2021 CHALLENGES: COVID-19 PANDEMIC

- Instituted physical divisions, creating distance between units within the Department to prevent the transmission and spread of the disease, including the use of a virtual roll call rather than physical meetings, and limiting access to certain areas of the Department to curtail any spread of the virus. Masks required of all personnel when unable to physically distance.
- Implemented improved and thorough decontamination of equipment after possible exposures
- Implemented changes to the way services are provided to the public to minimize the chance of spreading an infection, including using more on-line and telephone reports.
- Dramatic reductions in our ability to conduct community outreach and engagement
2021 CHALLENGES: BPD HEADQUARTERS FLOODING

BPD Headquarters was inundated with flood waters during a severe thunderstorm on June 18, 2021 causing major damage.

The entire lower level of the Headquarters building which houses the Detective Division, Evidence Storage and Processing, Athletic Training and other areas were affected.

The damage to the building and equipment contained within totaled in excess of $300,000 and necessitated over six months of repairs.
2022

Major Goals for 2022 include:

Continue to recover from the COVID-19 pandemic and return to normal operations.

Address the rise in violent crimes by working in concert with not only the entire criminal justice system but with the community as a whole.
