Foreword

The City of Bloomington Community and Family Resources Department has prepared this guide. It includes licensed child care homes and centers, registered ministries, preschool programs, and summer programs for school-age children. The facilities are grouped according to the function they serve. Fees listed are subject to change.

Parents are urged to do their own investigating of any facility they plan to use, as this guide is intended for information and not as a recommendation. Please take time to check out each prospective child care provider. Only you can determine the type of care you want for your child or children. Once you have chosen a facility, please contact the following individuals for further information on any recorded licensing violations or non-compliance, that may pertain to that facility:

Ron Doyon, Licensing Home Consultant, (812) 340-2423

Connie Scott, Licensing Center Consultant, (812) 786-6622

Robert Campbell, Registered Ministries Consultant, (812) 830-8541

You may have to schedule an appointment to view the facility's file.

All children entering kindergarten in Monroe County Community Schools must be five years old on or before August 1 (call 330-7700). In Richland-Bean Blossom Schools it is also August 1 (call 876-7100).

The licensing consultant maintains a current listing of all licensed child care homes. For further information call Ron Doyon at (812) 340-2423.

Copies of this guide may be obtained at the Community and Family Resources Department at City Hall and at the Monroe County Public Library, Children's Department.

Newly licensed child care homes and child care centers can be included in the next issue of the guide. Please call 349-3430.

The Community and Family Resources Department wishes to thank everyone who contributed in any way to making this guide as complete and accurate as possible.

Introduction

If you are reading this introduction and reviewing this guide, we know that you are thinking about the best early education and childcare options for a young person in your life. For that we would like to applaud you!

This guide was created for the purpose of presenting parents, families, practitioners and care givers with up-to-date, comprehensive information on early childhood education and care options in the community. This guide includes enhanced information on the quality of the programming and amenities offered by the providers. Where available, we have included rankings of each facility using the Paths to QUALITY system, a tool designed to help assess the effectiveness of caregivers in providing quality childcare and early education experiences.

This publication is a collaborative effort of Monroe Smart Start, the Community Foundation of Bloomington and Monroe County, the City of Bloomington, and the United Way of Monroe County. With the growing awareness of the importance of early childhood education in preparing children for school and supporting their success in the early grades, Monroe Smart Start has been working with the support of the Community Foundation and others to increase the availability and affordability of quality early childhood education in the community. Monroe Smart Start supports the belief that in order to have the greatest impact on the lives of children, we need to start as early as possible and to create a critical mass of adults around them who understand what it takes to help children succeed.

This guide is intended to complement the work of Monroe Smart Start by increasing the knowledge of what options currently exist in the community and to create incentives to develop the curricula that have proven to be successful in developing school readiness. We hope you find it to be a useful tool in making informed childcare and education choices and in helping your child be better prepared for a successful school beginning.

Mark Kruzan, *Mayor, City of Bloomington*

Tina Peterson, *President and CEO, Community Foundation
of Bloomington and Monroe County*

Introduction to Paths to QUALITY

Research indicates 90 percent of brain development occurs before the age of 5, when students begin kindergarten. High quality early learning experiences prepare children for future success in school, work and life.

A child's brain develops according to the child's learning experience, which is why providing high quality child care is so important.

In 2008, Paths to QUALITY was introduced statewide to help parents identify and select quality child care and to recognize providers who work to achieve higher-quality care that goes beyond minimum state licensing requirements.

Paths to QUALITY gives families an easy-to-recognize tool for selecting a childcare program. Families can look for the Paths to QUALITY logo to determine what level their provider has achieved.

The four-level Paths to QUALITY rating system has a "building block" structure. Each level builds on the foundation of the previous one, resulting in significant quality improvements at each stage and in national accreditation at Level 4.

When choosing child care, search for programs that voluntarily participate in Paths to QUALITY. These special programs

demonstrate a commitment to providing:

- Safe, nurturing environments
- Proper adult/child ratios
- Planned activities that support learning

For more information on Paths to QUALITY visit www.casyonline.org and click on the Free Child Care Search button to search for providers in our community who participate in Paths to QUALITY.

Paths to QUALITY ratings for those centers participating in the program are included in their entries in the guide.

Licensed Homes (LH)

LH

Family child care homes are licensed and located in a provider's home or a home structure. Homes are designed for multi-age group care. A home is limited to 12-16 children depending on the classification of its licensing. The license should be posted, should you have a question regarding the number of children a provider can accommodate.

ABC Academy for Early Childhood Education ~ Pre-Kindergarten

Paths to QUALITY: Level 4
Affiliations: Not-for-Profit
Accreditations: NAEYC
Program: Penny Lane exists to provide the community with the service of a preschool and state-licensed child care facility combined into one. As a Level 4 Paths to QUALITY program, all children are accepted and given the

best possible care that we can provide for them. Every child is an individual with lots of capabilities not yet explored. Penny Lane uses all the developmental areas; physical, cognitive, social-emotional and language to help children and families experience their needs in a natural environment that is safe, healthy and developmentally appropriate. As a private corporation that is not-for-profit, we have a financial goal. The center must operate in a responsible manner so as to provide to the community with a caring program that offers instructional guidance as efficiently possible.

Other Services: 2 locations in Monroe County, CCDF Contract Grantee, and vouchers accepted, CACFP, TEACH grants available, and IAEYC members. Serving the community since 1978.

Hours: 7:00am-6:00pm
Rates: Vary by age group
Program: Comprehensive inquiry-based curriculum designed to prepare children for school in a warm, caring, beautiful environment. Movement/nutrition education and swimming are included. The Y is an association of men, women, and children of all ages and from all walks of life joined together by a shared passion: to strengthen the foundation of the community.

With a commitment to nurturing the potential of kids, promoting healthy living and fostering a sense of social responsibility, the Y ensures that every individual has access to the essentials needed to learn, grow and thrive. Through the world may be unpredictable, one thing remains certain—the Y is, and always be, dedicated to building healthy, confident, secure and connected children, families and communities.

Staff Qualifications/Training: Staff may have a CDA or education degree. All staff are trained in first aid, CPR, child abuse prevention and more.

Other Services: Center-cooked healthy meals included; accept CCDF/CASY vouchers; swimming and movement education.

Registered Ministries (RM)

Registered ministries offer child care operated by a church or religious organization. This type of care does not have to be licensed. It does have to meet building codes for the specific type of building, cleanliness rules, and have a limited inspection by the state fire marshal.

IUB Early Childhood Education Services was established in October 1996 through a recommendation of the IUB Child Care Coalition and is funded by the IUB Provost's office. IUB Early Childhood Education Services has a three-part mission:

1. Coordinate all child care programs on the Bloomington campus, including Campus Children's Center, Campus View Child Care Center, Hoosier Courts Cooperative Nursery School, Knee High Day Care Cooperative, and Sunflower Day Care Cooperative.
2. Advocate for expansion and increased support for child care on the Bloomington campus.
3. Assist IUB students and employees in finding child care at IUB and in Monroe County.

A Word About

Services to Families

Community Alliance and Services for Young Children (CASY) offers a FREE, computer-based referral service to licensed child care homes and centers, and registered ministries. A Child Care Resource and Referral Specialist will perform a search according to parent specifications. Please call CASY toll free at 800-886-3952 or visit their website at www.casonline.org. CASY also offers Better Baby Care and Indiana Partnership for Inclusive Child Care (IPICC). These programs offer enhanced referrals including vacancy checks for parents of children with special needs and/or infants and toddlers and follow-up to ensure quality care is found.

The *Child Care and Referral Guide* for Bloomington and Monroe County is published and distributed by the City of Bloomington Community and Family Resources Department. Copies are available at the Monroe County Public Library. The guide is also available on the Internet at www.bloomington.in.gov/cfrd.

Services to the Child Care Industry

CASY provides training and technical assistance for education professionals. Services include licensing orientation training for new child care businesses, continuing education unit trainings, non-formal CDA classes, a resource library and enhanced services for caregivers of children with special needs and infants/toddlers. Child care providers participating in Paths to QUALITY are assigned a mentor to support them in this 4-level rating system. Please contact CASY toll free at 1-800-866-3952 or visit their website at www.casonline.org.

Providers wishing to participate in the Child Care Development Fund (CCDF) program can contact TCC toll free at 1-866-921-6623. Submission of documentation on health and safety standards and a home/facility visit are required to become certified.

NOTE: The City of Bloomington Community and Family Resources Department cannot guarantee the reliability of a babysitter or child care provider. Before engaging the services of the child care provider we strongly urge parents to ask for references from another parent with whom the child care provider has worked.

The City of Bloomington does not discriminate on the basis of race, color, national origin, sex, disability, religion, age, ancestry, marital status, sexual orientation, gender identity or number of dependents in employment or in provision of services.
