DEPARTMENT OF PUBLIC WORKS

812.349.3410

Greetings from the City of Bloomington!

This application is for approval from the Board of Public Works for Temporary Special Events for the use of public rights of way owned by the City of Bloomington. To assure timely approval by the Board of Public Works to your application we ask that you notify us 3 months in advance.

Applications will not be considered unless all relevant portions of the application have been completed in their entirety. Once a completed application is submitted to the City it will be reviewed by City Staff and will then go before the Board of Public Works for consideration. Once approved by the Board of Public Works, the City retains the right to revoke permission if event becomes a public safety concern.

The Board of Public Works has the sole discretion as to whether or not a special approval shall be granted. If the Board of Public Works issues a special approval for use of public right-of-way the Board may prescribe any reasonable conditions or requirements it deems necessary to minimize the adverse effects upon the Bloomington community, surrounding neighborhoods, or emergency service providers.

If the Board of Public Works issues the special approval, the permit holder shall still abide by all other city, county, state and federal laws.

Amusement and Entertainment Permits: The Indiana Department of Homeland Security requires that certain events be inspected by a representative from the Department of Homeland Security. Amusement and Entertainment permits are required for events at a variety of locations and venues. Some of the most common kinds of places that require amusement entertainment permits are places where the following kinds of events occur: concerts and other shows, amusement rides, movies, dances, and bowling. It is your responsibility to contact the Department of Homeland Security to see if your event requires an Amusement and Entertainment Permit and an inspection. The Department of Homeland Security can be reached at (317)232-2222 or online at <https://www.in.gov/dhs/2795.htm>.

Waste and Recycling Management Plan Template

Event name: _____

Number of expected attendees: _____

Number of food vendors: _____

Number of other vendors: _____

Designated waste and recycling manager: This may be a staff member or a volunteer. Events expecting over 100 attendees are required to designate a waste and recycling manager who will be in charge of overseeing the implementation of the waste and recycling management plan.

Event map: In the event map you submit with your event application, please clearly designate where waste and recycling bins will be placed. Each waste bin should be paired with one or more recycling bins. Also designate any larger collection areas (such as dumpsters) and the path for access by waste haulers.

TIP: Recycling bins should be visually distinct from waste bins, and all bins should be clearly labeled for easy use by attendees. ClearStream recycling bins are available for use through [Downtown Bloomington, Inc.](#)

Targeted waste: Please enumerate the types of waste expected at the event and plans for collecting each type of item using the following table. Examples are listed, but feel free to modify as appropriate.

Type of waste	Collection plan
<Containers>*	<Recycling, composting, etc.>
<Mixed paper>	<Recycling in on-site, designated bins staffed by volunteers>
<Food waste>	<Composting bins, waste bins, etc.>

*Note that "compostable" plastics are only compostable in industrial composters, which are not available in the Bloomington area. If you opt for compostable items at your event, ensure that they are compostable paper rather than plastic.

Collection and hauling system: Describe where and how waste and recycling will be collected and separated. Include information on how attendees and vendors will be educated on where materials should be placed, including signage, pre-event training and publicity, volunteer-staffed waste management stations, etc.

Events with over 100 attendees must provide staffed (by paid staff or volunteers) waste management stations to ensure that materials are separated according to the waste and recycling management plan.

Vendor and volunteer education and training: Describe your plans for educating volunteers about waste and recycling management plans at the event, and vendors on what materials will be permitted in order to comply with the Plan and to minimize waste through both reduction and recycling.

Materials and supplies: List the materials you plan to have on hand to implement the waste and recycling management plan, including bins, labels, bags, signage, etc.

Designation of duties: Clearly designate the volunteers, staff, or other individuals who will be responsible for implementing each component of the waste and recycling management plan.

City of Bloomington Policy and Procedures on Private Art Installations within the Public Right of Way

The City of Bloomington’s Policy and Procedures on Private Art Installations within the Public Right of Way (“Policy”) authorizes private Art Installations in the public right of way that comply with this document and are approved through one of two City programs: (1) the Neighborhood Improvement Grant Program or (2) a Special Event Application.

This Policy is designed to reduce the risks to public safety and burden on public resources that private Art Installations within the right of way may impose while simultaneously recognizing the importance of private as well as public art to Bloomington’s culture, community, and economy.

- I. Definitions. The following definitions shall apply throughout this policy.
 - A. Temporary Art. Art expected to remain in place within the public right of way for seven (7) or fewer days.
 - B. Semi-Permanent Art or Permanent Art. Art expected to remain in place within the public right of way for more than seven (7) days.
 - C. Art Installation. Temporary, Semi-Permanent, or Permanent Art that consists of a physical alteration of the right of way, such as a painting, mural, or sculpture and that is not Performative Art.
 - D. Street Painting or Street Mural. Art involving the placement of paint or a similar material within the area where vehicles drive or park, commonly understood to be the space “between the curbs.”
 - E. Performative Art. A time-based art form that is an ephemeral event featuring a live presentation to an audience, drawing on such arts as acting, poetry, music, or dance, and that does not involve the creation of an artifact (such as a painting or sculpture) that physically alters the right of way beyond the time of the live performance.

- F. Speech. Words, letters, numbers, universally recognized symbols, or logos of any kind.
- II. Performative Art. This policy does not apply to Performative Art.¹
- III. Criteria Applicable to All Private Art Installations. The following criteria are applicable to any private Art Installation proposed within Bloomington’s right of way, whether the Art Installation is Temporary Art, Semi-Permanent Art, or Permanent Art.
- A. Requests must be submitted to the appropriate City Department(s) and/or Board(s) or Commission(s), as required by the selected program application identified in Section VI below. Staff shall provide a recommendation on the request to the appropriate Board(s) or Commission(s) based on the request’s compliance with this Policy and any other applicable laws, rules, or City of Bloomington policies.
 - B. Art Installations may not use or incorporate copyrighted material in whole or part where the copyright is not owned by the artist.
 - C. Art Installations may not mimic in whole or part traffic control devices including but not limited to a crosswalk, stop sign, stop bar, or similar traffic control device. Art Installation geometry should be such that drivers do not alter their course to drive around the art.
 - D. Art Installations may not depict activities, materials, images, or products that are not legally available to all ages.
- IV. Additional Criteria Applicable to Semi-Permanent Art Installations or Permanent Art Installations.
- A. Applications for approval of a Semi-Permanent or Permanent Art Installation within the right of way must include the following:
 - 1. An accurate depiction of the design to scale;
 - 2. Dimensions;
 - 3. A map of proposed location of the design; and
 - 4. The name and qualifications of the artist.

¹ Though this Policy does not apply to Performative Art taking place within the right of way, other municipal policies or ordinances may apply that impact Performative Art within the right of way, including but not limited to the City’s parade ordinance or special event application process.

- B. Semi-Permanent Art Installations or Permanent Art Installations may not contain Speech.
- V. Additional Criteria Applicable to Street Paintings or Street Murals. Because paintings and murals within the street create a heightened probability of conflicts with traffic control devices and driver distraction, the following additional criteria apply to all paintings or murals proposed for street surfaces, whether as Temporary, Semi-Permanent, or Permanent Art Installations.
- A. Applications for approval of a Street Painting or Street Mural within the right of way must include the following:
 - 1. An accurate depiction of the design to scale;
 - 2. Dimensions;
 - 3. A map of proposed location of the design; and
 - 4. The name and qualifications of the artist.
 - B. Street paintings and street murals may only be placed on streets with a local or secondary collector functional classification under the City's Transportation Plan, where regulatory speed limits do not exceed 25 miles per hour.
 - C. Street paintings and street murals may only be placed on pavement in adequate condition for materials to bond.
 - D. Street paintings and street murals are not permitted on brick, paver, or other decorative surface materials (e.g., colored or stamped concrete). Street paintings and street murals are only permitted on standard non-decorative concrete or asphalt.
 - E. A buffer of four feet must remain between street paintings and street murals and any crosswalk.
 - F. Within an intersection, street paintings and street murals are only allowed where the intersection utilizes all-way stop control, unless the painting or mural is located on an apron.
 - G. Street paintings and street murals may not be painted on the side or top of any curb or any curb ramp.
 - H. Materials used must be approved by the City's Engineering Department.

- I. Any paint or similar material utilized as part of any street painting or street mural must provide a non-slip surface for pedestrians and must be street-grade.
- VI. Programs. Individuals and external organizations seeking to place private Art Installations within the public right of way must apply pursuant to one of the programs listed below and follow the procedures associated with the program, which are linked and attached hereto for reference. Requests to place an Art Installation in the City’s right of way using a program or procedure other than those listed below will not be considered.
- A. Neighborhood Improvement Grant Program
 1. Applications for Art Installations within the right of way pursuant to the Neighborhood Improvement Grant Programs must comply with Program guidelines, the criteria set forth in this Policy, and any additional logistical or safety conditions imposed by the Board of Public Works as part of its approval.
 2. Neighborhood Improvement Grant Program guidelines may be accessed [here](#)² and are attached for reference.
 - B. Special Event Permit
 1. A special event application may be submitted for permission to conduct an event during which an Art Installation will be placed in the public right of way. The proposed Art Installation must comply with the criteria set forth in this policy, the requirements set forth in the special event permit application, and any additional logistical or safety conditions imposed by the Board of Public Works as part of its approval.
 2. A special event application may be accessed [here](#)³ and is attached for reference.
