MESSAGES FROM COUNCILMEN

MESSAGES FROM MAYOR

The water program date of July, 1967 is still holding and the program is on schedule

Three booster stations will be completed by April 15, 1967

Three storage areas will be physically standing by April 15, 1967

Water main extension will be completed by mid-April. It will take a normal three day water supply to fill the lines. It will be the middle of May before the lines can be used.

The Monroe Booster station will be completed by July 1, 1967

MESSAGES FROM MAYOR  
(continued)

Mr. Hooker and Mr. Long spent a day in Indianapolis with the Advisory Council of the Department of Natural Resources reviewing the proposed sewer program. The Council voted seven to two in favor of the program. We can now move ahead and hope to have a package program ready in ninety days.

The Department of Parks and Recreation will be advertising for bids soon.

As of Monday, January 30th, the city is now operating the transit service. All departments are helping and we hope to maintain and improve the service.

Delivery of the Snorkel to the Fire Department has been delayed. It should be in within a week and operational by the middle of February.

Remonstrators have filed an appeal in the annexation suit now in litigation.

Councilman Harry Day asked if any of these areas can be annexed on a voluntary basis. He was informed that it can be done by addressing a letter of request to the City Attorney or to the Mayor. It was pointed out that all of the Highland Village property described in the proposed annexation ordinance introduced at this meeting belongs to one person.

Mayor Hooker stated, however, that we do not want to encourage single annexations because we cannot offer spot services.
