It was moved and seconded that Ordinance 95-27 be adopted. The synopsis was given.

Lynn Friedmeyer reviewed the details of the outline plan amendment and the zoning designations of the surrounding areas. The request is to expand the list of allowed uses to accommodate a prospective occupant; manufacturing uses, tool and dye, printing, and building supplies (two other uses were listed, but the quality of tape is obscured by shuffling paper noise). The list is attached to the ordinance. All materials must be stored inside the building and cannot be warehoused outside.

Joe Landrey, the petitioner, was present and clarified some questions about the actual address of the site. He said that the proposed landscaping would act as a buffer for the IU recycling area that is located there.

Cole hoped that the Vernal Pike businesses would keep this corridor clean and attractive as it is an important entry to our city.
