INTRODUCTION

This economic development plan amends and consolidates several Economic Development Areas and provides guidance for land use planning, new development, redevelopment and the provision of infrastructure within those Economic Development Areas (EDA). The EDAs were originally established or amended as follows:

Adams Crossing	Established	1994	108 acres
Adams Crossing	Amended	2000	10 acres
Adams Crossing	Amended	2009	86 acres
Downtown	Established	1985	133 acres
Downtown	Amended	1990	21 acres
Downtown	Amended	2010	48 acres
Tapp Road	Established	1993	216 acres
Tapp Road	Amended	2003	25 acres
Thomson	Established	1991	276 acres
Thomson	Amended	1993	245 acres
Walnut-Winslow	Established	1993	117 acres
Thomson Walnut-Winslow	Consolidated/Amended	2002	63 acres
Whitehall	Established	1998	113 acres
Whitehall	Amended	2000	10.05 acres

The Redevelopment Commission has found that it is of public utility and benefit to consolidate the contiguous economic development areas within the City, to be known as the Consolidated Bloomington Economic Development Area. The consolidation will create a more effective utilization of tax increment financing to implement this plan. This plan was developed as provided for in Indiana Code § 36-7-14-15 and Indiana Code § 36-7-14-41, and may be amended in the future as provided in Indiana Code.

The Consolidated Bloomington Economic Development Area is in need of redevelopment due to the following:

1. Lack of development;
2. Cessation of growth;
3. Deteriorated or deteriorating improvements;
4. Environmental contamination;
5. Character of occupancy;
6. Age;
7. Obsolescence;
8. Substandard buildings; or
9. Other factors that impair values or prevent a normal use or development of property.

This Plan cannot be accomplished by normal regulatory processes or through the ordinary operation of private enterprise. Implementation of this plan will result in a more timely generation of funds that can be directly allocated to specific improvements to meet the goals outlined in this Plan. Public health and welfare will benefit by accomplishment of this Plan. The anticipated improvements can be paced to precede other developments, ensuring that negative impact on the public will be minimized or avoided. The accomplishment of this plan will be public utility and benefit as measured by the attraction and retention of permanent jobs, increases in the property tax base, and improved diversity of economic opportunities within the EDA.

This Plan is consistent with the City's Growth Policies Plan. The Bloomington/Monroe County Metropolitan Planning Organization (BMCMPPO), and the City of Bloomington have several adopted documents that contain information on the future needs for transportation, redevelopment, economic development and public facilities for the area. These include the Long Range Transportation Plan, the Complete Streets Policy, the Bloomington Master Thoroughfare Plan, the Bicycle and Pedestrian Transportation and Greenways Systems Plan, the South Rogers Street Identity Study, the Bikeways Implementation Plan, the Certified Technology Park Master Plan & Redevelopment Strategy, the Switchyard Park Master Plan, *Breaking Away: Journey to Platinum, Redefining Prosperity: Energy Descent and Community Resilience*, and the Preservation Plan for Historic Bloomington. All of these plans identify improvements needed for transportation, redevelopment, economic development and public facilities within this EDA.

This amended Economic Development Plan expands the EDA by 972.2 acres (See Map marked as Exhibit A). The purpose of this expansion is to provide for the enhancement of economic opportunities. Currently, the expanded EDA has excellent new development and redevelopment opportunities.

ZONING AND LAND USE

The City of Bloomington's planning, zoning and land use approach is to favor compact urban form, nurture environmental integrity, mitigate traffic, conserve community character, sustain economic and cultural vibrancy, advance communication and coordination, and to leverage public capital to improve the community. The EDA includes areas zoned as follows:

1. **Commercial Arterial:** Designed to facilitate high intensity mixed use development and redevelopment opportunities along major street corridors.
2. **Business Park:** Provide for large-scale employment opportunities for the community and surrounding region.
3. **Commercial Downtown:** The Downtown Business/Commercial component of the EDA is comprised mainly of mixed uses that focus on retail sales, professional offices, restaurants, financial services, and entertainment/art/cultural centers that serve the Bloomington community and visitors alike. Downtown Business/Commercial uses are supported throughout the EDA.
4. **Commercial General:** Provide areas for medium scaled mixed use development and redevelopment.
5. **Commercial Limited:** Provide small scale retail and employment services necessary for the convenience of surrounding business and residential uses.
6. **Industrial General:** Accommodate the needs for industrial and office uses that provide basic employment needs for Bloomington and the surrounding region.
7. **Institutional:** The Institutional zoning component of the EDA is comprised of government facilities and park and recreation services.
8. **Medical:** The Medical zoning component includes IU Health Bloomington Hospital and nearby medical offices which serve regional healthcare needs and attract regional skilled workers. The sector is faced with significant and ongoing healthcare industry changes which may impact the intensity of medical land uses in the EDA.
9. **Planned Unit Development (PUD):** There are multiple Planned Unit Developments located within the EDA. Many of these PUDs provide opportunities for significant economic development within the EDA, and many also have specific requirements pertaining to conservation of environmentally sensitive areas and greenspace, mixed use development, housing and infrastructure.
10. **Residential (multiple zoning categories):** Residential infill development is encouraged throughout the EDA and generally is expected to occur as part of mixed use redevelopment activities. It is generally comprised of multifamily units which

should promote a diversity of housing types for all income groups and ages with a focus towards workforce, live-work, and retiree housing.

STATEMENT OF DEVELOPMENT OBJECTIVES

It is the intention of the Redevelopment Commission to use allocated tax increment collected within the Area as it is received to finance all eligible costs related to the Development Objectives, or any portion thereof, and to reimburse the City for all eligible expenses under Indiana law.

It is also the intention of the Redevelopment Commission to issue bonds payable from incremental ad valorem property taxes allocated under IC 36-7-14-39 in order to raise money for any property acquisition and for completion of the Development Objectives. The amount of issued bonds may not exceed the total, as estimated by the Redevelopment Commission, of all expenses reasonably incurred in connection with the Development Objectives, including:

1. The total cost of all land, rights of way, and other property to be acquired; and
2. All reasonable and necessary architectural/engineering, construction, legal, financing, accounting, advertising, bond discount and supervisory expenses related to the acquisition and development of the Projects or the issuance of bonds therefore; and
3. Interest and a debt service reserve for the bonds to the extent the Redevelopment Commission determines that a reserve is reasonably required.

In the issuance of bonds the Redevelopment Commission will comply with Indiana Code § 36-7-14-25.1 and other provisions of applicable Indiana Law. In the alternative, the Redevelopment Commission may enter into a lease of any property that could be financed with the proceeds of bonds under Indiana Code 36-7-14. The lease is subject to the provisions of Indiana Code § 36-7-14-25.2 and Indiana Code § 36-7-14-25.3.

The Development Objectives within this Plan will be accomplished through a mix of public and private investment in the EDA.

1. Attract businesses to the EDA, provide opportunities for gainful employment and training for employees, and promote the retention and expansion of existing businesses.
2. Provide funding for infrastructure improvements including the installation of new and upgraded water, sewer, stormwater, communications and transportation services.

3. Invest in designing and implementing improved streetscapes and other public amenities to ensure a high quality of place attractive to a quality workforce. Construct public spaces, including plazas and greenspaces for individual use as well as for special events and programs.
4. Improve streets so they can be operated to enable safe and efficient access for all users of all ages and abilities, including pedestrians, bicyclists, motorists and transit riders.
5. Strengthen and intensify existing land uses within the area so that density is supported in the urban core, with particular focus on ensuring greater employment opportunities, diverse mixes of retail and upper story residential, greater usage of vacant and underutilized buildings, and new infill development.
6. Enhance community sustainability through the provision of green infrastructure, conservation of environmentally sensitive areas, and energy efficient building practices.
7. Construct new and renovated housing units within the area that support a diverse mix of housing types, and are within easy walking distance of the employment, retail, entertainment, financial, cultural, educational and governmental centers of the city.
8. Renovate historic structures in the EDA, especially within the downtown area.
9. Strengthen the ties between the city and the community's higher education institutions and improve the physical linkages between downtown and the Indiana University campus.
10. Provide structured parking facilities in conjunction with area employment uses, particularly within the City's Certified Technology Park/Showers Technology Overlay district and other areas of employment growth potential.
11. Support the retention, expansion and attraction of cultural, tourism and creative sector enterprises to enhance sector employment opportunities, and to enhance the EDA as a destination for visitors. Construct additional hotel and meeting space within the EDA and support an expanded Convention Center complex.
12. Continue the environmental restoration and transformation of the former CSX rail switchyard into premier public park and recreation space. Support adjacent catalyst economic and community development projects such as infill commercial, mixed-use, and residential redevelopment of underutilized properties, and strengthening of surrounding neighborhoods.

13. Develop the City's Certified Technology Park area as a research and industrial park with additional high tech office and research space, while also allowing for a mix of complementary uses, including retail, service and workforce and other housing.
14. Provide adequate growth space for office, research, life science, medical and technology business; in order to maximize opportunities to attract, grow and retain knowledge- and creative-sector employers in the area.
15. Provide primary and essential healthcare facilities in areas accessible to residential populations and employment centers.
16. Improve gateway corridors to increase physical and socioeconomic linkages between the EDA and other areas of the city, region and state.

PROVISIONS FOR AMENDING THE PLAN

This Plan may be amended as outlined under Indiana Code § 36-7-14-17 and Indiana Code § 36-7-14-17.5. Modifications could arise from property acquisition for right-of-way improvements or other public purposes, or the enlargement of the EDA.

Adjustments resulting from experience during project execution are authorized in the administration of this project, provided that the intent of this approved Economic Development Plan is not changed. Any modification which substantially changes the approved Economic Development Plan will be subject to the requirement of applicable State codes for plan amendment.
