INTRODUCTION

This Title VI Implementation Plan is a part of the City of Bloomington's continual and ongoing efforts to meet and exceed the minimum compliance requirements established under Title VI of the Civil Rights Act of 1964 (Title VI), 49 CFR § 26, and the related anti-discrimination statutes and regulations. With this Implementation Plan, Bloomington seeks to provide continued transparency, clarity and technical guidance for internal and external constituents regarding its Title VI program.

CITY OF BLOOMINGTON TITLE VI NON-DISCRIMINATION NOTICE & POLICY

Bloomington values each individual's civil rights and wishes to provide equal opportunity and equitable service for the citizens of this state. As a recipient of federal funds, Bloomington conforms to Title VI and all related statutes, regulations, and directives, which provide that no person shall be excluded from participation in, denied benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance from Bloomington on the grounds of race, color, age, sex, sexual orientation, gender identity, disability, national origin, religion, income status, housing status, veteran status, ancestry, limited English proficiency or any other legally-protected category. Bloomington further assures every effort will be made to ensure nondiscrimination in all of its programs and activities, regardless of whether those programs and activities are federally funded.

It is the policy of Bloomington to comply with Title VI of the Civil Rights Act of 1964; Title VII of the Civil Rights Act of 1964, 42 U.S.C. § 2000e; Age Discrimination Act of 1975, 42 U.S.C. §§ 6101-6107; Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, 42 U.S.C. §§ 4601-4655; 1973 Federal Aid Highway Act, 23 U.S.C. § 324; Title IX of the Education Amendments of 1972, Pub. L. No. 92-318, 86 Stat. 235; Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. §§ 701 *et seq.*; Civil Rights Restoration Act of 1987, Pub. L. No. 100-259, 102 Stat. 28; Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12101 *et seq.*; Title VIII of the Civil Rights Act 1968, 42 U.S.C. §§ 3601-3631; Exec. Order No. 12898, 59 Fed. Reg. 7629 (1994) (Federal Actions to Address Environmental Justice in Minority Populations and Low-Income Populations); and Exec. Order No. 13166, 65 Fed. Reg. 50121 (2000) (Improving Access to Services for Persons with Limited English Proficiency). Bloomington also complies with the Bloomington Human Rights Ordinance and the Indiana Civil Rights Law.

The Civil Rights Restoration Act of 1987, Pub. L. No. 100-259, 102 Stat. 28, broadened the scope of Title VI coverage by expanding the definition of terms "programs or activities" to include all programs or activities of federal-aid recipients, subrecipients and contractors/consultants, regardless of whether such programs and activities are federally assisted.

Pursuant to the requirements of Section 504 of the Rehabilitation Act of 1973, Pub. L. No. 93-112, 87 Stat. 355, Bloomington hereby gives assurance that no qualified person with a disability shall, solely by reason of disability, be excluded from participation in, be denied the benefits of or otherwise be subjected to discrimination, including discrimination in employment, under any program or activity that receives or benefits from this federal financial assistance.

Bloomington also assures that every effort will be made to prevent discrimination through the impacts of its programs, policies and activities on minority and low-income populations. In addition, Bloomington will take reasonable steps to provide meaningful access to services for persons with limited English proficiency (LEP). Bloomington will, where necessary and appropriate, revise, update and incorporate nondiscrimination requirements into appropriate manuals, directives and regulations.

Whenever Bloomington distributes federal-aid funds to a second-tier subrecipient, Bloomington will include Title VI language in all written agreements.

The following individual has been identified as Bloomington's Title VI and ADA Coordinator and is responsible for initiating and monitoring Title VI activities, preparing reports and performing other responsibilities, as required by 23 C.F.R. § 200 and 49 C.F.R. § 21.

ENVIRONMENTAL JUSTICE ANALYSIS, REPORTS, AND ANTICIPATED PROJECTS

In accordance with Title VI of the Civil Rights Act of 1964, each Federal agency shall ensure that all programs or activities receiving Federal financial assistance that affect human health or the environment do not directly, or through other arrangements, use criteria, methods, or practices that discriminate on the basis of race, color, or national origin. Part of Title VI reads, "No person in the United States shall, on the ground of race, color, or national origin be excluded from participation in, be denied the benefits of, or be subject to discrimination under any program or activity receiving Federal financial assistance."

The three fundamental environmental justice (EJ) principles are:

- To avoid, minimize, or mitigate disproportionately high and adverse human health and environmental effects, including social and economic effects, on minority populations and low-income populations;
- To ensure the full and fair participation by all potentially affected communities in the transportation decision-making process; and

- To prevent the denial of, reduction in, or significant delay in the receipt of benefits by minority populations and low-income populations.

Bloomington is committed to these three environmental justice principles in all the work that it performs.

The City has taken steps to improve services in traditionally underserved communities.

- The City is currently completing an inventory of remaining City bus stops for projected improvements

And the City took steps to improve its Parks and ITS programs in traditionally underserved communities, improving environmental accessibility issues, including the following:

LIMITED ENGLISH PROFICIENCY (LEP) POLICY

On August 11, 2000, President Bill Clinton signed an executive order, Executive Order 13166: Improving Access to Service for Persons with Limited English Proficiency (LEP), to clarify Title VI of the Civil Rights Act of 1964. Its purpose is to ensure meaningful access to programs and services to otherwise eligible persons who are not proficient in the English language. In addition, The US Department of Transportation published Policy Guidance Concerning Recipients' Responsibilities to Limited English Proficient Person in the December 14, 2005 Federal Register. This guidance outlines the following four factors that the City uses to access the LEP populations in City of Bloomington.

1. The number and proportion of LEP persons eligible to be served or likely to be encountered by the City.
2. The frequency with which LEP individuals come into contact with the program, activity or service.
3. The nature and importance of the program, activity, or service provided by the program.
4. The resources available to the City and costs.

In addition, Bloomington plans to implement the safe harbor provision whereby it identifies and translate documents, as required into any language where the 5% threshold is met whereby 5% or more of the population in the county both:

- Do not speak English very well AND
- Primarily speak another specific language as identified in current census data or other publically available records.

SUMMARY OF THE FOUR FACTOR ANALYSIS

Factor 1: Census data and demonstrated need:

The number and proportion of LEP persons eligible to be served or likely to be encountered by the City can only be estimated until the actual number of persons who can speak English less than “very well” is documented as needing assistance by City Staff. With this Title VI Plan considered to be a document that may need regular updates, US Census Bureau information is being used at this time. The total population is provided below to shown general distribution of race and ethnicity in the community. The estimated number of persons that may not speak English “very well” is following in the US Census Bureau 2020 American Community Survey.

The U.S. Census Bureau provides statistics from 2020 for the City of Bloomington as follows:

Total population = 79,168

Hispanic or Latino = 7%

White alone, not Hispanic or Latino = 71.5%

For those reporting “one race”: White = 72.2%, Black or African American = 5.2%, Asian = 11.5%, American Indian or Alaska Native = 0.7%, Native Hawaiian and Pacific Islander = 0.0%, Identified by two or more = 6.9%.

The Indiana Department of Transportation web site providing data on people with limited English proficiency estimates that the number of people in Monroe County who speak English less than “very well” is about 5,565, or about 4.13%. About half of this group are Spanish speakers. The Community and Family Resources Department at the City of Bloomington offers translation services. Currently, they receive approximately ten requests per month for translation of written materials and approximately twenty requests per month for interpretation services. These approximate counts include requests from within and outside the City of Bloomington.

The Bloomington Police Department is the city department that most frequently encounters residents with limited English proficiency. Typically, the resident speaks Spanish, and BPD usually has staff on duty who can communicate with the resident. If no one on duty is available

to speak to the resident, BPD uses people from Indiana University who can interpret, or uses the Language Line.

BPD's records show that it has used Language Line to communicate primarily with Spanish speakers, with a few French or Mandarin speakers. It does not use this resource frequently but relies on it when necessary.

Factor 2: The frequency with which LEP individuals come into contact with the program, activity or service:

Due to the infrequent requests for translation services, there appears to be a minimal need for translation services from the City. This may be attributed to the high percentage of younger people who are available as family members for translation services, when appropriate.

Factor 3: The nature and importance of the program, activity, or service provided by the program:

If at any time a LEP individual requests translation services that are considered important such that denial or delay of access or services or information could have serious or even life-threatening implications, the City will provide, upon request, services to assist the LEP population including translation of vital City documents and interpretation services.

Factor 4: The resources available to the City and costs:

Since Spanish is the most common language spoken in Bloomington after English, the City employs a Latino Outreach Program Coordinator, Ximena Martinez Ruiz. Ms. Ruiz receives approximately ten requests per month for translating written materials or documents and approximately 20 requests per month for interpretation services. She helps City employees translate important documents into Spanish and facilitates translated conversations between City employees and City residents. Ms. Ruiz also assists members of our Spanish-speaking community in making appointments, translating documents, coordinate with agencies for tax-filing assistance, and many other services.

Latino Outreach Coordinator: Approximately \$55,000 /year

Language Line Interpreters: Depends on demand

I Speak Cards: Free

SUMMARY OF LEP ACCOMMODATION PLAN

- The City of Bloomington strives to serve its population to the best of its ability and will provide upon request, services to assist the LEP population including translation of vital documents and interpretation services deemed necessary to provide meaningful access to City services.

- A U.S. Census Bureau I Speak card is available as part of this document. This card allows LEP individuals to communicate their preferred language to City Staff whereas City Staff may then access a translation service as determined by the City.
- Bloomington utilizes a voluntary public involvement survey to collect information regarding persons affected by proposed projects. The survey permits respondents to remain anonymous, while voluntarily answering questions regarding their gender, ethnicity, race, age, sex, disability status, and household income. Once the survey data has been collected, it will be reviewed and then the survey will be placed in a file for future reference. In the case enough surveys are collected over time to show a significant increase in LEP populations, the City may consider changes to its LEP policy. Completed surveys shall be retained for a period of three years from the date of the meeting and/or completion of the related project, if applicable.
- The City reviews written Title VI complaints and ensures every effort is made to resolve complaints informally at the local or regional level and review and update the City's Title VI plan and procedures as required.

TITLE VI TRAINING

EMPLOYER/EMPLOYEE DISSEMINATION & TRAINING

At the time of hire (and regularly to all employees as necessary): Title VI policy education and literature will be provided to all Bloomington employees as part of their orientation. Bloomington employees will be required to sign an acknowledgement of receipt indicating they have received and reviewed Title VI policy guidelines. New employees will be provided with education and literature at new employee orientation. Employees will be provided with updated education and literature as Bloomington's policies, which include nondiscrimination, deems necessary.

Ongoing Training provided to current employees: Current employees will receive training as necessary. Training will consist of email reminders and presentations to staff and will be provided in person, virtually or in writing.

Employees will be expected to follow the Title VI policy and the guidelines set forth. In addition, Bloomington employees should make every effort to alleviate any barriers to service or public use that would restrict public access or usage, take prompt and reasonable action to avoid or minimize discrimination incidences and immediately notify the Title VI Coordinator, in writing, of any questions, complaints or allegations of discrimination.

PUBLIC INVOLVEMENT

DATA COLLECTION

Pursuant to 23 CFR 200.9(b) (4), Bloomington shall collect and analyze statistical information regarding demographics to assist in monitoring and ensuring nondiscrimination in all of its programs and activities.

Bloomington shall utilize a voluntary Title VI public involvement survey that will be available at all in-person project public hearings and meetings. The survey will allow respondents to remain anonymous. The survey will ask questions regarding the respondent's gender, ethnicity, race, age, income and if they have a disability. The facilitator of the public hearings and meetings will make an announcement at the beginning of the meeting informing attendees of the survey and its purpose and a request will be made for the attendees to complete the voluntary survey. Completed surveys will be retained by the Title VI Coordinator for three (3) years.

The Title VI Coordinator will also collect and report statistical data for the past three (3) years under 23 CFR 200.9 as it relates to the number of federally funded projects, complaints filed and the results of those complaints, any requests for language services, demographic statistics and department compliance reviews.

COMMUNITY INVOLVEMENT & OUTREACH

Bloomington is committed to ensuring that community involvement and outreach is done in a respectful and appropriate manner that will allow for diverse involvement. Public meetings, programs, and activities will provide equitable opportunities for participation.

Bloomington hosts meetings regularly and those meetings are open to the public. Any meetings that are open to the public are published on Bloomington website's main page. All Bloomington public meetings are held in locations accessible to individuals with disabilities. Upon request, and with adequate notice, translators may be provided free of charge to those individuals with limited English proficiency. Auxiliary aids are also available upon request. Requests must be made at least forty-eight (48) hours in advance.

Also published on Bloomington's website are various meeting agendas, meeting minutes, notices, events and news. Some departments within Bloomington utilize signage, media and social media websites as another avenue to communicate with the community.
