Pretreatment Program  
Amalgam Separator Inspection Log

Dental Facility Name: \_\_\_\_\_

Address: \_\_\_\_\_

Date of Inspection	Name of Inspector	Results of Inspection	Follow Up Actions Needed

Instructions: Inspect the amalgam separators integrity. Note any items which require action in the Follow Up section. If repair or replacement is required, you must log it in the Amalgam Separator Repair and Replacement Log as well. Keep this log on site a minimum of 3 years following each event. If you have any questions contact the Pretreatment Coordinator at 812-349-3946
