Purpose of the Report

Crowe LLP (“Crowe” or “we”) has performed a study and analysis of the operating and financial reports, budgets, and other data pertaining to Bloomington Municipal Water Utility (“Utility”). The results of our analysis are contained in this Preliminary Revenue Requirements Report (“Report”).

The purpose of this Report is to estimate the Utility’s on-going revenue requirements for operation and maintenance expenses, current and proposed debt service payments, and make capital improvements to the Utility’s system. This Report is based on data for the twelve months ended March 31, 2020 (“Test Year”). The historical information used in this Report was taken from the books and records of the Utility and was adjusted as necessary for fixed, known, and measurable items as disclosed in the schedules of this Report.

In the course of preparing this Report, we have not conducted an audit of any financial or supplemental data used in the accompanying exhibits and schedules. We have made certain projections that may vary from actual results because events and circumstances frequently do not occur as estimated and such variances may be material. We have no responsibility to update this Report for events and circumstances occurring after the date of this Report.

If you have any questions regarding this Report, please call Jennifer Wilson at (317) 269-6699 or Craig Lotz at (317) 689-5512.

Appendix A: Risks and Assumptions

Risks

Regional, national or global epidemics or pandemics, such as the present outbreak of the novel coronavirus (“COVID-19”), could have materially adverse local, regional, national or global economic and social impacts. The present outbreak of COVID-19 is adversely impacting local, state, national and global economies, as governments, businesses and citizens react to, plan for, and try to prevent or slow further transmission of COVID-19. Financial markets in the United States and across the world saw substantial declines in March and April 2020. On March 6, 2020, Indiana Governor Eric Holcomb issued Executive Order 20-02 (“EO 20-02”), which declared the COVID-19 outbreak in the State to be a public health emergency. On March 11, 2020, the World Health Organization proclaimed the COVID-19 outbreak to be a pandemic, and on March 13, 2020, the President of the United States declared a national emergency in connection with COVID-19. The declaration of a public health emergency set forth in EO 20-02 has been renewed nine times by separate Executive Orders, the most recent of which is Executive Order 20-49, which Governor Holcomb issued on December 1, 2020. Such declaration now expires on December 31, 2020.

In order to address certain economic impacts of COVID-19, the Governor issued Executive Order 20-05 on March 19, 2020, Executive Order 20-21 on April 15, 2020, and Executive Order 20-27 on May 8, 2020. Those Executive Orders provided certain taxpayer relief, including: (1) authorizing the Indiana Department of Revenue to take such action as is necessary to ensure the State conforms to the relief provided in IRS Notice 2020-17 by providing an extension of time related to State income tax liabilities; (2) ordering counties to waive penalties for 60 days on non-escrowed real property taxes and special assessments and fees that were included on the property tax bills and collected as part of the property tax payment, which were paid after the May 11, 2020 due date; (3) authorizing the Indiana Department of Revenue to waive any penalties and interest that are directly related to taxes, estimated payments or other amounts due, if the due date for the underlying tax, estimated payment or other amount due is extended in response to the COVID-19 pandemic public health emergency, which waiver shall continue for the duration of the extension; and (4) providing that: (a) individual State income tax returns and payments, along with estimated payments, originally due on April 15 or June 15, 2020, were due on or before July 15, 2020; and (b) corporate State income tax returns and payments, along with estimated payments, originally due on April 15, April 20, May 20 or June 22, 2020, were due on or before July 15, 2020, and those originally due on May 15, June 15 or July 15, 2020, were due on August 17, 2020.

In addition, in order to take certain steps to increase containment of COVID-19, the Governor issued various Executive Orders, which included stay-at-home orders and face covering requirements, directed the closing of State government buildings and restricted retail establishments and in-person dining at restaurants, among other things. In order to continue the mitigation of COVID-19 and to lower the risk of resurgence, the Governor issued several Executive Orders, which instituted a measured and staggered approach to reopening businesses and entities. Five stages were outlined, with each ensuing stage being subject to fewer restrictions and limitations than the previous stage. Those stages were initiated on March 23, 2020 and lapsed on November 14, 2020.

On November 13, 2020, the Governor issued Executive Order 20-48 (“EO 20-48”), because, in part, key data points or numbers regarding COVID-19, had, as of the date of EO 20-48, significantly and steadily increased over the past several weeks in the State. In particular, the number of positive cases had doubled every week for the past four weeks, hospitalizations were at an all-time high and the seven-day positivity rate went from 3.9% in late September to 10.6% as of the date of EO 20-48. Based on those and other factors, EO 20-48 rescinds the stage designations and provides that, going forward, the State shall use county-based assessments to determine which measures and restrictions are needed to counter the spread or impact of COVID-19 within a particular county. While EO 20-48 expired on December 13, 2020, the Governor issued Executive Order 20-50 (“EO 20-50”) which extends the measures of EO 20-48 through January 3, 2021.

EO 20-50 indicates that the State has implemented a color-coded system to inform Hoosiers about the status of COVID-19 in each county and across the State. Under EO 20-50, the Indiana State Department of Health (“ISDH”) will continue to update each county’s status under the color-coded system at least weekly. In making the weekly assessments, the ISDH will continue to consider the following: (1) the seven-day positivity rate for all tests (percentage of positive test results over the number of tests performed); (2) new weekly cases per 100,000 residents; (3) whether a county’s positivity rate has increased or decreased from the previous week; and (4) whether any increase in the percentage of positive cases is isolated to congregate living settings or is from the community at large.

The four levels of the monitoring system are as follows: (1) blue zone, in which the community spread is low; (2) yellow zone, in which the community spread is moderate; (3) orange zone, in which the community spread is approaching high levels; and (4) red zone, in which the community spread is high. As of December 21, 2020, out of the State’s 92 counties, none were blue, none were yellow, 68 counties were orange, and 24 counties were red. Generally, the size of a social gathering or an event (as both such terms are defined in EO 20-50), without any approval by the local health department, is limited to: (1) 25 individuals in counties designated as red; (2) 50 individuals in counties designated as orange; (3) 100 individuals in counties designated as yellow; and (4) 250 individuals in counties designated as blue. A larger social gathering or event requires the submission of a safety plan to, and the approval thereof by, the local health department. As of December 21, 2020, the City is located in a county that is designated as orange. The most recent color designation of the county in which the City is located can be ascertained at the following link: <https://www.coronavirus.in.gov/2393.htm>. The information at this link is hereby incorporated by reference into this Report only with respect to such designation. No other information at this link is incorporated by reference into this Report.

EO 20-50 continues to require every individual within the State to wear a face covering over the nose and mouth when, with certain exceptions: (1) inside a business, public building or other indoor place open to the public; (2) in an outdoor public space wherever it is not feasible to maintain six feet of social distancing from another person not in the same household; and (3) using public transportation or while in a taxi, private car service or ride-sharing vehicle. EO 20-50 requires all Hoosiers who have received a positive COVID-19 test to self-quarantine. EO 20-50 requires each business and entity continuing operations or resuming full operations to develop a COVID-19 response plan as described in EO 20-50, to provide it to each employee or staff and to post it publicly. EO 20-50 authorizes: (1) the enforcement of its workplace safety provisions by the Indiana Occupational Safety and Health Administration; and (2) the ISDH, the Indiana Department of Homeland Security, the Indiana Alcohol and Tobacco Commission, local boards of health and other State and local officials or law enforcement officers to take all available administrative and enforcement actions against businesses or entities failing to comply with the restrictions set forth therein. Unless prohibited by an Executive Order issued by the Governor, EO 20-50 permits local ordinances, directives and orders to be more restrictive than those set forth therein. EO 20-50 expires on January 3, 2021, at which time the Governor may issue one or more directives, which rescind, modify or extend EO 20-50.

The Utility has observed decreases in billed revenue and collections since approximately April 1, 2020, likely a result of COVID-19; however, the decreased revenue has not materially altered the financial position of the Utility as of the date of this Report. If COVID-19 persists as a public health emergency, it may adversely impact the Utility’s customers ability to pay bills in the future. The extent of the impact on the finances of the Utility into the future due to COVID-19 is unknown at this time.
