# CAPS Commission Meeting | December 09, 2021

## Memo from Staff

---

The November 18<sup>th</sup> meeting of the CAPS commission did not achieve quorum and was very brief so the Commission decided to use the December 9<sup>th</sup> work session date as a Regular Session. Much of the agenda will generally remain the same. In an effort to support the CAPS Commission's work, Council staff has put together some information that the Commission might want to consider at the December 9, 2021 - Regular Session.

### Resolution 21-02 - Condemning Islamophobia and Anti-Muslim Violence

Summary: In response to past and recent acts of anti-Muslim violence in our community, this Resolution condemns Islamophobic speech and other acts of anti-Muslim bigotry as serious threats to public safety, and denounces the Islamophobic sentiments that give rise to such acts as false, hateful and antithetical to core American values.

This resolution was authored primarily by Commissioner Routsong, who is planning a presentation. The Commission may adopt Resolution 21-02 with a motion and a second, followed by a majority roll call vote.

### Annual Schedule

A draft of the 2022 Annual Schedule is included in this packet. Please look it over for any errors or necessary adjustments. Final approval should take place at one of the two December meetings.

### Agenda Template

For the October 28<sup>th</sup> meeting, Council staff created a suggested agenda template for the Commission's consideration. It was discussed by the Commission, but final action was not taken, as several members wished to consider it further at the next meeting. The headings included in the attached agenda template can be reordered, removed or amended at the Commission's discretion.

#### **Process for Placing Items on the Agenda**

As you can see on the proposed agenda template, there could be multiple ways for commission members to propose items for action/topics for discussion. These opportunities could arise under the headings *Adoption of Agenda* (when the agenda is subject to amendment), *New Business*, *Other Business*, and/or *Topic suggestions for future agendas*. Council staff can assist with preparing and distributing the agenda before each meeting. Ultimately, it is a majority of the commission that has authority to decide what topics are taken up and discussed.

### Committees

At the October 28<sup>th</sup> Regular Session, commissioners created 4 standing committees: Housing, Reparations & Atonement, Conflict Resolution, and Crisis Intervention/Police Alternatives. A brief description of the purpose of each committee is included in this packet and can be adjusted at the Commission's discretion. On October 28<sup>th</sup> a Research Committee was also proposed, but final action was delayed until the next meeting. Should the Commission decide to create a Research Committee, it should do so by motion and a second, which would then require a majority roll call vote to pass. Should the motion pass, the Commission can appoint members.

### **Scheduling**

Due to the public meeting requirements, if Committees plan to meet regularly, it might be most efficient to develop a regular schedule for Committee meetings.

### **Membership**

In this packet you will find a table of Committees and Committee assignments as decided at the October 28<sup>th</sup> meeting. Please update Council staff if any adjustments are necessary. The Commission might want to discuss term-limits for each committee and decide on a process for changing membership.

## **Public Comment**

There was some discussion at the October 14<sup>th</sup> work session about allowing public comment at meetings. The Commission is not required to allow the public to comment, only to attend, observe and record what transpires. However, if the Commission does decide to allow public comment, it has some flexibility to impose rules that are content neutral and treat each commenter equally. Some possible rules include establishing a time limit on speakers, limiting comments to agenda items, or only hearing public comment before the Commission takes final action (e.g., votes on a resolution or recommendation).

## **Other Information**

The current executive order allowing for virtual public meetings is set to expire on December 31, 2021 unless the Governor extends it. Commission members should be prepared to begin attending in-person meetings in January unless notified otherwise.

For more information, please contact Becky Boustani [rebekka.boustani@bloomington.in.gov](mailto:rebekka.boustani@bloomington.in.gov) or the Office of the Bloomington Common Council at (812) 349-3409

**Community Advisory on Public Safety Commission**  
**Resolution 21-02 - Condemning Islamophobia and Anti-Muslim Violence**

Summary: In response to past and recent acts of anti-Muslim violence in our community, this Resolution condemns Islamophobic speech and other acts of anti-Muslim bigotry as serious threats to public safety, and denounces the Islamophobic sentiments that give rise to such acts as false, hateful and antithetical to core American values.

WHEREAS, Islam is a religion whose adherents are called Muslims and is practiced by around 1,000 residents of Bloomington, 3.5 million Americans, and around one-quarter of the world's population; [1] and

WHEREAS, Islamophobia is a fear, hatred or prejudice toward Islam and people perceived as Muslim that manifests as a pattern of discrimination and oppression. It creates a distorted understanding of Islam and Muslims by transforming the global and historical faith tradition of Islam, along with the rich history of cultural and ethnic diversity of its adherents, into a set of stereotyped characteristics most often reducible to themes of violence, civilizational subversion and fundamental otherness; [2] and

WHEREAS, modern anti-Muslim tropes include portraying Muslims as monolithic, racially Brown, ethnically Arab, radical, violent, terrorist, dangerous, deceptive, medieval, barbaric, uncivilized, oppressive to women, intolerant, totalitarian; [3] and

WHEREAS, Islamophobia in the US spreads in five main ways:

1. Media representation that emphasizes negative stories about Muslims
2. Political rhetoric in which politicians encourage fear of Muslims to advance their interests
3. Backlash to the actions of violent extremists
4. Government and military leaders who use Islamophobia to justify US foreign policy in Muslim-majority nations as essential for our freedom and safety
5. The US Islamophobia network, a multi-million dollar industry of groups and individuals who falsely cast Islam as an existential threat to the interests of the US, and who work actively to promote prejudice, discrimination and oppression against Muslims; [4] and

WHEREAS, up to 20-30% of the enslaved Africans forcibly brought to the US during the Antebellum period are thought to have been Muslims, today Black Americans make up 20% of the Muslims in the US, and Islam has played a critical role in the US civil rights movement; [5] and

WHEREAS, between 2001 and 2021, the US government instituted several programs

that eroded the civil liberties of all Americans and targeted Muslims in America, including the National Security Entry-Exit Registration System (NSEERS), the Patriot Act, the No-Fly list, the Watchlist, and the Muslim Ban; [6] and

WHEREAS, in 2015 Indiana Governor and Vice-Presidential Candidate Mike Pence attempted to block the resettlement of Syrian refugees to Indiana by citing concerns for safety and terrorism. This was struck down by the U.S. Court of Appeals for the Seventh Circuit, where it was noted that the State of Indiana “provides no evidence that Syrian terrorists are posing as refugees or that Syrian refugees have ever committed acts of terrorism in the United States”; [7] and

WHEREAS, anti-Muslim bias incidents include acts of vandalism against mosques, school bullying, illegal discrimination, hate crimes and hate speech; and anti-Muslim bias incidents have risen sharply in the US since 2016, which is widely attributed to an increase in Islamophobic political rhetoric; [8] and

WHEREAS, Article 18 of the Universal Declaration of Human Rights establishes the right to freedom of religion and the right to manifest one’s religion in practice, worship or observance; [9] and

WHEREAS, the International Covenant on Civil and Political Rights, ratified by the US in 1992, commits its parties to respect the religious freedom of individuals; [10] and

WHEREAS, the free exercise of religion is a fundamental American right, and the Free Exercise Clause of the First Amendment of the US Constitution prohibits the US government from restricting the free exercise of religion; [11] and

WHEREAS, the City of Bloomington's Comprehensive Plan lists as two of its core principles to "Fortify our strong commitment to equality, acceptance, openness and public engagement" and "Fortify our progress toward improving public safety and civility;" [12] and

WHEREAS, on May 6, 2020, the Bloomington Common Council unanimously adopted Resolution 20-06, entitled "Denouncing and Condemning White Nationalism and White Supremacy," in which it pledged "to continue pursuing policies and directing appropriate resources to ensure civil and human rights are protected and afforded to all individuals;" [13] and

WHEREAS, Bloomington Common Council Ordinance 20-20 grants the Community Advisory on Public Safety Commission authority to:

1. increase the safety of all Bloomington community members, especially those often marginalized due to race, disability, gender, sexual identity, or sexual orientation,

2. research evidence-based approaches to public safety focusing on those approaches outside the scope of traditional policing,
3. make recommendations to the Bloomington Common Council, the Board of Public Safety, and the Mayor's administration on policies and programs that enhance public safety for all community members; [14] and

WHEREAS, the CAPS Commission is deeply disturbed that at least four anti-Muslim bias incidents have occurred in our community, including three acts of vandalism against a mosque in 2001, 2015 and 2021, and one hate crime in 2015; [15]

NOW, THEREFORE, BE IT

RESOLVED BY THE COMMUNITY ADVISORY ON PUBLIC SAFETY COMMISSION THAT THE COMMISSION:

1. Celebrates Bloomington's Muslim population as an indelible, rich and valuable part of our community; and
2. Affirms the rights of Muslims, people from Muslim-majority nations, and people of Islamic heritage to safely reside in our community; and
3. Condemns all acts of violence, bigotry, hate speech and intimidation targeted at members of our community who are perceived to be Muslim as serious threats to public safety; and
4. Declares that Islamophobic speech:
  - a. is objectively false,
  - b. violates core American values such as liberty, equality and freedom, and
  - c. threatens the most basic civil liberties of all Americans, including and especially when spoken by government officeholders; and
5. Calls upon Mayor John Hamilton, the Office of the Mayor, all Common Councilmembers and the Board of Public Safety to:
  - a. actively condemn Islamophobic speech and other anti-Muslim bias incidents when they occur as serious threats to public safety;
  - b. reinforce that Islamophobia is not an American value;
  - c. endeavor to share factually true portrayals of Islam and Muslims as a valuable part of American society and of our local community.

PASSED by the Community Advisory on Public Safety Commission of the City of Bloomington, Monroe County, Indiana, upon this \_\_\_\_\_ day of \_\_\_\_\_, 2021.

\_\_\_\_\_

\_\_\_\_\_, Chair  
Community Advisory on Public Safety Commission

Note: While the FBI did not file federal hate crime charges in the 2015 attack against a Muslim member of our community, this event fits the definition of a hate crime in the view of this commission because the assailant yelled racial slurs, verbally expressed belief in white supremacy, and targeted the victim based on her perceived status as a Muslim by attempting to remove her headscarf during the attack.

# **Islamic Center vandalism suspect arrested by Bloomington Police Department**

October 21, 2021

Jeremy Hogan

A suspect in the vandalism of the Islamic Center of Bloomington has been arrested by the Bloomington Police Department, according to BPD Capt. Ryan Pedigo. The arrest took place outside the Shalom Center early Thursday morning.

Police suspected Adam L. Walls, 32-years-old, of the vandalism after an officer recognized him from the surveillance video, said Pedigo. A person caught on video smashed toys, tables, twisted and tore up a steel fence, and partially destroyed an HVAC unit. The suspect can be seen destroying the wiring, which caused an electrical arc, late Sunday into Monday morning.

Indiana does not have a hate crime law:

<https://apnews.com/article/939de847d4cf4d4086048b0c74170496>

Bloomington Police Department Capt. Ryan Pedigo released the following information to the media Thursday:

## **“Bloomington Police Arrest Islamic Center Vandal**

The Bloomington Police Department arrested a man early this morning for a recent act of vandalism at the Islamic Center of Bloomington.

**Adam L. Walls, 32, transient, has been arrested and preliminarily charged with Institutional Criminal Mischief, level 6 felony.**

On October 18th at approximately 6:40 a.m., an officer responded to the Islamic Center of Bloomington, located in the 1900 block of E Atwater Avenue, for a report of prior vandalism. The responding officer spoke to the President of the Center, who stated that he had been able to review video surveillance footage. The footage showed what appeared to be a white male with short hair and layered clothing entering the playground area of the Center at approximately 1:13 a.m. on October 18th. The man could be seen in the footage damaging several picnic tables and dumping trash cans over. He also broke sections of the metal fencing around the playground. Further, the man damaged an air conditioning unit by pulling wires from it, broke one of the security cameras that points towards the playground, and broke several toys that were in the playground prior to leaving the area around 2:00 a.m.

Photographs of the suspect were disseminated to local media outlets on October 19<sup>th</sup> in an effort to seek assistance from the community in identifying the man. An officer of BPD reviewed the footage and provided the investigating detective with a possible identity of the suspect being Adam Walls, as the officer was familiar with Walls from previous calls for service. Detectives therefore began attempting to find Walls for an interview and located him in the early morning hours of October

21<sup>st</sup> near the Shalom Center in the 600 block of S Walnut Street. After interview, Adam Walls was transported to the Monroe County Jail and remanded to jail custody for the charge of Institutional Criminal Mischief, a level 6 felony.

###

*Under Indiana law, criminal charges are merely accusations and the defendant is presumed innocent unless and until proven guilty in a court of law.*

Attached is a booking photo of Adam L. Walls courtesy of the Monroe County Jail.”
