Cascades Golf Course

Cascades is owned and operated by the City of Bloomington, Indiana. This facility is a 27-hole championship golf course with a banquet room facility and pro shop. The course rests on 200 acres of beautiful rolling hills with native trees and natural topography, and is named for the natural cascading waterfalls located throughout the golf course property.

Cascades Golf Course consists of three, nine-hole courses, which can be combined to create three separate 18-hole configurations. The Quarry Course and Pine Course were built in 1928 and 1931, respectively. Our newest nine, the Ridge Course, was built in 1999. All three nines average 3,000 yards which makes the games short and fun for every type of golfer.

The following information is provided to help you plan a successful golf outing.

Scheduling Your Event

All outings must have 32 or more players to receive outing benefits. Groups of 32 or fewer can schedule tee times with pro shop or programs coordinator.

Shotgun and Tee Time Starts

All events requesting a shotgun start are required to have a minimum of 72 players. Partial shotgun start is at the discretion of the professional staff (128 player maximum).

Events with 32-72 players are given a tee time start unless professional staff has deemed that a partial shotgun start is appropriate.
