

**17<sup>th</sup> Street Reconstruction Project**  
**(Vernal Pike I-69 Overpass to Monroe/Arlington Roundabout)**  
 City of Bloomington, IN

The City of Bloomington would like to hear from you regarding the aesthetic themes of several project features, including retaining wall patterns, color schemes, handrail, and lighting. You may fill out this form or email your comments to Neil Kopper at the email address on the back of this form.

The final decisions regarding aesthetics will heavily consider your input, but may not be strictly based on a tally of these forms. The wall shown in the exhibits represents the wall at its tallest segment. Most of the retaining wall on the project will be four feet tall or less. For more information, please visit [bloomington.in.gov/engineering/projects/17th](http://bloomington.in.gov/engineering/projects/17th) . Please circle one choice from each category below.

**Wall Block Pattern**

- Concept 1 – Step Down
- Concept 2 – Random
- Concept 3 – Rolling
- Concept 4 – Band

**Wall Colors**

- Combination 1 – Buttercream & Driftwood (“Brown”)
- Combination 2 – Granite & Charcoal (“Gray”)
- Combination 3 – White & Raspberry (“Red”)
- Combination 4 – Other (Please note in comments)

**Railing Pattern**

- Concept 1 – Horizontal
- Concept 2 – Wire mesh panel
- Concept 3 - Vertical

**Lighting**

- Option 1 – Only intersections (Overhead Roadway LED)
- Option 2 – Intersection (Overhead Roadway LED) and midblock (Overhead Roadway LED)
- Option 3 – Intersection (Overhead Roadway LED) and midblock (Acorn LED, ped-scale\*)
- Option 4 – Intersection (Overhead Roadway LED) and midblock (Traditional LED ped-scale\*)

*\*Pedestrian scale lighting requires additional poles (12 feet tall). Overhead roadway lighting uses existing utility poles.*

Space for additional comments regarding aesthetics and project features is provided on the back of this page. The City also seeks your input on the location for the limestone Crescent Bend Neighborhood sign and your overall feedback regarding the project features discussed during the public meeting. Thank you!
