LINCOLN ST NO PARKING  
AND THE SATURDAY  
MARKET NO PARKING.

Olcott moved and Morrison seconded a motion to adopt Ordinance 83-1. Porter read the legislative synopsis and gave the Committee report.

Geri Wells of the Human Resources Department presented a letter from the downtown merchants and the general feeling was that the time period for No Parking around the square on Saturday Market day was not a major issue. The amendment suggested shortening the hours in which No Parking would be allowed. Wells said that the publicized hours for the market are well known and she felt that it would be confusing to have market hours and No Parking hours differ by several hours.

The amendment received a roll call vote of Ayes:7, Nays:0.

The amendment concerning the parking on Lincoln Street between First and Second.

Olcott suggested putting the parking back to the original side (that is, the East side).

Scott Arnett, a resident of the area, felt that the parking on the west side of the street (as it exists now) is safer; and that the real issue is safety not convenience. It is now much easier to turn north into Lincoln Street from University Street than it was before. Mr. Arnett presented a petition signed by 25 residents of the area approving the present arrangement.

Tracy Arnett said that more consideration should be given to traffic turning into a street from another street than from a driveway.

Eric Holm, another resident of the area, said that on a weekend as many as fifty cars are parked in the apartment complex parking lot and that all of those cars entering and leaving present a real hazard.

Olcott suggested asking the Police Safety Board to review the area and make a recommendation to the Council.
