MESSAGES FROM COUNCILMEN

Comment on collapse of parts of remodeled older buildings

Mr. Long said the structural part of the building was sound.

Councilman Day asked if there was anything in our building code now that would help to prevent additional occurrences of this kind.

Mr. Long said our building code now requires that there should be ties every sixteen inches throughout all the building walls. Some years ago contractors did not put in wall ties and this defect might not be noticed in normal inspection because there is no crack to call attention to it.

Councilman Day said he hoped to have, by our next meeting, a resolution of congratulations to our Bloomington Baseball Team for its fine achievement during this year.
