Dear Council Members and the Public,

How did City Government perform in 2020?

This annual report helps answer that question. The budget for 2020 was approved by the City Council in October 2019, with hundreds of accompanying performance metrics. What follows reports on all of those metrics for 2020.

Of course, the worldwide pandemic dramatically changed all of our lives in 2020, including the roles and goals of our Bloomington City government. This year's report reflects that impact. Nearly one third of the original goals were deemed lower priority or were postponed due to the extraordinary challenges of 2020. All the original goals are measured and reported as prepared, including those directly affected by the pandemic -- we couldn't hold a Fourth of July parade or run swim classes, just to cite two obvious examples. This report also includes a special new section, in which each department summarizes the many new and different actions taken in response to the pandemic.

As Mayor, I'm incredibly proud of the work our city employees performed during 2020, and I hope you are too. We didn't close for a single day due to the pandemic, protecting our community through enormous challenges. Every single employee learned to do their job in new ways. And with this report, our city administration continues to demonstrate transparency and accountability to our residents, about how tax dollars are invested and how seriously we pursue efficient and effective use of those funds.

This year-end goal update reveals the diligence and hard work of a city, both with goals met and those delayed or inactive due to constraints from COVID-19. Even during times of challenge, the City of Bloomington continues to pick up sanitation, clean snow from our streets, fix potholes, keep the community safe, and create vibrant amenities like parks and trails. We also react to local, national and worldwide issues, as we facilitate online public engagement and host virtual meetings and award ceremonies, showcasing resilience and rising to the COVID-19 challenge.

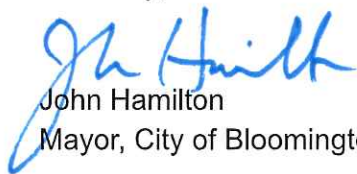

The addendum shares just some of the ways we have adjusted and transformed what we do. I hope you will find this particularly interesting and encouraging as you read through our city's response to the pandemic.

As life in a pandemic continues longer than we thought possible, I am continually grateful for the

dedication and responsiveness of all our city employees. During this crisis, we have learned the true meaning of the word "essential." Every day of the year, regardless of the pandemic, the essential employees of the City of Bloomington are working to provide city services to our 85,000 residents, keeping our community safer, more resilient and more economically viable.

If you have any questions, concerns, or suggestions about this document, feel free to reach out to my office and our staff would be happy to provide specifics about each department's report and explain the system for tracking our budget goals.

Sincerely,

John Hamilton  
Mayor, City of Bloomington

## **ADDENDUM**

Departmental list of additional activities, goals or programs taken on due to COVID-19.

### **Bloomington Fire Department**

- Rapidly researched and developed pandemic protocols ensuring 100% of personnel were trained to the evolving protocols.
- Created and maintained detailed contact tracing to minimize the potential spread of COVID-19, especially in our group living environments.
- Researched innovative sources and procured pandemic personal protective equipment to ensure we could continue to provide service without jeopardizing firefighter safety.
- Helped all City departments develop and implement continuity of government and continuity of operations plans to include logistical support, personnel planning, and critical core service plans.
- Proactively developed capabilities to provide distance education to firefighters and other community stakeholders to ensure department training and messaging continued within pandemic protocols.
- Realigned and relocated BFD resources within the organization to improve physical distancing and minimize disruptions caused by positive COVID tests.
- Rebuilt the new hire testing process to ensure we could meet pandemic protocols.

### **Bloomington Police Department**

- Instituted physical divisions, creating distance between BPD units to prevent the transmission and spread of the disease, including the use of a virtual roll call rather than physical meetings and limiting access to certain areas of the department to curtail any spread of the virus.
- Implemented improved and thorough decontamination of equipment after possible exposures.
- Implemented changes to the way services are provided to the public to minimize the chance of spreading an infection, including using more online and telephone reports.
- We had dramatic reductions in our ability to conduct community outreach and engagement.
- Downtown Resource Officers distributed personal protective equipment to those experiencing homelessness or near homelessness at Seminary Park and other areas of the City to reduce the possible spread of the COVID-19 virus.

### **Community & Family Resources**

- The following annual or ongoing programs and initiatives were moved to a virtual format:
  - All board/commission meetings
  - Nonprofit Board Training
  - Young Women's Leadership Summit
  - Commission on the Status of Women's annual Women's History Month Celebration
  - Be More Awards

- Commission on the Status of Children and Youth SWAGGER Awards
  - Instead of welcoming elementary school children back to school in person, the Commission on the Status of Black Males created a “welcome back” video to be played for incoming MCCSC elementary students.
- The following annual or ongoing programs were cancelled or delayed due to the pandemic:
  - Domestic Violence Conference
  - Commission on Hispanic and Latino Affairs Annual Awards ceremony
  - Youth Participatory Budgeting, 2<sup>nd</sup> round
  - Nonprofit Volunteer Recruitment Fair
- Nonprofits suspended in-person volunteering due to COVID concerns, so CFRD staff focused on assisting with the recruitment of board members and pro-bono volunteers.
- Health education priorities changed for the Latino Outreach Program. The focus moved to educating Spanish-speaking community members about COVID-19 protocols and prevention. Outlets used included the Boletín Comunitario and segments on Hola Bloomington, WFHB's public affairs radio program that is produced by CFRD.
- Launched and led the mayor's Social Service Safety Net Group to assure childcare, food, shelter and safety and hygiene needs of the underserved were met.
- Provided fiscal coordination of the grant for the region's Safe Recovery Site (Isolation Shelter).
- Coordinated communications for Safe Recovery Site partners and stakeholders.
- Worked with Wheeler Mission to coordinate funding and details for the Women's Winter Contingency Shelter.
- Worked with Bloomington Mask Drive to secure funding and location. Assisted Mask Drive by coordinating and scheduling weekly mask distribution to the community.

### **Controller**

- Evaluated operations to ensure continuity in the department's services while maximizing the safety of our employees.
- In those cases where employees were required to be on site, schedules were staggered to allow for proper physical distancing.
- Worked closely with ESD to facilitate a rapid response loan program to provide support to local businesses in getting through this crisis.

### **Economic & Sustainable Development**

- Completed the City's CARES Act/Coronavirus Relief Fund Reimbursement process for the full amount allocated to Bloomington, approximately \$2.75 million.
- Supported Arts & Culture organizations to help them navigate federal and state pandemic support.
- Developed and implemented emergency Recover Forward arts grant program.
- Supported Waldron transfer efforts, including facilities assessment initiatives.
- Developed and delivered Greenhouse Gas “backcast” to update historical inventories.
- Participated in substantial Innovation Group leafing project.

- Supported Social Service Working Group with food safety/emergency food preparedness.
- Developed sustainability/climate dashboard for launch in 2021.
- Led Farmers' Market transition to online platform during pandemic.
- Organized "Uprooting Racism in the Food System" workshop.
- Launched and led mayor's Economic Stabilization & Recovery working group.
- Launched and administered, in partnership with CDFI Friendly Bloomington, the Rapid Response Loan Fund for 60 businesses and total funding at year-end of \$1.7 million.
- Increased BUEA small business, arts, and other community-related grant funding by 152% or nearly \$90,000.
- Launched and supported Recover Forward projects relating to job training and creation, including biomanufacturing apprenticeship program, Dimension Mill Code School, and direct employment with Public Works, Centerstone, and Big Boys Moving.
- Completed and submitted \$3.5 million Economic Development Administration grant application.
- Developed Pickup/Dropoff zone and parklet programs, and supported Kirkwood closures.

### **Engineering**

- Many construction-related activities have been able to proceed on accelerated timelines with reduced traffic volumes.
- Other activities, including design and right of way acquisition, have been delayed or slowed due to closures and distancing requirements.
- The majority of work within the department has continued without major impacts.

### **Housing & Neighborhood Development**

- Housing inspection team offered virtual inspections to owners/tenants who preferred to use audio/video tech to conduct an inspection instead of being present in-person with a HAND inspector.
- Jack Hopkins/Federal Funding: HAND funding for social services grew due to relief funds coming from the State and Federal government. HAND already administers these types of funds, but more organizations were seeking funding due to issues presented by COVID.

### **Human Resources**

- Developed and co-chaired a team to address employee safety, plan for staffing issues, and consider other issues that could arise during the pandemic; the team became known as the Continuity of City Government team. The team met three times a week beginning in March 2020 and still continues monthly meetings a year later.
- Implemented and managed paid leave afforded under the Families First Coronavirus Response Act.
- Coordinated with Risk Management to determine a phone screening and contact tracing process for symptomatic employees.

- Worked in tandem with all departments to track and report employee cases of COVID-19.
- Provided oversight to and applied FMLA and expanded leave benefits during COVID.

## ITS

- Shifted department work to primarily remote with minimal onsite staff. This caused a massive reorientation of the IT Support environment.
- Conducted multiple surveys of departments and staff on COVID needs, including what was needed to work remotely.
- Managed rollout of Zoom video meeting licenses and Granicus agenda management software for Council. Coordinated upgrades to conference rooms for virtual meetings. Configured and tested Council Chambers for future hybrid meetings
- Oversaw purchasing of a significant amount of IT equipment, applications and services, more than any prior year due to COVID/CARES Act.
- Coordinated with IU and MCCSC on community broadband needs. Provided early Digital Equity Survey data to MCCSC and ROI to help with their independent efforts. Worked with other community partners on digital divide.
- Adapted Digital Equity Strategic Planning effort to incorporate COVID impacts on our broadband environment.
- Established, awarded and administered \$35,000 in Digital Equity grants program as part of Recover Forward; this was the first ITS public grants program.
- Worked with Innovation Director and others in COVID-related projects: internal jobs board, surveys, CARES purchasing, COVID dashboard, and more.
- Developed significant documentation for city staff to support remote work tools.
- Held 13 virtual Zoom training sessions for staff and developed Zoom for Public Meetings Guide. Created online resource pages for staff (/telecommute and /training).
- Upgraded Google Business allowing for improved telework features, unlimited storage, document retention and large file exchange. Increased Adobe Acrobat Pro licenses for document authoring and digital signing.
- Increased frequency of Phishing Awareness campaign testing and deployed COVID-related training to counter increase in COVID-related attacks.
- Provided setup and support for the public meeting area in City Hall's atrium.
- Rapidly deployed remote access tools, including an increase from 20 to 170 Virtual Private Network (VPN) users and from 0 to 100 Guacamole remote desktop users.
- Assisted with launch of online appointment scheduling for Animal Shelter
- Made small and large updates to a variety of systems in support of COVID activities: uReport Open311, OnBoard, Website, uReport CRM, New World Financials, and more.
- The GIS team partnered on several projects:
  - Calculated land use percentages for a BFD Grant to recover COVID expenses.
  - Researched to identify target locations for the Food Security Safety Net Working Group for their SNAP Outreach and Neighborhood Canvassing project.
  - Advised ESD on a project to create a web map of local restaurants. Also assisted ESD with maps, data, and advice on their downtown curbside pickup zone projects.

- Printed Sanitation truck route maps to share with contract workers assisting due to staff shortages.

### **Legal**

- With Risk, established COVID screening protocols for City employees. Interpreted CDC and other federal guidelines for employee quarantine and return to work. Determined “essential functions” and management of special situations, such as Central Dispatch.
- Risk Manager spent many hours/days phone screening employees who either were experiencing COVID-19 symptoms per CDC symptom list or had been notified that they were in CDC-defined close contact with a person who tested positive. Coordinated COVID medical screenings and test results to determine a safe return to work date; many employees were confused by the instructions from IU, the County, or their medical providers regarding quarantines and isolations.
- Drafted and obtained Council approval for emergency ordinance permitting the administration to waive legal and financial requirements where emergency circumstances required expedited response and/or payment.
- Reviewed, negotiated revisions to and finalized contract for City to be fiscal agent for state grant to fund homeless isolation shelter.
- Prepared resolutions and ordinances for temporary waiver of sign permit application fees and relaxation of sign applications standards; took measures to the Plan Commission (three times) and City Council (three times).
- Drafted and presented Kirkwood closure ordinances and resolutions (approvals from BPW, PC, and Common Council on multiple occasions).
- Drafted appropriation ordinance for the repurposing of reversion funds for COVID-relief initiatives.
- Reviewed public health orders, including:
  - Reviewed and advised clients regarding the dozens of orders released by Governor Holcomb.
  - Reviewed and advised clients on County health orders.
  - Drafted Mayor’s Executive Order on gathering size limits and related exemption request form.
  - Reviewed dozens of formal exemption requests and fielded many questions from the public regarding the applicability of the city’s order and the necessity of an exemption request.
  - Coordinated with County Health Department on myriad issues, e.g. interpreting the interplay between city and county’s health orders, ensuring City compliance with Health Department orders, and referring possible violations to the Health Department for enforcement.
- Drafted templates and final agreements, and assisted ESD with designing and implementing the process for, Rapid Response Fund loan program for COVID relief loans to local businesses. Assisted in reviewing applicants and awards for appropriateness of award and funding source.
- Drafted and reviewed multiple contracts for Recover Forward programs.

- Corporation Counsel co-chaired the COCG Forecast subgroup. With committee, conceived of and drafted the *City Plan for Managing City Operations During the COVID Emergency*. This plan has guided the City's operational response to the pandemic for much of 2020 and 2021.
- Reviewed and provided input on COVID-related contracts for BPD, including IUPD MOU for assistance from IUPD with gathering limit violations involving students.
- Prepared new templates for COVID-compliant meeting notices to avoid violations of the Open Door Law (ODL) and provided general advice on how to legally conduct remote meetings to remain ODL-compliant.
- Assisted CBU in complying with delinquent bill collection and water service termination moratoriums.
- Developed HAND protocols for neighborhood compliance officer inspections.
- Drafted COVID-related waiver language for Parks contracts.
- Following zoom-bombing incident at Board of Public Safety (BPS) meeting, worked with staff and ITS to make certain all protocols were in place to minimize the potential for a repeat incident with any board or commission.
- Assist Human Resources in contact tracing for COVID positives, notifying department heads of additional cleaning procedures, and updating KB drive to include new COVID alerts and protocols.
- Myriad research efforts related to COVID, e.g. permissible use of and how to obtain federal/Indiana Finance Authority COVID relief funds; reviewing and interpreting CARES Act provisions; assisting HR with legal issues related to CARES Act benefit provisions; legality of mandatory vaccinations, employment issues related to COVID, what other cities are doing in response to pandemic, etc.
- Drafted the City's COVID events cancellation policy.
- Reviewed and revised contract for housing at local hotel for first responders.
- Reviewed and negotiated provisions in contract with County and IU Health for COVID testing site.

#### **Office of the Mayor**

- Mayor Hamilton's Continuity of City Government (COCG) team, led by Deputy Mayor Mick Renneisen and Human Resources Director Caroline Shaw, assembled key city officials to implement contingency staffing plans and protocols to maintain City services during this critical time.
- Mayor Hamilton and other City leaders have maintained close communication throughout the pandemic with counterparts at the Monroe County government and health department, IU Health, Indiana University, local school corporations, and other civic and business leaders to coordinate the local response to this public health crisis. This includes the mayor's participation in a weekly press conference with other community leaders each Friday to discuss COVID-related issues.
- Mayor Hamilton continues to record video messages weekly, to city employees as well as to the public. These are compiled and posted on the City's website.
- Mayor Hamilton convened two working groups to focus on economic and social service related to the pandemic.

- The office coordinated all signage for City Hall and other city facilities directing safe and physically distanced services.
- The Digital Communication Specialist worked in tandem with ITS and all other departments to train on Zoom protocols, teach others how to effectively run virtual meetings, and how to stream virtual programming to Facebook Live and other city social channels.

### **Parks and Recreation**

- Health/Wellness Coordinator managed a master plan for reopening including protocols for staff, participants and facility operations.
- Closed all playgrounds and basketball courts for several months, posting over 300 COVID-19 health protocol signs throughout parks, outside facilities, and along trails to keep the community safe.
- Followed COVID-19 sanitation protocols to safely reopen park facilities and playgrounds.
- Operated Golf Course throughout the season with record revenue and participation numbers while implementing COVID-19 protocols.
- Managed the increase of number of users on trails seeking opportunities for outdoor physical activity.
- Farmers' Market transitioned from fully in-person sales to online sales with curbside pick-up to socially distanced vendor spaces, handwashing stations and controlled entry/exits to monitor gathering space capacities.
- Public Health in Parks initiative distributed PPEs and conducted screenings for houseless individuals in Seminary Park in partnership with Monroe County Health Department, Centerstone and IU Health Bloomington.
- Performing Arts Series held concerts and movies in the park with 6ft distance circles and online reservations to assist with managing gathering sizes.
- Kid City Summer Camp opened with pods groupings, temperature checks and individual camp supplies.
- Banneker Community Center home-delivered a record 10,288 meals during summer months.

### **Planning and Transportation**

- Evaluated operations to ensure continuity in the department's services while maximizing the safety of our employees.
- In those cases where employees were required to be on site, schedules were staggered to allow for proper physical distancing.

### **Public Works: Administration**

- While City Hall closed to the public, front-desk staff forwarded the main phone line to their personal cell phones to minimize customer service interruptions.
- In addition to their own job responsibilities, all DPW staff continuously covered the front desk through staggered shifts when City Hall reopened and performed important customer service job duties such as:

- Answered phones and took messages for City staff members who were not in the building.
- Greeted and answered general questions from members of the public and connected them to the appropriate City Department.
- Coordinated in-person meetings between City staff and members of the public within the Atrium of City Hall at socially distanced stations.
- Provided information to the general public regarding COVID-19 immunization sites or Monroe County government facility access questions.
- Supplied masks to members of the public.
- Facilitated Red Cross blood drives that utilized Council Chambers; helped people find sign-in and waiting areas.
- As COVID-19 continued, staggered shift schedules were maintained so that administration staff were always in the office to support front-desk staff.
- Board of Public Works meetings continued virtually unabated while staff continued to prepare agendas and meeting packets. The Board's important role and responsibilities to the community have continued uninterrupted.
- The department's entire 2021 budget development process was conducted virtually.
- Managed Sidewalk Assistance Repair and Recover Forward Programs unabated.
- Assisted with project management for the Kirkwood Pavement Maintenance project which included the installation and removal of safety bollards every weekend from inception to November.
- Assisted with sanitation route and fleet asset management software implementation projects via on-site work at the facilities and in the field, virtual meetings/conference calls, etc.

#### **Public Works: Animal Care & Control**

- Adoptions moved from walk-in to online applications, phone scheduling and/or adoption counseling with appointments for visitation. Conducted curbside and virtual adoption visits.
- Added web-based reporting for lost and found pets.
- Scheduled all owner animal surrenders.
- Added courtesy postings for individuals needing to rehome pets to assist with delays due to scheduling.
- Animal Control Officers increased pick-up of many strays in the community to decrease flow of people at the shelter. Additionally, Animal Control Officers assisted in transporting animals to and from foster homes.
- Phone traffic increased due to inability to have visitors at the shelter; implemented a new phone tree to provide better communication.
- Moved all foster orientations to a digital meeting format.
- Reformatted winter and busy season traffic flow plans to minimize exposure for staff, visitors and fosters at their appointments and scheduled cleaning protocols between visits.
- Created and maintained COVID-19 quarantine areas and handling plans for any animals being removed from homes.

**Public Works: Facilities Maintenance**

- Ordered, distributed, and maintained all personal protective equipment, disinfectants, and cleaning supplies for all Public Work Facilities and vehicles.
- Installed socially distanced signs and floor markings throughout City Hall.
- Ordered and installed clear plastic desk shields throughout all suites within City Hall. Set up socially distanced stations and clear plastic shields within the Atrium of City Hall so City staff and members of the public could conduct municipal business.
- Coordinated with janitorial vendor to perform deep cleaning services of office suites after an employee positive COVID-19 test result.
- Installed drop boxes inside City Hall Atrium so members of the public could drop off documents to staff members through a contactless method.

**Public Works: Fleet Maintenance**

- Implemented limited access for vendors regarding deliveries of equipment and parts.
- Administrative staff worked remotely and came into the office through staggered shifts.
- Technicians were provided with personal protection equipment, cleaning supplies, disinfectants, and practiced social distancing.
- Participated in virtual training sessions for the fleet asset management software.

**Public Works: Parking Services**

- All new parking contracts were processed online and parking passes were delivered through the mail instead of in-person processing. This totaled 235 monthly contracts fulfilled through the online application, review, and approval process.
- Payment options for parking changed from optional in-person payment to online payment of monthly fees.
- All garage customer service personnel performed additional cleaning on all parking equipment, elevator doors, door handles, and stairwell railings.
- Hourly employees changed work hours to accommodate the reduction of garage use during the height of COVID-19 in order to better serve customers who were still parking in the facilities.
- Installed and implemented Parker Technologies to handle all customer assistance needs via 3rd party communication. This service proved to be an excellent investment as our staff was able to focus its attention on garage cleaning and maintenance of the facilities.
- Implemented online neighborhood and contractor parking permit application and payment process. Permits were delivered through the mail.

**Public Works: Sanitation**

- Essential services such as refuse, recycling, and yard waste collection services continued uninterrupted.
- All staff members were supplied with personal protective equipment, cleaning supplies and disinfectants and practiced social distancing.
- Implemented daily extra cleaning protocols such as sanitizing the steering wheel between drivers and the cab of the trucks.

- Implemented an interactive website tool to simplify household trash and recycling disposal to encourage compliance with recycling guidelines, and reduce unsafe or illegal disposal of large or hazardous items. This website also allows City sanitation customers to submit information to receive automatic responses about collection schedules and acceptable items, and schedule special pickups of large or bulky items.
- As a direct result of COVID-19, City sanitation customers at home or working remotely from home increased the amount of refuse and recycling collected. Here is the breakdown of the increase:
  - Trash March-Dec 2019: 7194.86 tons
  - Trash March-Dec 2020: 7797.26 tons
    - **Trash is an 8% increase from 2019**
  - Recycle March-Dec 2019: 3154.71 ton
  - Recycle March-Dec 2020: 3881.71 ton
    - **Recycle is a 19% increase from 2019**

#### **Public Works: Street**

- Essential operations continued uninterrupted.
- Office staff alternated work schedules.
- All staff members were supplied with personal protective equipment, cleaning supplies and disinfectants and practiced social distancing.
- Adjusted project schedules due to employee COVID-19 leave.

#### **Utilities: Administration**

- Implemented digital signatures for Utility Service Board members, needed in support of virtual USB meetings.
- Developed paperless procedures for innumerable CBU processes in all divisions.
- Reduced paper usage in the Department by 50%.

#### **Utilities: Environmental**

- Manufactured and bottled about 100 gallons of hand sanitizer and distributed to City of Bloomington Departments.
- COVID sampling was conducted in wastewater plants and the sewer collection system.
- Conducted virtual pretreatment inspections with industrial customers.
- Conducted virtual water-quality interviews with customers and contact-free home sampling activities.
- Conducted virtual interviews and site tours for the Residential Stormwater Grant Program.
- Created in-house training videos for the hazardous waste and stormwater spill control programs, replacing in-person training. These will be released to be used by all City departments' onboarding training for positions that may interact with stormwater.

#### **Utilities: Engineering**

- Moved plan review meetings and other public interactions online.

**Utilities: Finance**

- Closed the Service Center to walk-up Customer Service visits; improved virtual Customer Service capabilities.
- Purchased Chromebooks to facilitate working from home, which will be repurposed for in-house training programs in the future.
- Bought a new safe for cash payments.
- Changed internal purchasing process to be mostly electronic.
- Set up inventory for all COVID-19 products, e.g. PPE and hand sanitizer.
- Installed washer and dryer for use by field crews.
- Instituted weekly electrostatic cleaning at all facilities.

**Utilities: Operations**

- Closed plant facility doors to outside visitors

**Utilities: Transmission & Distribution**

- Instituted staggered shifts to reduce personal interactions in the garage.

# Glossary of Terms

**Trello:** Trello is a web-based project management application that the City of Bloomington has used internally to monitor budget goal progress. You can see our internal board below.

**Program/Activity:** This is a service being delivered to the community by a specific department.

## Status Terms

**Accomplished:** This term is used in the status update column to indicate that a budget goal was accomplished.

**Substantially Accomplished:** This term is used in the status update column of 2020 documents to indicate that staff accomplished the budget goal by more than 50%.

**Not Met:** This term is used in the status update column of 2020 documents to indicate that the budget goal was not accomplished.

**Inactive due to Covid:** This term is used in the status update column of 2020 documents to indicate that staff are no longer pursuing a budget goal due to limitations due to the pandemic.

**Delayed due to Covid:** This term is used in the status update column of 2020 documents to indicate that a budget goal was delayed or that it has been pushed to a future date due to limitations due to the pandemic.

2020 End-of-Year Budget Goal Progress

## 2020 Bloomington Fire Department (BFD) End-of-Year Budget Goal Updates

Program/Activity	Goal	Update	Due Date	Status
Emergency Operations	Provide an appropriate response to all emergencies within the city by arriving within 4 minutes of dispatch 90% of the time and within 8 minutes of dispatch 98% of the time.	BFD was on scene within four (4) minutes 67% of the time and on scene within eight (8) minutes 96% of the time. Department did not meet this goal but did not identify any significant negative outcomes as a result.	12/31/2020	Not Met
Emergency Operations	Order a replacement for Truck 2 (vehicle #396) by end of Q1 (330 days build time currently estimated) to begin the build process that will minimize equipment failures, enhance response efforts and ensure firefighter safety.	Truck 2 replacement was ordered in February 2020.	3/31/2020	Accomplished
Emergency Operations	Order a replacement for Engine 1 (vehicle #340) by end of Q1 (330 days build time currently estimated) to begin the build process that will minimize equipment failures, enhance response efforts and ensure firefighter safety.	Engine 1 replacement was ordered in February 2020 and was placed into service in October 2020.	12/31/2020	Accomplished
Emergency Operations	Begin first step of Center for Public Safety Excellence Accreditation process (Community Risk Assessment: Standards of Cover) by end of Q4.	Department capacity to work on this project was not available due to pandemic planning, response and mitigation activities. Goal will be carried over to 2021.	12/31/2020	Inactive due to COVID

## 2020 Bloomington Fire Department (BFD) End-of-Year Budget Goal Updates

Emergency Operations	Increase firefighter safety by committing to OSHA and National Fire Protection Association (NFPA) 1500 compliance process. Complete an internal audit by May 31, 2020 of NFPA 1500 compliance that will be used to identify budget impact items for 2021.	Internal audit was completed in February 2020. The 2021 budget request includes funding to support corrective actions.	5/31/2020	Accomplished
Emergency Operations	Emergency Operations: Complete final order of second set of fire gear for all operational employees by end of Q1 to meet contractual obligations and enhance firefighter safety by ensuring employee always has carcinogen-free equipment to wear.	Final gear order was placed in February 2020. Contractual obligation has been met and BFD owns enough fire gear to ensure employees always have carcinogen-free equipment to wear.	3/31/2020	Accomplished
Emergency Operations	Continue efforts to increase interoperability with other fire agencies within Monroe County and the State of Indiana to enhance services through collaborative service delivery methods.	Completed two major benchmarks towards the continued efforts to improve interoperability between BFD and other fire agencies within Monroe County. Countywide accountability system was implemented in July 2020 and all BFD apparatus have been renumbered to meet the guideline.	12/31/2020	Accomplished
Fire Prevention	Ensure the department makes community contact with every commercial occupancy (3,490 currently) under our jurisdiction at least once per year.	Completed 521 inspections (15% of the annual goal). COVID-19 restrictions in addition to being down one Inspection Officer for a majority of year were major contributors to failing to meet this goal.	12/31/2020	Inactive due to COVID

## 2020 Bloomington Fire Department (BFD) End-of-Year Budget Goal Updates

Fire Prevention	Make at least one contact with every K-12 school in the city (34 as of 2019) for fire prevention education.	Completed at least one prevention contact with three (9% of annual goal) K-12 schools. Due to pandemic protocol restrictions, BFD transitioned this goal towards developing a student project to create fire safety videos. Four video submissions were received representing four K-12 schools.	12/31/2020	Inactive due to COVID
Fire Prevention	Facilitate two Indiana University fire safety sponsored events by end of Q4 with at least 300 student participants.	Pandemic protocol restrictions cancelled all planned 2020 events. Completed a fire safety video that was mandatory for all Freshman students and a second video that was mandatory for all residence assistants for student dorms.	12/31/2020	Inactive due to COVID
Fire Prevention	Update fire ordinances to reduce false alarm calls throughout the City by 3% through aggressive prevention, education, and enforcement.	Did not complete an update of the City fire ordinance due to pandemic; however, there was a 16% reduction in false alarm calls. Reduced false alarms on IU campus accounted for 96% of the false alarm call reduction Citywide.	12/31/2020	Delayed due to COVID
Fire Prevention	Coordinate community assistance efforts sponsored by the American Red Cross to install 150 smoke detectors in areas identified by data analysis (Smoke Signals) by end of Q4.	Installed five (5) smoke detectors (3% of annual goal). Pandemic protocols prevented routine installations, only completed installations when requested to correct a known safety issue.	12/31/2020	Delayed due to COVID

## 2020 Bloomington Fire Department (BFD) End-of-Year Budget Goal Updates

Fire Prevention	Order a replacement for Prevention 1 (vehicle #355) by end of Q1 (6-8 week build time) that will minimize equipment failures, enhance response efforts and ensure firefighter safety	Ordered replacement for Prevention 1 in February 2020. Vehicle was placed in service September 2020.	3/31/2020	Accomplished
