HOW TO ENTER YOUR
LICENSE PLATE
IN BLOOMINGTON

The City of Bloomington Parking Services is using new technology to confirm payment of your parking session, based on your license plate. Accurate entry of your plate is important so you don't get a citation.

- **It is recommended you take a picture of your license plate number or write it down before leaving your car.**

- Some characters look similar but the computer system will not be able to distinguish: The letter "O" looks like the number "0". The letter "B" looks like the number "8". Make sure you know your exact license plate characters.

- Do not enter any spaces. "MY CAR" should be entered as "MYCAR"
