I. Introduction

The Transportation Improvement Program (TIP) is a strategic capital planning document used by the Bloomington/Monroe County Metropolitan Planning Organization (BMCMPPO) to program funding for transportation projects. Pursuant to the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU), the TIP must include at least four fiscal years. The TIP includes the list of priority projects to be carried out in each of the four years indicated in the document. The TIP must be consistent with the *2030 Long Range Transportation Plan*, the *Transit Development Plan*, and other planning studies developed by the Bloomington/Monroe County BMCMPPO and its local stakeholders.

A. Applicability

The TIP is a multi-modal capital budgeting tool that specifies an implementation timetable, funding sources, and responsible agencies for transportation related projects. Projects come from any one of the following nine implementing agencies (refer to Appendix VI for a map of the BMCMPPO's urbanized area boundary):

- The Indiana Department of Transportation*
- Monroe County*
- City of Bloomington
- Town of Ellettsville
- Bloomington Public Transportation Corporation (Bloomington Transit)
- Rural Transit*
- Indiana University Campus Bus
- Monroe County Community School Corporation*
- Richland-Bean Blossom Community School Corporation*

**Note: Some agencies serve an area larger than the BMCMPPO's urbanized area and may have projects that use federal funding which are not reflected in this document.*

B. Air Quality

The BMCMPPO, the Federal Highway Administration (FHWA), and the Federal Transit Administration (FTA) must all determine that new, or amended, TIP documents conform with the State's Air Quality Plan's purpose of attaining the National Ambient Air Quality Standards (NAAQS). The only exception is for amendments involving projects explicitly exempted by the U.S. Environmental Protection Agency's (EPA) conformity regulation. The Bloomington/Monroe County BMCMPPO is exempt from the air quality requirements because it has not been designated as a non-attainment area.

C. Fiscal Constraint

The TIP must be financially constrained by year and include only those projects for which funding has been identified - using current or reasonably available revenue sources. The financial plan in the TIP is developed by the BMCMPPO in cooperation with the State of Indiana and area transit operators. In order to enable the BMCMPPO to conduct adequate financial planning, both the state and transit operators provide the BMCMPPO with information early in the TIP development process. The information provided by these groups concerns the likely amount of Federal and State funding available to the BMCMPPO.

SAFETEA-LU mandates that the TIP reflect project costs in year of implementation dollars. By doing so, projects should anticipate less unforeseen cost over-runs which could jeopardize project implementation. Consequently, a four percent (4%) inflation factor was applied to all phases of all local projects identified in the TIP (FY 2012 was used as the base year). This inflation rate was agreed upon by local public agencies (LPAs) in early 2008.

E. Complete Streets

On January 9, 2009 the Policy Committee adopted a Complete Streets Policy. The purpose of the policy is to ensure that all federally funded local road projects are designed and built to adequately accommodate all users of a corridor, including pedestrians, bicyclists, users of mass transit, people with disabilities, the elderly, motorists, freight providers, emergency responders, and adjacent land users. Project submittals by Local Public Agencies (LPAs) demonstrate compliance with the policy where applicable. This information is reviewed by the Citizens Advisory Committee and Technical Advisory Committee. The Policy Committee certifies through resolution that applicable projects are either compliant or exempt from the Complete Streets Policy. A table at the end of the document (Appendix II) illustrates local project compliance with the Complete Streets Policy.

F. Project Selection

Projects listed in the TIP typically originate in the Long Range Transportation Plan (LRTP) developed by the BMCMPPO in cooperation with the respective implementing agencies involved in the planning process. These implementing agencies then carry out the transportation plan's specific elements in the TIP. As a result, the TIP serves as a strategic management tool that accomplishes the objectives of the BMCMPPO transportation plan.

Project prioritization is an important element of the TIP, especially since the demand for Federal-aid transportation projects usually exceeds the level of Federal funds available for use. State highway projects in the TIP have been prioritized by the Indiana Department of Transportation. Local Federal-aid highway improvement projects programmed by the City of Bloomington, Monroe County and the Town of Ellettsville have been prioritized according to resource availability. Transportation improvement projects in the BMCMPPO's urbanized area may be prioritized based on the following general hierarchy:

1. Unfunded capital projects that have been programmed and are ready for contract letting;
2. Capital projects programmed for construction that will be ready for contract letting in the immediate future;
3. Projects involving traffic operation or system management improvements;
4. Projects programmed for right-of-way acquisition, and
5. Projects programmed for preliminary engineering and/or advanced studies.

Projects initiated locally are jointly prioritized according to the type of activity scheduled in the TIP and the Federal funding category. The process of prioritizing projects is also influenced by state and local policy-level decision making and the availability of Federal, state, and local funds. Wherever possible, technical and non-technical factors are jointly used to identify projects which have the greatest need for implementation.

G. Amendment Process

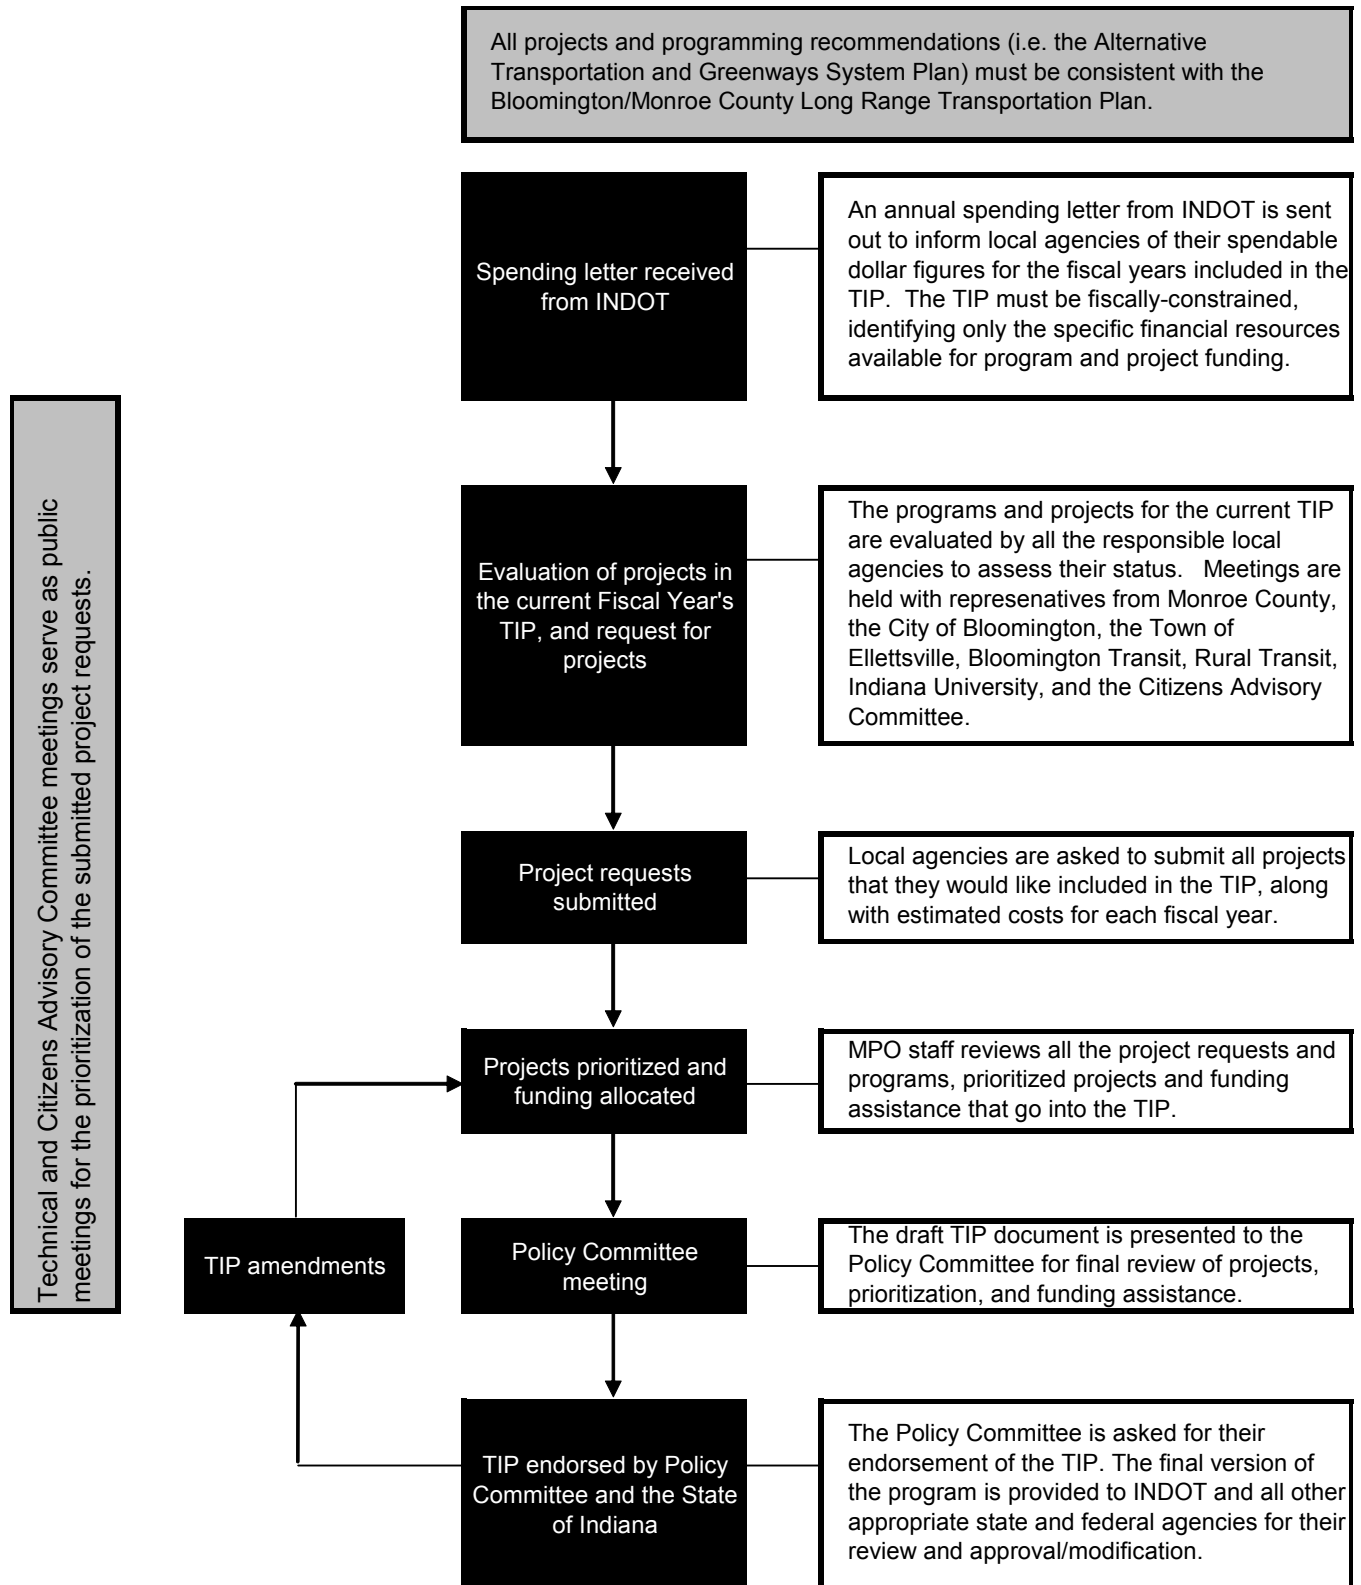

The TIP may be modified pursuant to the procedures outlined in the BMCMPPO's Public Participation Plan. The scope of TIP amendment will dictate the level of public participation solicited (major amendment, minor amendment, administrative modification). The TIP must be approved by the BMCMPPO and the Governor of the State of Indiana. A conformity determination must also be made by the FHWA and the FTA. Once approved, the TIP then becomes, without modification, part of the Statewide Transportation Improvement Program (STIP). The frequency and cycle for updating the TIP should be compatible with that of the STIP.

II. Fiscal Year 2015 - 2015 TIP Development Timeline

The following list provides a chronology of events and meetings that have taken place in development of this document:

Date	Description
1/14/2011	BMCMPPO issues call for projects
1/20/2011	Meeting with LPAs to discuss project submittal process and application
1/28/2011	Meeting with LPAs to discuss anticipated project proposals and revenue projections
2/14/2011	Project submittals due/call for projects ends
2/16/2011	Meeting with LPAs to discuss project submittals and available budget
2/23/2011	First review of proposed project list by the Technical Advisory Committee and Citizens Advisory Committee
3/1-30/2011	30 day public review period (legal notice printed 3/1/11 in the Herald Times)
3/11/2011	First review of draft TIP by the Policy Committee (PC)
3/23/2011	Review and recommendation of draft TIP by the Technical Advisory Committee and Citizens Advisory Committee
4/9/2011	Second review of draft by the Policy Committee
5/13/2011	Final review and adoption of TIP by the Policy Committee
6/10/2011	PC amends TIP to include INDOT's SR45 & Garrison Chapel Rd. Intersection Improvement Project
9/9/2011	PC amends TIP to include Monroe County's Sign Upgrade project, Bloomington's Sign Upgrade project, and Ellettsville's Heritage Trail Ph II project.
10/27/11	MPO Director & PC Chair administratively amend the TIP to make changes to Bloomington's 17 th & Arlington and Sare & Rogers Roundabouts.
11/4/11	PC amends the TIP to add INDOT's SR46 & Arlington Rd. signalization project.
1/09/12	MPO Director & PC Chair administratively amend the TIP to make changes to BT's 35 Foot Bus Project.
1/27/12	MPO Director & PC Chair administratively amend the TIP to make changes to BT's Operational Budget.
2/14/12	MPO Director & PC Chair administratively amend the TIP to make minor changes to Monroe County's Karst Farm Greenway PhI, and BT's Downtown Transfer Facility & Fare Collection Equipment
2/24/12	PC amends the TIP to add BT's Bicycle Lockers for Downtown Transfer Facility, Voice Enunciators, 35 Foot Buses, Fuel Capitalization, and Maintenance Facility Exhaust System Upgrade.
3/9/12	PC amends the TIP to add INDOT's I-69 Section 4 project.
5/11/12	PC amends the TIP to add MCCSC's new SRTS grant for education & encouragement programs.
5/14/12	MPO Director & PC Chair administratively amends the TIP to shift STP funding from ROW to PE for the City of Bloomington's 17 th Street & Arlington Road project.
8/15/12	MPO Director & PC Chair administratively amend the TIP to make changes to the City's South Rogers Street, University Courts Brick Street Restoration, and Sign Upgrade projects, as well as BT's Bicycle Lockers for Downtown Transfer Facility project.
8/29/12	MPO Director & PC chair administratively amended the TIP to shift construction phase to FY 2013 and add funding to the preliminary engineering phase in FY 2013 in the amount of \$32,500 to project DES# 1006377, Upgrade Signs (Zone 1).
9/14/12	PC amends the TIP to add the following projects: DES# 127250, Statewide underwater bridge inspections, DES# 1297452, Statewide fracture critical bridge inspections, DES# 0901464, Statewide fracture critical bridge inspections, DES# 1297451, Statewide post-tensioned bridge inspections, DES# 1173647, New signal installation at west SR 46 & Matthews Drive, and DES# 1297004, Bridge deck overlay at SR 46 (3 miles East of SR 446). PC exempts City of Bloomington's Old SR 37 & Dunn Street projects from it's Complete Streets Policy.
11/9/12	PC adds Bloomington Transit Mobility Management Program in fiscal years 2013 & 2014 for a total of \$60,000 over two years, and modified Next Bus Customer Information System funds for fiscal year 2013 from \$500,000 to \$250,000 and change the project from 'illustrative' to 'funded'.
2/8/13	Amended DES# 1382016 Bloomington Transit Downtown Transfer Facility Furnishings.

III. TIP Development Process

IV. Local Revenue & Expenditure Summary

In order to remain fiscally constrained, the Transportation Improvement Program must balance estimated project expenditures with expected funding revenues. In addition, each particular source of funding must be used in a manner consistent with its designated purpose. The process of balancing expenditures across the portfolio of available funds requires cooperation and support from all of the BMCMPPO stakeholders. The Fiscal Year used for the purposes of the TIP begins on July 1 and ends on June 30. Thus, Fiscal Year 2012 begins on July 1, 2011 and ends on June 30, 2012.

The tables in this section summarize the projected local revenues and expenditures for Fiscal Years 2012 through 2015. They do not include programmed funds or projects for the State of Indiana, as these are subject to statewide financial constraints beyond the purview of the BMCMPPO. Non-local revenue forecasts are based on past receipts, projections from the FHWA, FTA, and INDOT, anticipated Federal spending authorization levels, and consultations with appropriate Federal and state funding agencies. Local funding forecasts are derived from a similar methodology and through extensive coordination with local agencies. Project expenditures are based on realistic cost estimates provided by the implementing agency for each project.

A. Projected Revenues for Local Projects

The table below summarizes the projected funding available, by funding source, for programming in the FY 2012-2015 TIP. The STP line highlights estimated spending authority available through FY 2015. This table does not include Federal revenues that may be added in the future through special Congressional earmarks, discretionary funding sources, or other grants. Any project utilizing such funds has been marked as “Illustrative” and is not counted in the fiscal constraint analysis.

B. Programmed Expenditures for Local Projects

The table below summarizes the programmed local expenditures, by funding source, for projects in the FY 2012-2015 TIP. The available STP funding has been programmed to ensure a 5% reserve to cover project cost overruns. Any usage of funds from this reserve will be subject to the BMCMPPO's Change Order Policy.

C. Programmed Projects

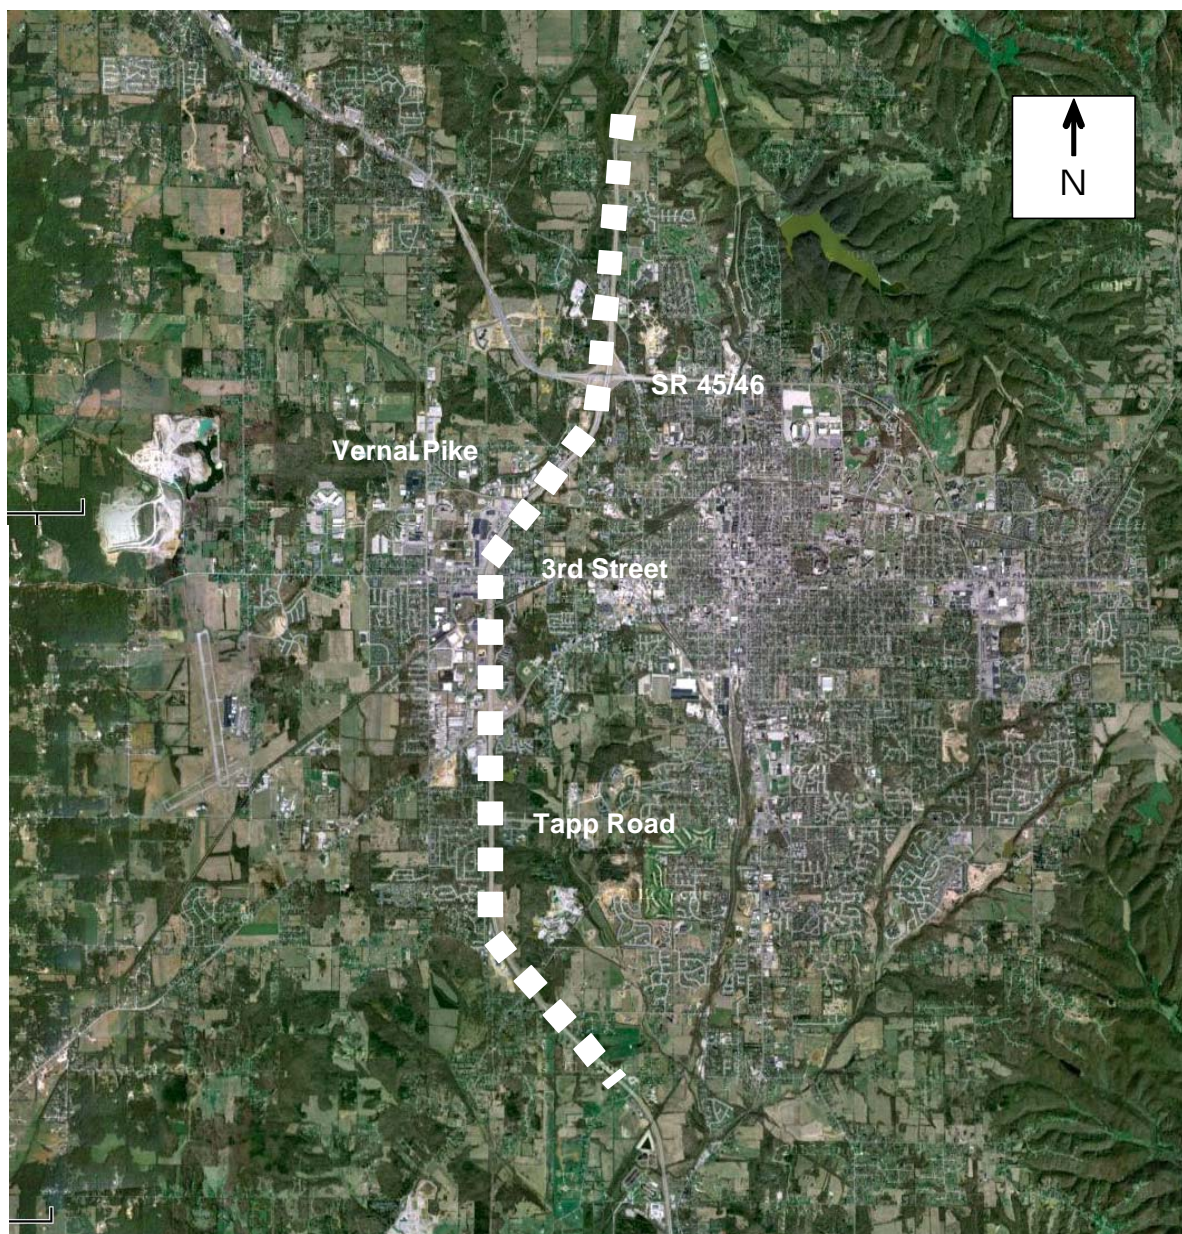

The following tables provide a description of each project programmed in the Transportation Improvement Program for fiscal years 2012 to 2015. The tables are organized by implementing entity in the following order: Indiana Department of Transportation, Monroe County, City of Bloomington, Town of Ellettsville, Rural Transit, Bloomington Transit, and Indiana University Campus Transit. At the end of each agency's section is a summary of programmed expenditures by funding source for each fiscal year.

Additionally, each project which involves an identifiable location is also accompanied by a visualization of the approximate project boundaries. The dashed white lines provide an estimation of project location based on best information available at the time this document was developed. These graphics are provided for the sake of reference only and should not be interpreted as exact delineations of project alignment.

Appendix III: Total Expenditure Charts

The following charts illustrate how transportation funding will be spent as identified in this document. It should be noted that revenues and expenditures related to transit include operational expenses and illustrative projects. Expenditures for School Corps. include project costs for both Monroe County Community School Corporation and Richland-Bean Blossom Community School Corporation.

**FY 2010-2013 Total Expenditures
for Local Projects by Funding Source**

**FY 2012-2015 Total Expenditures for Local Projects by
Implementing Agency**

Appendix IV: Listing of Projects by Year

The following tables represent a compilation of annual expenditures and the funding sources for all projects (note: State project costs are not included in the totals). Please note that 5% of available STP funding has been set aside in a Change Order Reserve. The intent of setting aside this money is to provide a source of revenue to cover project cost overruns. Any use of funds from this reserve will be subject to the BMCMPPO Change Order Policy. Any figures or projects in *italics* are illustrative.

Appendix V: Urbanized Area Boundary

The Urbanized Area Boundary (UAB) is the geographic area in which the metropolitan planning process must be carried out. It shall at a minimum cover the statistical geographic area which has a population of 50,000 (as determined by the U.S. Census Bureau). The Metropolitan Planning Area (MPA) represents an adjustment or revision to the Urbanized Area Boundary to smooth out geographic irregularities and establish more logical boundary lines, instead of those established by the Census Bureau.

Bloomington/Monroe County Metropolitan Planning Organization

TRANSPORTATION PLANNING PROCESS CERTIFICATION

In accordance with 23 CFR 450.334, the Indiana Department of Transportation, and the Bloomington/Monroe County Metropolitan Planning Organization for the Bloomington urbanized area(s) hereby certify that the transportation planning process is addressing the major issues in the metropolitan planning area and is being conducted in accordance with all applicable requirements of:

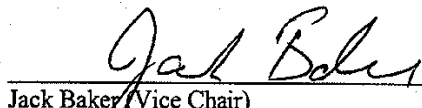

1. 23 U.S.C. 134, 49 U.S.C. 5303, and 23 CFR part 450.300;
2. Sections 174 and 176(c) and (d) of the Clean Air Act, as amended (42 U.S.C. 7504, 7506(c) and (d)) and 40 CFR part 93;
3. Title VI of the Civil Rights Act of 1964, as amended (42 U.S.C. 2000d-1) and 49 CFR part 21;
4. 49 U.S.C. 5332, prohibiting discrimination on the basis of race, color, creed, national origin, sex, or age in employment or business opportunity;
5. Section 1101(b) of the SAFETEA-LU (Pub. L. 109-59) and 49 CFR part 26 regarding the involvement of disadvantaged business enterprises in USDOT funded projects;
6. 23 C.F.R. part 230, regarding the implementation of an equal employment opportunity program on Federal and Federal-aid highway construction contracts;
7. The provisions of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) and 49 CFR parts 27, 37 and 38;
8. The Older Americans Act, as amended (42 U.S.C. 6101), prohibiting discrimination on the basis of age in programs or activities receiving Federal financial assistance;
9. Section 324 of title 23 U.S.C. regarding the prohibition of discrimination based on gender; and
10. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794) and 49 CFR part 27 regarding discrimination against individuals with disabilities.
