

The Council Chamber of the Municipal Building on Thursday, February 17, 1972, at 7:30 p.m., E.S.T., with Council President, Charlotte T. Zietlow, presiding.

REGULAR MEETING
COMMON COUNCIL
CITY OF BLOOMINGTON,
INDIANA

Members present:

ROLL CALL

James Ackerman, Richard Behen, Hubert Davis, Brian de St. Croix, Wayne Fix, Sherwin Mizell, Jack Morrison, Alfred Towell, Charlotte Zietlow.

Members absent: None.

Councilman Davis.

INVOCATION

Mayor Francis X. McCloskey; Martha Sims, City Controller; Marvard Clark, Assistant City Engineer; Lt. Col. Chamber, Chief of Police, Richard Gose, Fire Chief; Russell Parks, Director of Public Safety; Grace E. Johnson, City Clerk; Tim Hodenfield, administrative aide, Bill Wilson, Director Parks and Recreation; Danny Fulton, Director of Redevelopment.

CITY OFFICIALS PRESENT

Approximately 85 including members of the press.

OTHERS PRESENT

Councilman Morrison moved that the Minutes of the previous meeting of February 3, 1972, be approved as submitted. Councilman Towell seconded the motion, and it carried by unanimous voice vote.

MINUTES

Councilman Davis moved that the claims and payrolls presented for payment February 4, 1972, and February 18, 1972, be approved. Councilman Morrison seconded the motion, and it carried by unanimous voice vote.

EXAMINATION OF CLAIMS

Mayor Francis X. McCloskey spoke about the safety problem on South High Street, an area critically detrimental to the safety of school children and spoke of a tragic accident which occurred the day before in which a twelve year old girl was killed while crossing High Street. He said he had talked briefly with Dr. Walton on this safety program and also with Mrs. Brown, Chairman of the Board of Works, and suggested that perhaps a meeting would be held the following Wednesday in the Plan Room of all local public officials concerned with sidewalk safety. They are trying to seek both short range and long range solutions. He suggested the time had come when we must look to the overall budgetary responsibility of the City, and suggested very strongly that in preparing the budgets in the ensuing months that the next budget for the City of Bloomington contain a major commitment for the construction of sidewalks. In the early years it will have to be on an emergency basis. There should be an intensive study of the most critical areas and these are going to have to receive sidewalks first. He thinks this is one of the most important items; that over the years people have said it wasn't the responsibility of the

MAYOR'S SPEECH

city, but legal non-responsibility gradually phases into moral responsibility. He said one of the local newspapers in the discussion of the tragic accident called for county city cooperation.

He said that after meeting with the NDD officials he was very optimistic after a very detailed discussion and it is hoped that within a few weeks they will have a commitment for an early implementation of the NDP program and perhaps to get water and sewer lines under way by this Fall. Many other problems including those relating to county-city cooperation were discussed, and if the job is to be done right, we will need Federal funding from the water and sewer funding program, also if we are going to have environmental protecting agency funds we are going to have to go to area wide planning. He said he thought that within a year there would be some formalized system of area wide planning. That the most important reason is regardless of Federal dictates or what the federal bureaucracy would like, we need it here now, regardless of federal funds, the economic reality is that unless we do it, we will not get the critically needed funds.

He stated he had been meeting with the Limestone Company constantly in regard to the Dust Mill problem. That by the first of the week there should be a contract proposal which calls for a sixty working day period to take the structure down. Mayor McCloskey said this in reality would add up to eighty days and he told them this amount of time was unsatisfactory, and that the City Administration would cooperate in any way so as to cut the time limit down.

Mr. James Wray, Street Commissioner, reported that beginning February 28, 1972, one city truck with three men would follow the city trash routes in picking up newspapers and magazines which will then be sold to Fell Iron & Metal company. Prices for the paper for the 120 day period areas follows: Newspapers, will be sold at \$8.00 per ton, magazines at \$5.00 per ton. At the request of the Board of Public Works, Department of Transportation will keep records of income, and expenses for the duration of the program. Records will consist of the following: Gross income; Fell Iron and Metal Company has been directed to make a check payable to the city of Bloomington on the 5th day of each month, beginning April 5, 1972 for the preceeding month's tonnage. A receipt will be kept for each load perhaps on a daily basis. A carbon copy of each receipt will be sent to the City with each check. Expenses will include the following items: One truck driver will be paid wages of \$2.97 per hour, two laborers at the rate of \$2.86 per hour; operational expenses, such as gas, oil, and realistic allowance for depreciation of equipment will be kept.

REPORTS FROM CITY OFFICIALS
AND DEPARTMENT HEADS

James Wray-Recycling

Net income or loss will be based on the above income and expenses. Since they cannot establish a figure for overhead expense, this will need to be considered at the end of the program if other office personnel must be hired to operate this program.

The following rules and regulations must be followed:

1. Paper routes will coincide with garbage and trash routes except the time of day will be different.
2. No paper with garbage or waste material will be picked up.
3. Newspapers and magazines should be tied up in separate bundles.
4. Bundles cannot weigh over 25 pounds.
5. Bundles must be tied securely with twine. Other methods of bundling are unsatisfactory due to the risk of the papers blowing off of the truck.
6. Put papers out on rainy days just like any other day.
7. Can take all types of paper except-
 - a. Cardboard boxes with wax
 - b. Carbon paper
 - c. Mimeograph paper with carbon
 - d. Aluminum paper types
 - e. Stencil paper

Mr. John Spiros of WTIU, Public Affairs Producer, stated WTIU had made a phone survey to the people of Bloomington on paper and Glass recycling. The survey was conducted by Jack Hanrahan, an I.U. doctor's student in Mass Communications. A copy of the report is made a part of the minutes.

Report from John Spiros
Paper Recycling

Mr. Danny Fulton, Director of Redevelopment said he was very pleased, and optimistic with the meetings they have had with HUD officials. The City has committed itself in doing what HUD has asked them to do and in turn he thought HUD was going to respond favorably to our request in terms of funds and in terms of activities in the programs that we are asking for.

Report Miller Drive-HUD
Danny Fulton

In reference to the Dust Mill situation, he said a letter had been sent to the owners of the Dust Mill demanding that it be torn down. He said there was a partnership agreement which the City didn't know about and there could be some problems in getting the two partners together to agree who is going to tear the building down, who was going to pay for tearing it down and how long it was going to take. Hopefully we will have an answer to these by next Monday.

Mrs. Sims said she has had great cooperation from the various Department Heads, and the greatest concern is getting last year's bills paid.

Report from City Controller
Martha Sims

Councilman Wayne Fix read the following request from the Committee on Land Use of the Environmental Quality and Conservation Commission:

REPORTS FROM OFFICIAL BOARDS
AND COMMISSIONS

"The Land Use Committee requests that the Commission on Environmental Quality and Conservation endorse and submit the following resolutions to the City Council:

1. That the City Engineer and Planning Commission add hydrologic considerations to the criteria employed in approving building permits and developments,
2. That land use and construction within the flood plains anticipate the intermittent presence of standing water, and
3. That construction within the watershed should be properly planned to cause no major change in the quantity or quality of run-off waters.

These resolutions are offered in an attempt to help dispel confusion evidenced in recent discussions of a construction moratorium."

Councilman Fix moved that the resolutions be sent to the Plan Commission. Councilman Towell seconded the motion, and it carried.

None.

REPORTS FROM STANDING
COMMITTEES

Councilman de St. Croix said there were still three persons to be appointed to the Task Force of the Manpower Study Committee and after these are named he will announce a meeting date.

REPORTS FROM SPECIAL
COMMITTEES
Councilman de St. Croix-
Manpower Study Committee

Councilman Towell said that his meeting of the Housing Committee was rather a discouraging meeting. Several people came and some very strong emotions were involved and they did not come to any constructive discussion. A suggestion was made during the meeting that they form a smaller committee that perhaps could have some constructive discussion. He said that he was quite willing to do this and that since then they have had a number of applications. He said he was not ready to announce a meeting date of the committee, but there would be one held soon. He reported there were some personal attacks on him at the first meeting; it was said he could not be Chairman of the Committee because he campaigned saying that he thought there should be something done about landlord-tenant situations and therefore, had a prejudice case. He read an excerpt from his campaign speech as follows: Housing codes have not been enforced leaving the health, and safety of the tenants to the mercy of their landlords, undermining confidence in neighborhoods. The deterioration of older buildings with little or no maintenance used justified tearing them down for new higher rent buildings. The ensuing one-sided war of landlords and tenants is escalated with leases that waive landlord liability, thirty day notice of eviction and ordinary privacy."

Report-Councilman Towell
Housing Committee

He stated in the future of Bloomington something needed to be done in this area. He had checked the statistics of the past ten years and all of its growth has been in rental units and it is the renters we have added to our population. We have only 58 more single family units than we had in 1960, even tho we built about 1300. That the tenants have had no recourse in their disputes, and the landlords have everything on their side. He said what he wanted in any proposal was to find some way that both these groups could live with ordinary courtesy and respect for each other, and have "business as usual" so to speak where each understands the benefit they are receiving from the other. He hoped this would be the kind of spirit that can be maintained in the discussion of any proposals of a small committee or in future hearings. He said he was not turning back and was not less determined than he was or less interested in the problem and he would like to see the discussion on a different plane and perhaps a smaller committee would be the answer to that.

Mayor McCloskey said he wanted to compliment Councilman Towell for his performance at the meeting in the face of heavy flack, and he thought much of this flack was due to disgruntlement that this problem was being discussed.

Councilman Davis said the Transportation Commission task force had a public hearing with approximately 37 people present. There are four persons serving with him on the task force, two from Indiana University Law School and two are citizens from one of the areas effected by the parking ordinance. He said they did not resolve the question which is a very tough question to face. He said they would have a report for the Council at their second meeting in March, and at that time they will present the perspective the task force has gathered.

Councilman Davis-Transp.
Report on Parking Ord. #25

Mr. Tom Ross said after the meeting he had several bad remarks made to him, one threatening to shoot him, which he didn't take so humorously at the time. He said that he runs a Student Legal Services and any student who comes in with complaint he has to pursue it. He said there were three individuals who had come into the office with complaints of having cars towed away under the Ordinance #25 signs, and he had no choice but to plan to follow up with legal action if necessary. He said that rather than suing the City he chose to approach the Council and propose that perhaps we change the ordinance, making it legal with the needs of the community in mind. It was not an attempt to displace elderly people from their homes, or people carrying heavy groceries into their homes having to walk two or three blocks to their home, that this was not his purpose for involvement in this matter.

He proposed that the ordinance be redrawn on the basis of need, that no future permits be given and weed out the violators.

Mr. Bill Wilson, Director of Parks and Recreation presented a report to the common Council, a copy of which is made a part of the Minutes.

Park & Recreation Dept.
Report-Bill Wilson

He also presented for ratification of the Council an agreement between the City and Department of Parks and Recreation for the transfer of land and equipment at Lake Lemon. Copy of the agreement is made a part of the Minutes.

The City Clerk, read the proposed agreement. Councilman de St. Croix moved that the agreement be ratified. Councilman Morrison seconded the motion.

Roll call vote: Ayes 9, nays 0.

Councilman Morrison moved that proposed Ordinance No. 72-7 be introduced and read by the Clerk. Councilman Mizell seconded the motion.

INTRODUCTION OF ORDINANCES

Ord. 72-7
Junk Cars

The Clerk read proposed Ordinance No. 72-7.

Councilman Morrison moved that proposed Ordinance No. 72-8 be introduced and read by the Clerk. Councilman Towell seconded the motion.

Ordinance No. 72-8
Animal Control Commission

The Clerk read proposed Ordinance No. 72-8.

Councilman Morrison moved that proposed Ordinance No. 72-9 be introduced and read by the Clerk. Councilman Towell seconded the motion.

Ordinance No. 72-9
Amendment to Ord. 71-19
Drug Commission

The Clerk read proposed Ordinance No. 72-9.

Councilman Morrison moved that proposed Resolution No. 72-9 be introduced and read by the Clerk. Councilman Towell seconded the motion.

RESOLUTIONS

Resolution No. 72-9
Investment of Funds

The Clerk read proposed Resolution No. 72-9.

Councilman Morrison moved that proposed Resolution No. 72-9 be adopted. Councilman Towell seconded the motion.

Roll call vote: Ayes 9, nays 0.

Councilman Morrison moved that proposed Resolution No. 72-10 be introduced and read by the Clerk. Councilman Towell seconded the motion.

Resolution No. 72-10
Transfer of Funds

The Clerk read proposed Resolution No. 72-10.

Councilman Morrison moved that proposed Resolution No. 72-10 be adopted. Councilman Towell seconded the motion.

Roll call vote: Ayes 9, nays 0.

Councilman Morrison moved that proposed Resolution No. 72-11 be introduced and read by the Clerk. Councilman Towell seconded the motion.

Resolution No. 72-11
Flood Plain Insurance

The Clerk read proposed Resolution No. 72-11.

Councilman Morrison moved that proposed Resolution No. 72-11 be adopted. Councilman Towell seconded the motion.

Roll call vote : Ayes 9, nays 0.

Councilman Morrison moved that proposed Resolution No. 72-12 be introduced and read by the Clerk. Councilman Mizell seconded the motion. Resolution No. 72-12 War in Indo-China

The Clerk read proposed Resolution No. 72-12. Councilman Zietlow read a statement, a copy of which is made a part of the Minutes. Councilman Morrison moved that proposed Resolution No. 72-12 be adopted. Councilman Mizell seconded the motion.

Councilman Behen said the resolution would have no more effect on our President or Secretary of State than if we tied it to a balloon with Helium.

Councilman Ackerman said he campaigned on the issue that the City was not making ample use of Federal funds. That the voters put him in office with a mandate that we get back from Washington our fair share of what we have been sending in. One of his deepest disappointments during his short term in office is that many Federal programs which we could of tapped several years ago are now drying up, the HUD and NDP monies are in question, questions hang over the possibility of funds for a Mass Transit system, because the money billions of dollars is going into war which no one wants.....

Councilman Towell said he thought that the citizens should be heard and make their view known on the war. He said he would like to see other public officials express their ideas on this subject and the effect of the war on the community.

Councilman de St. Croix said he had searched the records of the city which revealed Mayor John Hooker, Jr., proclaimed an end to the Viet Nam war in 1967. Had this been a resolution he would have suggested its repeal. He stated the war in Indo China has effected elected officials ability to serve the people, that there is a lack of growing confidence of people in their elected officials, because of the problems, lives, etc., that we have experienced with the Indo-China conflict. He said this resolution was worded as a statement of personal concern on a moral matter effecting the city or a collective opinion on this council. He said it was his own personal opinion that we have to speak out on these issues, that the war in Viet Nam must end, and until it does end we are going to experience business problems in this community.

Councilman Davis said he would support the resolution, that the War in Viet Nam has a direct effect upon the City of Bloomington.

Councilman Fix said he felt that the citizens had a right to speak through their Council and that he supported the resolution.

Councilman Mizell said he shared the same view and he would vote on the resolution as an individual and not as representing the municipal policy. Councilman Morrison said he was a Veteran of World War II and he knew what goes on in war. He said people could not believe what the newspapers write about the war, that it has to come from the men who were over there, who know what is going on. Mayor McCloskey said his views on Viet Nam War was that we should not be there another day. He said local officials should speak out on the war issues, because their constituents look to them for a moral leadership. He felt that when someone asked directly how you stand on the war issues, you have a moral responsibility to answer them.

Mr. Grant Williams, a veteran said the resolution should be amended to include young women as well as men. He said a crisis of confidence has developed over the past eight years leading to chaos in the streets and on college campuses. He said 73 per cent of the American population wants this war to end and there is no reason to believe that Bloomington is not a typical city.

Several veterans of World War II spoke against the resolution.

Councilman de St. Croix moved that the resolution be amended to include young women as well as men. Motion seconded by Councilman Morrison, and it carried.

Roll call vote: Ayes 8, nays 1 (Behen) Councilman Morrison on voting yes, said he was doing so only because this was an undeclared war by the U.S., and he felt it was an unjust war.

Councilman Morrison moved that proposed Ordinance No. 72-6 be introduced and read by the Clerk as amended. Councilman Towell seconded the motion.

ORDINANCES-SECOND READING

Ordinance No. 72-6
Traffic Ord.

The Clerk read proposed Ordinance No. 72-6.

Councilman Morrison moved that proposed Ordinance No. 72-6 be adopted. Councilman Towell seconded the motion.

Roll call vote: Ayes 9, nays 0.

None.

REMONSTRANCES AND OBJECTIONS

Mrs. Suzanna Ziemer of the Rogers PTA Safety Committee read the following report:

PETITIONS AND COMMUNICATIONS

High Street Sidewalk Situation

"It has come to our attention that the Center for Safety and Traffic Education at Indiana University would seriously consider doing a detailed study of the High Street sidewalk and roadway situation if they were requested

to do so by you, the City Council.

I have spoken to Mr. Bernard Loft, the Director of the Center and he said there would be no major expense involved for the City if the Center did the study. He can be reached at the I.U. HPER Bldg., telephone #337-3936. We strongly urge the City Council to take immediate advantage of this opportunity.

Meanwhile, our committee suggests that the City Council investigate various possibilities as a temporary relief to the High Street sidewalk problem. One such suggestion would be to install a temporary guard rail from Maxwell Lane south along High Street to Hillside Dr., and Moores Pike, if this would not create hazards of its own. We would like to see crosswalks designated by markings on the street itself. We have indicated this in detail in a letter to Mr. James Wray, City Street Commissioner, dated January 22, 1972.

Another measure which would move some pedestrian traffic off a portion of High Street is to develop a walkway one or two lots east of High Street which would connect at the back of Rogers-Binford Schools. We also feel that safety conditions on High Street could be improved if the present speed-limit of 20 miles per hour when children are present were enforced periodically by the use of radar cars. "

Respectfully submitted,
Rogers School P.T.A. Safety Committee
Suzanne Ziemer, Chairman

James Wray, transportation Director said he would have cost estimates for guard rails by the following afternoon. He also suggested the intersection of Southdowns and High Street might be made into a three-way stop and that brightly colored paint be used to mark crosswalks in the elementary and junior high school areas. He said he had already told his street crews to start cleaning and repainting the curb along High Street.

Mayor McCloskey said he had called a meeting for Wednesday with Mrs. Mary Lou Brown, Chairman of the Board of Works, and all local officials interested in sidewalk safety.

Mr. James Wray, City Transportation Director said there would be a public hearing on the Topics program very soon. He said the City must move swiftly if it is to get a chance at some two million dollars in federal funds before June deadline. He said if funds are not earmarked for specific projects the funds will revert to the federal treasury. He said the hearing will primarily deal with choosing projects for early implementation. The present administration favors the 3rd street project, but may seek other projects. He hopes to pool some \$73,000 in the street construction fund with money received from the State gasoline taxes to provide the city's fifty per cent share. Under the program the federal government will pay half of the cost, except the purchase of right-of way, for improvements of existing streets.

Topics Program

Mr. Jim Dorr of the East Central Neighborhood Association suggested that the old Monroe County Library site be used for a bus station.

Mr. James Wray, Transportation Director said the new bus the city was getting on a trial basis, carries 19 to 25 passengers. The problem of using a turn off facility would be that the whole program would have to be changed. That a study will be made of the people who ride the bus to see what they want, what they like about the bus, what they would change, etc. He said he would be opposed to changing the terminal site as it would not connect with the other bus. He reported new bus signs designating the routes were being put up at the seven locations.

OTHER NEW BUSINESS

Lt. Col. Chambers, Chief of Police stated that under the City Ordinance the cab companies have to submit their application for city license to the Council. As Chief of Police he is responsible to have the vehicles inspected in compliance with the city ordinance. He said all the vehicles have been inspected and met all requirements with the exception of the photographs, which the Campus cab company as soon as the pictures can be taken would be put in the cabs.

Application of License
Campus Cab

Councilman de St. Croix moved that the Council approve the License application of the Campus Cab as outlined by Chief Chambers. Councilman Morrison seconded the motion, and it carried by unanimous voice vote.

None.

UNFINISHED AND MISCELLANEOUS
BUSINESS

The meeting adjourned at the hour of 11:35 p.m.

ADJOURNMENT

Charlotte T. Zietlow
Charlotte T. Zietlow, President

ATTEST:

George J. Van Hook
Secretary

STATEMENT BY CHARLOTTE ZIETLOW,
COUNCIL PRESIDENT
WAR IN INDO-CHINA

We have a Resolution on the War in Indo-China. A number of people have said that this is not the business of a City Council, that we should take care of the nuts and bolts of city affairs, that time does not allow us to concern ourselves with such things, that we as City Council have no right to make recommendations on foreign affairs to our President. We have just spent our time talking of action that the City has taken about streets, sewers, water drainage, trash, flood plains, appropriations, junk cars, housing, parking employment-nuts and bolts. We have a President of the United States, elected by people in a democracy, The basic assumption is the equality of citizens-the implication is clearly that any citizen may speak to any citizen. Our President is not only a citizen he is the elected executive of the collective people of our country. We must be able to speak to him or democracy is not functioning as it was intended to be by our forefathers. According to the statutes empowering city councils the councils have the power and duty to deal with the health, safety and welfare of all citizens. Foreign affairs are not a defined area of -----, but action on such things is not ruled out, but that all is of less importance to me here. The fundamental issue of where people may speak out publicly to their government on issues of importance to them and to the community.

The resolution before us, whether or not some construe it to be city business, has been presented by citizens who do see it as such. In the dilemma of efficiency and gray area vs. free speech, as presiding officer I feel I must allow citizens to speak, having lived in a country where freedom of speech is denied, in the name of patriotism I feel very strongly we must preserve it here in this country. Therefore, we have this evening a resolution by which the rules, ordinances and resolutions committee of the Council has worked together with the veterans groups who have asked it to be entertained.

A Survey Report on Ecology-Oriented
Behavior in Bloomington

-submitted to the Bloomington City Council

-Thursday February 17, 1972

-by John Spiros
Public Affairs Producer
WTIU

WTIU has made a phone survey of Bloomington seeking information on paper and glass recycling and on the use of phosphate free detergents/soaps and lead-free gasolines.

The survey information is just a small part of a two-hour special program that will be aired next week on Channel 30. The program is about the people concerned with the environmental future of Bloomington and Monroe County.

But the program won't be on until next Wednesday night and since the city is beginning a recycling effort soon we felt we shouldn't wait any longer before releasing our data on recycling.

The survey project was directed by Jack Hanrahan, an I.U. doctoral student in Mass Communications. We made calls on January 23, 24, 25, and 31, 1972. The people in the survey were selected randomly from the Bloomington city section of the

telephone book. That section includes I.U.'s married student housing but excludes the dormitories. Our sample size was 483 phone numbers. Our survey has a sampling error of 5.2% which means our statistics could be off as much as 5.2% either way.

We interviewed 352 people. The rest of our sample either didn't answer the phone, were using it when we dialed, had had it disconnected, or refused an interview. Those numbers which were busy or unanswered we called back at least once.

PAPER RECYCLING

We found that 309 of the 352 people interviewed receive a daily newspaper. Of those getting a newspaper:

41% threw them in the garbage after using them.
33% recycled them
18% burned them

Of those getting magazines, 30% recycled them.

Most of the people who didn't recycle their newspapers or magazines were aware that it could be done. Half the reasons we got for not recycling involved inconvenience.

Almost a quarter of the people said they didn't know where to take the papers to be recycled.

For those who did recycle, University school was the drop off point used most. I.U. academic and housing buildings were second and third.

55% of the people in the survey were in some way associated with Indiana University. But roughly three-quarters of the people who recycle newspapers were connected with I.U.

PARK & RECREATION DEPARTMENT

Report to Common Council
February 17, 1972

Personnel

1. Six professional staff members

Organization

1. Recreation
 - a. Juke Box Center
 - b. Westside Community Center
 - c. Frank Southern Center
 - d. Pools, playgrounds, athletics, and school centers
2. Park - Maintenance (Ground Maintenance)
 - A. Park areas (13)
3. Building and Facilities
 - a. Three centers
 - b. Two pools
 - c. Ice skating building
 - d. Art center
 - e. Shelter houses
 - f. Rest rooms
4. Center for Older American (Federal Grant Program)
 - a. Foster Grandparents Program
5. Cascades Golf Course
 - a. Total maintenance program
6. Lake Lemon
 - a. Riddle Point
 - b. Beach
 - c. Picnic facilities
 - d. Concession
 - e. Camping

JUKEBOX COMMUNITY CENTER

The following classes are now being offered for youth and adults at the Center:

Ballet	Knitting
Baton	Oil Painting
Bridge	Photography
Cheerleading	Pre-School
Drama	Slim N Trim
Guitar	Upholstery
Interior Decorating	First Aid

Teen Activities offered are:

Photography
Games Room
Jukebox
Community Service Projects

Total weekly attendance - 700 participants
Daily attendance for teens - 30 after school; 50 evenings and 125-150 attend teen dances.

New interior decorations consisted of painting, posters, lights and new furnishings.

WEST SIDE CENTER

<u>Adult</u>	<u>Youth</u>
Bingo	Tye Dye/Macrame Classes
Bowling	Boy Scouts
Sewing/knitting classes	Sacket baseball
Card games	Roller skating
Basketball	Skeet shooting
Caffe Hours	Friday night movies
Potluck (monthly)	Basketball
	Weight lifting
	Arts & Crafts program
	Floor hockey

New additions:

Jukebox (new)
Re-painting of walls inside center
Remodeled office for director
Purchased new game equipment

FRANK SOUTHERN CENTER

Ice Skating

- Public Skating - 21 sessions per week
- Lessons - Youth - 20 classes per week
- Girl Scouts 6 classes per week
- Adult - 4 classes per week
- Skate club - weekly - 30 members
- Rentals - Private groups - 4 to 6 per month
- Hockey - Bloomington Youth Hockey
Adult Hockey
Indiana University Hockey Club

SPORTS - WINTER

- Basketball - Three Men's Leagues
Commercial Fast Break - 7 teams
Slow Break - 8 teams
RCA Industrial - 15 teams
- Volleyball - Men - Childs Elementary School
Women - Rogers Elementary School
Co-Ed - Childs, McCalla, Marlin Elementary Schools
- Non League - Adult Basketball - Fairview School
- Vacation Gym Programs - Dyer, University High, Binford, Central & Grandview
- Open Gym - Dyer Jr High - Monday, Wednesday & Friday nights

SQUARE DANCING

Classes are held at the Cascades Golf Clubhouse - Beginners on Wednesday night and intermediates on Thursday night.

Dances twice monthly on Saturday nights.

AQUATICS - BRYAN POOL

The following groups now using the "Winterized" pool are:

Swim Teams - Bloomington Swim Club
 Bloomington High School
 University High School
 Indiana University

Agencies - Stonebelt Council for Retarded Children
 Monroe County Pre-school for the Handicap
 Boy/Girl Scouts - Explorer Post - Canoeing
 Fire Department - Scuba

School
Physical Ed
Classes - Bloomington High School
 University High School
 Central Junior High
 Unionville

Classes
offered by
the Department - Slim N Swim
 Water Ballet
 Pre-school lessons
 Youth-adult Red Cross lessons
 Lifesaving

The pool is open to the public for swimming - six sessions per week and is also available for rental.

Interior improvements consist of building a custodial closet, guard room and an office for the manager.

The department recently employed an aquatics director who will be in charge of Bryan Pool, Mills Pool and Riddle Point Beach.

FUTURE ACTIVITIES

Cultural Arts Workshop Program

Gymnastics Program

Junior Judo Program

Girls/Womens Softball

CENTER FOR OLDER AMERICANS

115 E. Sixth Street

The Center for Older Americans is a multi-purpose, interdisciplinary central facility in and from which the needs of Older Americans in the City of Bloomington and Monroe County may be served in the areas of health, social welfare and recreation.

The center program attempts to initiate and coordinate services to those individuals who are in retirement or are making preparation for retirement.

FUNDING: The Center for Older Americans was made possible by a Title III grant from the Department of Health, Education and Welfare through the Indiana Commission on the Aging and Aged.

LOCATION: The Center is located at 115 East Sixth Street (Halls Electric Building).

RENOVATION: During the month of September the Park Maintenance Division, under the supervision of Mr. Bill Stancombe, renovated the building into a very attractive and comfortable facility. The facility includes a lobby, receptionist office, private office, two multi-purpose rooms, kitchen, basement and a large garage for future renovation.

STAFF: Staff members include: Director, receptionist, secretary-clerical, custodian and housekeeper, and two student assistants. All are part-time personnel other than the director of the Center. Four of the staff are Older Americans themselves.

PROGRAMMING: The Center initiated its first program during the first week of October. Numerous and various programs have been on the agenda since then.

Classes: Arts and Crafts, Oil Painting, Knitting and Crocheting

Eating Events: Pot Lucks, Sack Lunches, Desserts, Soup Dinner

Special Events: Penny Carnival, Christmas Party, Valentines Party, Lincoln and Washington Celebration

Educational Opportunities: Forum: Social Security and Welfare, Tour of Today's Schools during American Education Week, Book Reviews, Tour of I. U. Museum, Discussion and Tour: Housing

Entertainment: Audubon Wildlife Film, Ellettsville Brotherhood Singing Group, Kappa Fickers, First Christain Church Youth Choir, Films and Movies, Slide Presentations: McCormicks Creek State Park and Africa, Kitchen Band

Miscellaneous: Cards and Table Games, Bingo, Music Hour

HOURS OF OPERATION: The Center is open 40 hours a week, two weeks during the month and 48 hours a week the other two weeks.

Monday thru Friday 10:00- 5:00

Saturday 11:00- 4:00

Thursday Evening 5:00- 9:00

SUPPLEMENTAL AGREEMENT CONCERNING
LICENSING OF CITY PROPERTIES

WHEREAS: The Board of Public Works of the City of Bloomington, Indiana (hereinafter called the "Licensor") and the Board of Parks and Recreation of the City of Bloomington, Indiana (hereinafter called the "Licensee") have with the ratification of the Common Council and approval of the Mayor of the City of Bloomington, Indiana entered into an agreement dated the 28th day of December, 1971 concerning the licensing of city properties, and

WHEREAS: The Licensor and Licensee now wish to clarify the provisions of said agreement and to establish additional provisions,

NOW, THEREFORE, BE IT RESOLVED this supplemental agreement is made this 15th day of February, 1972, by and between the Board of Public Works of the City of Bloomington, Indiana and the Board of Parks and Recreation of the City of Bloomington, Indiana, with the ratification of the Common Council and approval of the Mayor of the City of Bloomington, Indiana.

WITNESSETH:

SECTION 1 The Licensor for and in consideration of the performance of the covenants previously agreed and herein contained to be kept and performed by the Licensee, grants to the Licensee the following rights, to wit:

The right to use for recreational purposes all improvements located on the real properties subject to this licensing agreement.

The right to possess and use in the development, operation, and maintenance of said real properties the items of personal property enumerated in attached Schedule A.

The right to receive and use for its own purposes the income derived from operation of said properties.

SECTION 2 The Licensee hereby covenants and agrees to the following conditions:

Licensee agrees to accept responsibility for the care, maintenance and replacements of the above-mentioned improvements and items of

personal property enumerated
in Schedule A.

Licensee agrees to maintain
appropriate insurance coverage
to replace such items as may be
lost or destroyed.

Licensee agrees to maintain
all property in good condition
and in the event an item is
lost through accident, depre-
ciated from usage, or other-
wise destroyed to replace it
with an item of comparable
value. At the termination of
the term of this agreement
Licensee agrees to return to
Licensor all property received
under this agreement, or
replacement property as the case
may be, in substantially the
same condition as received.

Licensee agrees to accept any
liability arising from develop-
ment, operation, or maintenance
of said properties and to maintain
appropriate insurance coverage
against such liability.

Francis X. McCloskey, Mayor
City of Bloomington, Indiana

Adopted February 17, 1972

RESOLUTION NO. 72-11
AMENDMENT TO RESOLUTION NO. 72-7
FLOOD PLAIN INSURANCE

WHEREAS, certain areas of the City of Bloomington of Monroe County, Indiana, are subject to periodic flooding from Jackson Creek, Griffey Creek, Cascade's Park Creek, Clear Creek, and

WHEREAS, relief is available in the form of Flood Insurance as authorized by the National Flood Insurance Act of 1968, as amended, and

WHEREAS, the City of Bloomington of Monroe County has the authority to adopt the land use and management criteria as required by the National Flood Insurance Act of 1968, as amended, in accordance with Indiana Code 1971, Title 18, Article 7, Chapter 7 (formerly Chapter 174, Acts of 1947, as amended) or Indiana Code 1971, Title 18, Article 7, Chapter 4 (formerly Chapter 138, Acts of 1957, as amended, and

WHEREAS, it is the intent of this City of Bloomington of Monroe County, to comply with land use and management criteria regulations as required in said National Flood Insurance Act, and

WHEREAS, it is also the intent of this City of Bloomington of Monroe County to recognize and duly evaluate flood hazards in all official actions relating to land use in the flood plain areas having special flood hazards;

NOW, THEREFORE, BE IT RESOLVED, that the City Council of the City of Bloomington of Monroe County hereby assures the Federal Insurance Administration that it will take proper action as follows:

(1) Enact by December 1, 1972, and maintain in force for those areas, adequate land use and control measures with effective enforcement provisions consistent with the criteria set forth in Section 1910 of the National Flood Insurance Regulations, and

(2) If necessary, seek State enabling legislation conferring authority to enact land use and control measures designed to reduce the exposure of property to flood loss, and

(3) Take such other official action as may be reasonably necessary to carry out the objectives of the program. Such actions will include, but not be limited to

a. A commitment to:

(i) Delineate or assist the Administrator, at his request, in delineating the limits of the areas having special flood and/or mudslide hazards on available local maps of sufficient scale to identify the location of building sites;

(ii) Provide such information as the Administrator may request concerning present uses and occupancy of the flood plain and/or mudslide area;

(iii) Maintain for public inspection and furnish upon request, with respect to each area having special flood hazards, information on elevations (in relation to mean sea level) of the lowest floors of all new or substantially improved structures and, where there is a basement, the distance between the first floor and the bottom of the lowest opening where water flowing on the ground will enter; and

(iv) Cooperate with Federal, State, and local agencies and private firms which undertake to study, survey, map, and identify flood plain or mudslide areas, and cooperate with neighboring communities with respect to management of adjoining flood plain and/or mudslide areas in order to prevent aggravation of existing hazards.

(b) After flood insurance is made available, furnishing representatives of the National Flood Insurers Associations (also appropriate Federal agencies, upon request) and the Department of Natural Resources of the State of Indiana, information concerning new or substantially improved structures within the areas of special flood hazards.

(c) Providing the name of the individual and the office that will be responsible for furnishing the first floor elevation information.

BE IT FURTHER RESOLVED, that this City Council hereby appoints the City Planner with the responsibility, authority and means to implement the commitments made herein.

Clarence J. Van Hook

Adopted:

Feb. 17, 1972

RESOLUTION NO. 72-12

WAR IN INDO-CHINA

WHEREAS, the continuance of the war in Indo-China has a direct effect on the ability of the City of Bloomington to find the resources to deal with local problems affecting the health, safety, and welfare of its citizens, and

WHEREAS, young men and women residing in the City and members of our families have been compelled to fight, die and suffer capture--in many instances in a war and for policies they cannot support--or for reasons of conscience to flee this compulsion, and

WHEREAS, the war in Indo-China has weakened confidence of our people in their government and in the institutions of our society, and

WHEREAS, there is a general desire for an honorable peace,

NOW THEREFORE, BE IT RESOLVED, that the Common Council of the City of Bloomington endorses the cessation of hostilities and the immediate withdrawal of all American military personnel from war zones in Southeast Asia with provisions for the release of prisoners of war. We do this with explicit provision that this Resolution be understood to be the individual and collective opinion of Council members on a moral matter affecting the City and not a statement of municipal policy within our legislative competence.

Adopted: Feb. 17, 1972
