In response to several plans presented, Towell presented an amendment. A copy is attached to the official minutes.

Morrison said that prior to his becoming a councilmember no one really represented the west side or cared about it. The people who live in Bloomington 2 and 3 are the people who got the federal funds for the area; no one living in Perry 14 or Van Buren 2 could really care about that district.

Hogan said that a committee had been formed and proposed a plan. He agreed with that original proposal.

Morrison said that his district was heavily democratic and still he was re-elected. He said that no one from Perry 14 could be elected. He said that people want good representation.

Towell agreed with Morrison.

Hogan expressed concern that incumbents would not actually be representing the constituents that elected them in the first place. Dilcher said that this would not be effective until November of 1983.

Towell said that at one time Perry 1 and 14 were one and that Bloomington 17 has also been in that district.

Morrison said that the west side knows that you cannot depend on a political party, just the person representing it and that he would campaign actively.

Towell said that the west side was favored by this plan and that the west side is still very much intact.

The ordinance received a roll call vote of Ayes:5, Nays: 4. (Porter, Olcott, Morrison, Hogan).
