IX. ADJOURNMENT

In the Council Chambers of the Municipal Building held on Wednesday, May 18, 1988, at 7:30 P.M. with Council President Service presiding over a Regular Session of the Common Council.

COMMON COUNCIL
REGULAR SESSION
MAY 18, 1988

Roll Call: Gardner, Hogan, Olcott, Service, Young, Register, White. Absent: Kiesling, Fernandez.

Service presented the agenda summation.

AGENDA SUMMATION

The minutes of May 4, 1988 were approved by a voice vote.

APPROVAL OF MINUTES

Hogan commented on the recent barrage of letters and articles about Bobby Knight saying that it has become a media event to criticize Knight, that he is an extremely talented basketball coach and a tremendous asset to our community and that he is pleased that he is staying in Bloomington. Gardner thanked the City of Bloomington for its donation to the Rape Crisis Center and said that \$60,000 in additional funds will be needed for operating funds.

MESSAGES FROM
COUNCIL MEMBERS

Olcott congratulated Pat Williams on her recent marriage and offered best wishes to both the bride and groom.

It's also National Tourism Week and the local program is "Invite a Friend to Bloomington". Anyone in the country can call 334-8900 and the person will receive a complete packet about Bloomington.

Young also congratulated Pat and Tom Coleman on their recent marriage.

Register reminded people about the summer paint program sponsored by the Redevelopment Dept. with the usual fee split with the city/homeowner.

White announced that Bobbi Kamen, Director of the Older American Center for eight years has resigned. He wished her the best of luck and thanked her for a job very well done.

Service wished the mayor a speedy recovery.

There were no messages from the Mayor's office except for Mike Davis also wishing the mayor a quick recovery and return to work.

MESSAGES FROM THE
MAYOR

Dean Behnke reported to the Council that there are no plans, at this time for the closing of North Dunn St. There has been much discussion of such a proposal and despite the fact that the rural design of this road has placed it almost in the middle of the City. An '85 study resulted in some signage changes to alert motorists to the particular terrain, but the cost to close or redirect would be astronomical and the usage of that road just does not warrant that type of expense. Traffic counts indicate 1,000 cars a day on No. Dunn and 4,000 cars/day on Old 37.

MESSAGES FROM CITY
OFFICES

White suggested Deer Warning signs for the area

Julie Koegel, Tox Away Day Coordinator presented a final report to the Council. she noted that the original goals of the committee were met, namely the reduction of hazardous household waste, the education of our population and proper disposal of household waste. 280 people participated, 43 drums of waste were collected, three areas of collection were considered, latex materials, flammable liquids, and pesticides like DDT, Chlordane. Materials were incinerated where possible rather than landfilled and 8% of the materials collected were neutralized. The entire project came in under \$25,000 and people were very pleased with the opportunity to dispose of long time stored items that they had no idea of how to safely take care of. GSX did a good job and the only problem was the inability to take aerosol cans. Koegel said that drums for used motor oil are now available. Service thanked Koegel for a job well done.

COMMITTEE REPORTS

It was moved and seconded that Resolution 88-15 RESOLUTION 88-15
be introduced and read by title only. Clerk
Williams read the resolution.

It was moved and seconded that Resolution 88-15
be adopted. Sue Wheeler explained the grant
that the City is applying for that deals with
youth substance abuse programs.

The resolution received a roll call vote of
Ayes:7, Nays:0.

It was moved and seconded that Ordinance 88-14 ORDINANCE 88-14
be introduced and read by title only. Clerk
Williams read the ordinance by title only.

It was moved and seconded that Ordinance 88-14
be adopted. This ordinance dealing with a transfer
of funds from Clerk/Council Office budget lines
for a word processor was accepted with delight
and pleasure from the councilmembers.

The ordinance received a roll call vote of
Ayes:7, Nays:0.

It was moved and seconded that Ordinance 88-15 ORDINANCE 88-15
be introduced and read by title only. Clerk
Williams read the ordinance.

It was moved and seconded that Ordinance 88-15
be adopted. Ann Vaughan was available for questions
about lunch wagons.

The ordinance received a roll call vote of
Ayes:7, Nays:0.

It was moved and seconded that Ordinance 88-16 ORDINANCE 88-16
be introduced and read by title only. Clerk
Williams read the ordinance.

It was moved and seconded that Ordinance 88-16
be adopted.

It was moved and seconded that the ordinance be
amended to change in each instance that Lake
Griffey is mentioned that the name be officially
considered to be Griffy Lake. Roll Call Vote: Ayes:7,
Vicky Mayes said that this was proposed last Nays:0
week by Frank Ragan as a hope to finally have
one designated name. Research has been done
and there is significant evidence that Griffy
Lake is the proper title. Hogan commended the
Parks Department and Mayes reinforced the statement
that this ordinance puts into effect policies, rules
and regulations that the Parks Board has implemented.

Paul Schneider quoting Bill Jones of the Environmental
Commission, said the major concern of the Commission
was the area the City owned, not the entire
watershed (under discussion at this time).

Schneider said there is concern about the entire
area and especially concern about the horses
from the Devonshire area coming into the Griffy
area. He also said that there are no signs
about not using minnows for bait or taking bass
under 14" from the lake. He said he has asked
the Mayor repeatedly to do something about this.
Vicky Mayes said that each time there is a sign
change request it is carefully considered.
She said she would take the request back to
the Environmental Resources committee for
their consideration. This process takes place
to avoid covering the area with dozens and dozens
of signs to cover each and every possible situation.
Olcott asked about patrols and Mayes said a
staff of 4-5 are employed and there are always
three people on site during regular hours.
Schneider said that there are no personal at
the dam site. He said again, that signs would
help, that he would like to see the lake restocked,
because "the little guys are all fished out"

Gardner asked how often the lake is restocked and Mayes said it was 4-5 years ago when the lake was drained and then restocked. Dick Martin said that the build up of cars around the rental area is beginning to occur again. Cars are not supposed to park along the road. Martin also said the DNR is checking fishing licenses and the problem really has to do with how we enforce the rules and regs at the lake. City boundaries are not marked and there is no way of knowing if land is City, private or owned by I.U. Mayes said the question of ice skating and ice fishing has come up and there are no recommendations at this time for ice/water based activities. She said boundary markings will have to be taken under advisement. There are 1200 acres under consideration and most of the concern has been the area closest to the lake and used by the greater number of people. Regarding the parking problem, notices are placed on cars that are parked on the road.

Tom Zellar said he supported these regulations being elevated to ordinance level. He said the problem is compounded by the fact that upstream there are trails that cover private and public lands both. He expressed concern about motorcycles & bikes along the shoreline. He suggested that the major access on Russell Road be gated and signed. Mayes said that would be taken care of.
as amended
The ordinance received a roll call vote of
Ayes:7, Nays:0

It was moved and seconded that Resolution 88-16 be introduced and read by title only. Clerk Williams read the resolution.

It was moved and seconded that Resolution 88-16 be adopted. RESOLUTION 88-16

Donna Robinson, President of the Arts Council said that a membership drive has begun and art will be reinstated in the Council Chambers in the very near future. Robinson also told the Council about the artist in resident program and said that Leland Faulkner would be in Bloomington on May 27.

The resolution received a roll call vote of
Ayes:7, Nays:0.

It was moved and seconded that the following ordinances be introduced and read by title only for first reading by the Clerk. Clerk Williams read the legislation by title only.

LEGISLATION FOR
FIRST READING

ORDINANCE 88-18
ORDINANCE 88-17

Ordinance 88-18 To Add a Subsection to Title 15 of the BMC Entitled "Vehicles and Traffic"
Ordinance 88-17 To Amend the Zoning Maps from RE to RS and Grant Outline Plan Approval and PUD Designation re: 39 acres north of Griffy Lake on N. Dunn Street (North Pointe Development Corp., Petitioner)

Dick Martin asked about publishing parks and recreation policy changes.

PETITIONS AND
COMMUNICATIONS

David Schalk addressed the Council with a series of concerns, the need for an environmental attorney, the fact that the City has asked for Fell Iron to be included in the consent decree and Judge Dillon is the only person who can amend the decree. He said that any person can sue if there is any imminent threat to the environment and Geoff Grodner has said that only persons with independent cause can sue. He said the city would be well advised to seek reimbursement from Monsanto for full damage

and that he did not trust Joe Karaganis and can only suspect that he consults with the Mayor.

Mike Davis said that this Saturday, in the Third Street Park there will be a group meeting of recycling volunteers for the June 25 special program.

Olcott asked that a transcript of Mr. Schalk's remarks be typed and send to Mr. Karaganis.

The meeting was adjourned at 8:45 P.M.

ADJOURNMENT

APPROVE:

Pam Service, President
Bloomington Common Council

ATTEST:

Patricia Williams
City Clerk of Bloomington
