Councilman Ralph Johnson thanked Mr. Stroh of the Chamber of Commerce for supporting the Public Information Department at the Tax Adjustment Board meeting.

Councilman Clegg, in reporting from the Plan Commission, stated that at the last meeting there was a re-zoning request introduced which would have been in the area which is now under study by citizens of the west side of Bloomington for the Redevelopment program. Since it was the policy of the present administration to make this a citizens' project, we should have this particular re-zoning sent to the West Side Association for their approval. It was thought this might set a precedent - it was brought out that this was not the case; that this was a major proposal and not a developer's project.
