contract, and the balance of the Contract shall be construed and enforced as if it did not contain the particular provision to be held void. The parties further agree to amend this Contract to replace any stricken provision with a valid provision that comes as close as possible to the intent of the stricken provision. The provisions of this article shall not prevent this entire Contract from being void should a provision which is of the essence of this Contract be determined void.
19. **ASSIGNMENT:** Neither the City nor the Service Provider shall assign any rights or duties under this Contract without the prior written consent of the other party; provided, however, Service Provider may assign its rights to payment without the City's consent. Unless otherwise stated in the written consent to an assignment, no assignment will release or discharge the assignor from any obligation under this Contract.
20. **THIRD PARTY RIGHTS:** Nothing in this Contract shall be construed to give any rights or benefits to anyone other than the City and the Service Provider.
21. **GOVERNING LAW:** This Contract shall be governed by the laws of the State of Indiana.

Venue of any disputes arising under this Contract shall be in Monroe County, Indiana.

22. **SAFETY:** Service Provider shall be responsible for the safety of employees at all times and shall provide all equipment necessary to insure their safety. Service Provider shall ensure the enforcement of all applicable safety rules, regulations, ordinances and laws, whether federal, state or local. Service Provider's Superintendent of Safety shall make daily inspections upon the arrival and leaving of the site at the close of each workday.

23. **NON-DISCRIMINATION:** Service Provider and its sub-Contractors shall not discriminate against any employee or applicant for employment, to be employed in the performance of this Contract, with respect to hire, tenure, terms, training, conditions or privileges of employment, because of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status, or housing status. Breach of this covenant may be regarded as a material breach of the Contract.

a. Service Providers certifies for itself and all its sub-Contractors compliance with existing laws of the City of Bloomington, the State of Indiana and the United States regarding:

- i. Prohibition of discrimination in employment practices on the basis of race, sex, color, religion, national origin, ancestry, disability, sexual orientation, gender identity, veteran status, housing status or any other legally protected classification;
- ii. The utilization of Minority and Women Business Enterprises. Service Provider further certifies that it:
  - a. Has formulated its own Affirmation Action plan for the recruitment, training and employment of minorities and women, including goals and timetable; which has been approved by the City's Contract Compliance Officer.
  - b. Encourages the use of small business, minority-owned business and women-owned business in its operations.

b. **FURTHER, PURSUANT TO INDIANA CODE § 5-16-6-1, SERVICE PROVIDER AGREES:**

- i. That in the hiring of employees for the performance of work under this Contract or any sub Contract hereunder, no Contractor, or sub-Contractor, nor any person acting on behalf of such Contractor or sub-Contractor, shall by reason of race, sex, color, religion, national origin, ancestry, or any other legally protected classification, discriminate against any citizen of the State of Indiana who is qualified and available to perform the work to which the employment relates.
- ii. That no Contractor, sub-Contractor, or any person on their behalf, shall, in any manner, discriminate against or intimidate any employee hired for performance of work under this Contract on account of race, religion, color, sex, national origin, ancestry or any other legally protected classification.
- iii. That there may be deducted from the amount payable to Contractor, by City, under this Contract, penalty of Five Dollars (\$5.00) for each person for each calendar day during which such person was discriminated against or intimidated in violation of the provisions of this Contract. Any such person discriminated against retains the right to file a discrimination complaint with the appropriate civil rights agency or court.
- iv. That this Contract may be canceled or terminated by City and all money due or to become hereunder may be forfeited, for a second or any subsequent violations of the

terms or conditions under this section of the Contract.

24. **VERIFICATION OF EMPLOYEES' IMMIGRATION STATUS:** Service Provider is required to enroll in and verify the work eligibility status of all newly-hired employees through the E-Verify program. (This is not required if the E-Verify program no longer exists). Service Provider shall sign an affidavit, attached as **EXHIBIT "A"**, affirming that Service Provider does not knowingly employ an unauthorized alien. "Unauthorized alien" is defined at 8 U.S. Code 1324a(h)(3) as a person who is not a U.S. citizen or U.S. national and is not lawfully admitted for permanent residence or authorized to work in the U.S. under 8 U.S. Code chapter 12 or by the U.S. Attorney General.

Service Provider shall require any sub-Contractors performing work under this contract to certify to the Service Provider that, at the time of certification, the sub-Contractor does not knowingly employ or contract with an unauthorized alien and the sub-Contractor has enrolled in and is participating in the E-Verify program. Service Provider shall maintain on file all sub-Contractors' certifications throughout the term of the contract with the City.

25. **NON-COLLUSION:** Service Provider certifies that it has not, nor has any other member, representative, or agent of Service Provider, entered into any combination, collusion or agreement with any person relative to the price to be offered by any person nor prevented any person from making an offer nor induced anyone to refrain from making an offer and that this offer is made without reference to any other offer. Service Provider shall swear under oath, via signed affidavit, attached as **EXHIBIT "B"** and by this reference incorporated herein, that Service Provider has not engaged in any collusive conduct.

26. **INTEGRATION AND MODIFICATION:** This Contract, including all Exhibits incorporated by reference and attached hereto, represents the entire and integrated Contract between the City and the Service Provider. It supersedes all prior and contemporaneous communications, representations and Contracts, whether oral or written, relating to the subject matter of this Contract.

This Contract may be modified only by a written amendment signed by both parties hereto.

IN WITNESS WHEREOF, the parties to this Agreement have hereunto set their hands.

**CONTRACT FOR THE SALE OF WATER**

**THIS CONTRACT**, entered into on this \_\_\_\_\_ day of \_\_\_\_\_, 2017, by and between the City of Bloomington, Department of Utilities, hereinafter referred to as "CBU," by action of its Utilities Service Board (Hereinafter referred to as "USB"), and B & B Water Project, Inc. (Hereinafter referred to as "Corporation").

**WITNESSETH:**

**WHEREAS**, the Corporation is a Domestic Non-Profit Corporation duly incorporated in the State of Indiana for the purpose of constructing and operating a water supply distribution system for the benefit of the members of the Corporation and to accomplish this purpose, the Corporation will require, and must obtain, a supply of water; and,

**WHEREAS**, CBU owns and operates a water supply distribution system with a capacity sufficient to serve the present customers of the city system as well as anticipated future growth; and,

**WHEREAS**, by action of the Utilities Service Board on the \_\_\_\_\_ day of \_\_\_\_\_, 2017, the sale of water to the Corporation in accordance with the provisions of this Contract was approved, and the execution of this Contract by the Utilities Service Board was duly authorized.

**NOW, THEREFORE**, in consideration of the foregoing and the performance of the terms and conditions hereinafter set forth, the parties agree as follows:

1. Effective Date of Contract. The effective date of this contract is the date first written above.
2. Term of Contract. This Contract shall extend for a term of twenty (20) years from the effective date of the Contract, and thereafter may be renewed for such term or terms as may be agreed upon by the parties.
3. Quality and Quantity. CBU shall furnish the Corporation potable water meeting standards of the Indiana Department of Environmental Management and other applicable legal standards in such quantity as may be required by the Corporation, provided, however, that the Corporation will purchase a minimum of fifty thousand (50,000) gallons of water per month and a maximum of eighteen million (18,000,000) gallons of water per month. Such water shall be furnished at the point(s) of delivery specified in this Contract, and shall be furnished during the term of this Contract or any renewal or extension thereof.
4. Point of Delivery, Pressure and Connection. Water will be furnished at a reasonably constant pressure from the meter(s) already in place and in use by the Corporation. Subject to Section 11 below, CBU shall maintain water pressure at the point of delivery equal to or greater than the pressure currently provided to the Corporation for the duration of the term of this Contract or any renewal or extension thereof. If the Corporation requires greater pressure than that currently available at the point of delivery, the Corporation will be responsible for taking the steps necessary to increase the pressure and will bear the cost of providing such greater pressure.

5. Additional Points of Delivery and Connection Fees. Additional points of delivery will be subject to the approval of the Utilities Service Board, which approval shall not be unreasonably withheld, conditioned or delayed. The Utilities Service Board reserves the right to deny a request for any reasonable reason including, but not limited to, a finding that granting the request would pose a substantial interference with CBU's service to its current customers. In the event that additional points of delivery are approved, the Corporation shall pay the fee applicable for new service points of delivery which may increase or decrease from time to time during the term of this Contract, pursuant to a duly adopted ordinance of the City of Bloomington, Indiana, subject to the approval of the Indiana Utility Regulatory Commission (hereinafter referred to as the "IURC").
6. Metering Equipment. CBU shall furnish, install, operate, and maintain at its own expense the necessary metering equipment at the point(s) of delivery, including a meter house or pit, and other required devices of standard type for properly measuring the quantity of water delivered. CBU shall, at its expense, calibrate such metering equipment at least once every twelve (12) months. A meter registering not more than two percent (2%) above or below normal shall be deemed to be accurate. The readings of any meter disclosed by test to be inaccurate shall be corrected for the thirty (30) days previous to such test in accordance with the percentage of inaccuracy found by such tests. If any meter fails to register for any period, the amount of water furnished during such period shall be deemed to be the amount of water delivered in the corresponding period immediately prior to the failure, unless CBU and the Corporation shall agree upon a different amount. The Corporation may require CBU to test the metering equipment more frequently than once every twelve (12) months as required above. If the Corporation should require an additional test(s) which disclose that any meter(s) is not accurate, as described above, CBU shall bear the cost of the additional testing. If the Corporation should require an additional test(s) which discloses that any meter(s) is accurate, as described above, the Corporation shall bear the cost of the additional testing. Any cost of the additional testing of an accurate meter(s) charged to the Corporation will be charged at CBU's actual cost incurred and CBU shall provide verification of those costs if so requested by the Corporation.
7. Billing Procedure. CBU shall provide the Secretary of the Corporation, at such address as may be from time to time furnished to CBU, an itemized statement of the amount of water delivered to the Corporation during the preceding month.
8. Rates. The rate for water to be sold under this Contract shall be \$2.39 per one thousand (1,000) gallons, which is the rate shown on CBU's Tariff on file with the IURC for resale of water by CBU existing at the time of execution of the Contract. The parties agree that this rate may increase or decrease from time to time during the term of this Contract, pursuant to a duly adopted ordinance of the City of Bloomington, Indiana, subject to the approval of the IURC or its successor. CBU shall give written notice to the Corporation of any filing which CBU makes with the IURC regarding any matter which affects the Corporation. Such notice shall be made contemporaneously with such filing.
9. Payment. The Corporation shall pay CBU no later than twenty (20) days after the date of billing for water delivered during the previous month. Payment shall be in accordance with the rates set out in Section 8 of this Contract, plus any applicable monthly meter charges.

10. Reports. The Corporation shall, on an annual basis, submit to CBU a copy of its report to the Indiana Utility Regulatory Commission or, if the Corporation is not required to file such report, a copy of its financial report, along with the number of customers served by class and the amount of water sold in gallons by customer class. The Corporation shall also, on an annual basis, submit to CBU a copy of its current schedule of rates and charges.
11. Failure to Deliver. CBU will, at all times, operate and maintain its system in an efficient manner and will take such action as may be necessary to furnish the Corporation with quantities of water required by the Corporation. Temporary or partial failures to deliver water shall be remedied with all possible dispatch. In the event of an extended shortage of water, water emergency, or the supply of water available to CBU is otherwise diminished over an extended period of time, the supply of water to the Corporation shall be restricted, reduced or diminished in the same manner, ratio or proportion as the supply to other customers of CBU is restricted, reduced or diminished. An act of God or other occurrence or event beyond the control of the parties which results in the inability of performance under this Contract by either CBU or the Corporation shall operate to suspend the obligations of this Contract until such time as remedial action will permit a resumption of performance.
12. Regulatory Agencies and Dispute Resolution. This Contract is subject to 170 IAC 1-1 *et seq.* and 170 IAC 6 *et seq.* and other rules and regulations of the IURC that are applicable to public water utilities. CBU and the Corporation will cooperate in obtaining such permits and approvals as may be required to comply with those rules and regulations and with all other controlling law unless the Corporation determines that the permit or approval sought by CBU is not in the best interest of the Corporation. The IURC shall have sole jurisdiction to resolve any disputes arising under this Contract, and the service boundaries between CBU and the Corporation. If a party ("Initiating Party") to this Contract, which has been removed from the IURC's jurisdiction, proposes to undertake an action or activity, or to cease an action or activity, which would have required IURC approval if the Initiating Party were still regulated by the IURC, and affects the other party ("Responding Party") to this Contract, the Initiating Party shall notify the Responding Party at least thirty (30) days prior to implementing the proposal. If the Responding Party agrees to the proposal, the parties will cooperate to implement the proposal. If the Responding Party objects to the proposal, it shall so notify the Initiating Party within thirty (30) days. If the Responding Party timely objects, the Initiating Party shall not implement the proposal. If the parties cannot reach agreement on the proposal, the parties agree to submit the dispute to the IURC for resolution and stipulate to the IURC's jurisdiction over the parties and subject matter as may be necessary to resolve the dispute. If the IURC refuses to hear and resolve the dispute, the parties shall submit the dispute to arbitration as follows:
  - a. The arbitrator must be an attorney who has served as an IURC Commissioner or Administrative Law Judge, or an attorney with at least five (5) years of experience in IURC practice. If the parties do not agree as to an arbitrator, each party will submit a list of three (3) qualified individuals who have indicated a willingness to serve as an arbitrator. The current Chairman of the Utility Section of the Indiana State Bar Association will be asked to select a seventh candidate. Each party will strike three (3) names from the list of seven and the remaining candidate will serve as the arbitrator to resolve the dispute.

- b. The arbitration will be conducted as if both parties were fully regulated pursuant to the Public Service Act, as amended, 170 IAC 1-1 *et seq.* and 170 IAC 6 *et seq.*, and in accordance with all procedural requirements and practices of an IURC hearing. If the parties do not agree on a procedural schedule and a schedule for the pre-filing of evidence to be submitted at the arbitration, the parties will submit their respective proposals to the arbitrator, who will then determine a procedural and pre-filing schedule.
  - c. The arbitration proceeding will be of record unless both parties waive this requirement. The Initiating Party will have the burden of proof and the burden of going forward in support of its proposal, and will have the right to open and close. The parties will have the right to present such witnesses and evidence as they deem appropriate in support of their respective positions. At the close of the parties' presentations, the parties will have the right to submit briefs and proposed orders to the arbitrator. The arbitrator will submit his or her written determination of the dispute within sixty (60) days of the submission of the parties' last post-arbitration submission. The arbitrator's final determination will be in the general form of an IURC order.
  - d. The costs of arbitration, including but not limited to the arbitrator's fee, reporter's sitting fee and any facility fee, shall be shared equally, and promptly paid, by the parties. Each party shall be responsible for its own respective attorney fees, professional fees, witness fees, transcript fees and other fees and costs related to each party's own arbitration presentation.
13. Secondary Provider. During the term of this Contract, the Corporation shall not obtain water from a source other than CBU except under the "Failure to Deliver" circumstances set out in Section 9 above. Upon recovery of CBU's ability to deliver water, the Corporation shall not obtain water from another source.
14. Boundaries. The territory and boundaries within which the Corporation shall be permitted to furnish water to its customers shall be as shown on the map which is attached hereto, marked as Exhibit "A", and by this reference incorporated herein. CBU may redraw and adjust the boundaries and territory as CBU deems necessary but will not do so without notifying the Corporation in advance of doing so. Any adjustments to the boundaries will not affect any existing customers of either party unless the customer consents to the change.
15. Cross-Connections. The Corporation shall not permit any cross-connections between private and individual systems. A cross-connection, for purposes of this Contract, is defined as follows:
- a. The connection into the distribution system of the Corporation by any private or individual water distribution system which resells water at retail or wholesale to customers or members of the private or individual system; or
  - b. The connection into the distribution system of the Corporation of any distribution system, line or pipe which is connected to any water or sewer source, sanitary or storm, other than CBU's water distribution system.
16. Revisions to Contract. All provisions of this Contract may be modified or altered in writing by

the mutual agreement of CBU and the Corporation, subject to required regulatory approvals.

17. Prior Contract. This Contract supersedes any and all previous contracts for the sale of water by and between the parties.

18. Intent to be Bound. CBU and the Corporation each bind themselves and their successors, and assigns in respect to all provisions of this Agreement.

**IN WITNESS WHEREOF**, the parties hereto have set their hands and seals on the day and date first set forth.
