Memo

An Appropriation Ordinance, Resolution and Ordinance Ready for Discussion at the Committee of the Whole on Wednesday June 7th

There are three pieces of legislation ready for discussion at the Committee of the Whole next Wednesday: an appropriation ordinance (appropriating reversions from the end of 2016) and a resolution/ordinance pair (which would approve a tax abatement for a project with a workforce housing component). Revised versions of the appropriation ordinance and memo are included in this packet and the remaining materials and summaries can be found online as indicated above.

Please know that another resolution/ordinance pair, also included in last week's packet, merely correct a previous tax abatement and will appear on the agenda for the 14 June 2107 Regular Session without being heard at the Committee of the Whole next week.

Bloomington Common Council

ATTEST:

NICOLE BOLDEN, Clerk
City of Bloomington

PRESENTED by me to the Mayor of the City of Bloomington, Monroe County, Indiana, upon this _____ day of _____, 2017.

NICOLE BOLDEN, Clerk
City of Bloomington

SIGNED and APPROVED by me upon this _____ day of _____, 2017.

JOHN HAMILTON, Mayor
City of Bloomington

SYNOPSIS

This ordinance appropriates an additional \$2,707,547 of funds from the General Fund, Parks General Fund, Motor Vehicle Highway Fund, Parking Meter Fund, Parking Facilities Fund and the Vehicle Replacement Fund. This amount is a portion of the \$3,901,854 reverted to various City funds at the end of last year and will be used for temporary labor, supplies training, outside services, grants, equipment, and capital replacements.

Note: This legislation was revised after it was distributed in the weekly Council Legislative Packet on May 26, 2017 and introduced at the Regular Session on May 31, 2017. The revisions corrected references to some city departments which would receive funds via this legislation.

Memorandum

To: Council Members
From: John Hamilton, Mayor & Jeffrey Underwood, Controller
Date: May 25, 2017
Re: Appropriation Ordinance 17-02

Appropriation Ordinance 17-02 represents our request to appropriate a portion of the 2016 budget reversions year-end appropriation.

By the end of 2016, departments reverted a total of \$3,901,854 in six (6) funds (General Fund, Parks General Fund, Motor Vehicle Highway, Parking Facilities, Parking Meter, and Vehicle Replacement).

As the Mayor has discussed on several occasions it is his goal for Department Heads to be good stewards of the City's funds and to strive to find innovative ways to become as efficient as possible in utilizing these funds. In doing so, he stated it was also his goal to share savings with the Department on an equal basis. This proposed ordinance reflects those goals. Department including the Council and Clerks office were presented with their share of savings and asked to prepare a plan for the use of those funds. In addition, the Administration reviewed the remaining savings and developed a plan, with input from the Council, for the use of those funds.

Major themes from departments include funding for short-term personnel, supplies, training, outside services, program support for grants and outreach efforts, equipment and equipment replacement along with capital/vehicle replacement.

The Administration requests funds for a Parking study, Master Architect and Capital/Vehicle replacement.

Conclusion:

The total amount of these requests is \$2,707,547 from a total reversion in these funds of \$3,901,854. This leaves reversions of \$1,194,307. We are continuing to review our capital replacement needs and may return to the Council later in the year to appropriate remaining reversions.

The City strives to maintain appropriate reserve levels in each of its funds. We are currently conducting a risk-based analysis of each of our funds that will serve as a guide to the appropriate levels of reserves. This analysis looks at a number of factors such as the potential for revenue shortfalls, unanticipated expenditures, creditworthiness and liquidity.

The Government Finance Officers Association (GFOA) recommends, at a minimum, that general-purpose governments, regardless of size, maintain unrestricted budgetary fund balance in their general fund of no less than two months of regular general fund operating revenues or regular general fund operating expenditures.

After this appropriation of these reversions, we will continue to maintain reserves equal to four months of general fund operating expenditures.

Thank you for the consideration of this request.
