the Common Council.

Foley, Young. Absent: Murphy.

Gross gave the agenda summation.

AGENDA SUMMATION

Service discussed some of the comments she has heard since the public comment on the consent decree was cut short by the public demonstration at last weeks meeting. She said that people said they were surprised that she voted for the decree. She assured everyone that she was not duped or was not being blackmailed by any of the parties involved, pressured, yes, but certainly not blackmailed. Service said that she had concerns about the decree, that the decree was not perfect and she voted for the decree because she is an environmentalist. "There is an environmental problem in our community and there is not a wide variety of options available to us", Service said. She said she doesn't trust the EPA or Westinghouse and because of that distrust it is very important that the City has input to prevent Bloomington from becoming the toxic waste disposal center of the midwest. Service, in response to people expressing concern for babies and children, reminded people that she lives here too and has a child that is growing up in Bloomington as well, and that as tired as everyone is, we cannot afford to drop our vigilance. "This is just the beginning".

MESSAGES FROM
COUNCILMEMBERS

Young wished the Mayor a Happy Birthday. Mayor Allison's birthday is tomorrow.

Gross commended the Council regarding last weeks chaotic council meeting and said she was proud to be a member of the council.

Mayor Allison complimented the Council for their courageous composure at last weeks meeting and she told Service that she appreciated her comments and feelings regarding the decree.
